

DISCORD BETWEEN OROZCO & MADERO

NAVARRA MAIN CAUSE

OROSCO WANTS HIM EXECUTED, AND HIS MEN BACK HIM, AND MAKE DEMAND FOR FOOD AND MONEY AT ONCE

Called Press Service

JAUREZ, May 12.—A rebellion in the ranks of Madero's army today resulted in Francisco I. Madero the provisional president, being declared under arrest.

The rebellion started in the ranks of General Orozco. His command, led by himself, made a demand on Madero that he furnish food and money for his ragged troops.

Blotting is reported imminent between the insurgent chiefs over the possession of General Navarro.

Orozco and Villa, it is reported, want to execute Navarro for his inhuman treatment of the wounded prisoners.

Fearing that Orozco's troops will carry out their threats to execute Navarro, Madero has conducted the federal general to the river, where he forced a stream into El Paso.

TOMORROW IS MOTHER'S DAY

DAY WILL BE OBSERVED IN A FITTING MANNER BY MEMBERS OF GRAND ARMY, THE RELIEF CORPS AND BONS OF VETERANS

Wear a white flower tomorrow. Tomorrow is Mothers' Day throughout the United States, and in accordance with this, Mayor Sanderson has issued the following proclamation:

The custom of setting aside one day of each year on which to unite in showing special tribute and love to our mothers and to the memory of those brave women who remained at home while their husbands and brothers were at the front fighting for their country, is coming into general observance in this country.

The governor of this state has, in his proclamation, designated Sunday, May 14th, for this purpose.

The people, and especially the men of Klamath Falls, I feel sure, will gladly do all in their power to establish and maintain this custom.

I would suggest that on this day every man and boy in Klamath Falls wear a white flower in honor of his mother, and that public observance be given by attending service at one of the churches of the city.

REDFIELD'S HENS ARE RIGHT THERE ON EGGS

There has been considerable going the rounds of the state press regarding the egg laid by an Albany hen, but there's one man in Klamath Falls who doesn't see anything so startling about the story.

Miss Walsh had been noted for her luxuriant hair, which reached nearly to her ankles. At the request of several girl employes she consented to let down her hair for the inspection of her companions during the lunch hour.

G. G. Anderson and A. L. Michael, two prominent residents of Dairy, are in this city on business.

INSTRUCTOR ELDER HELD AN EXAMINATION DRILL YESTERDAY AFTERNOON—BOYS TO MARCH ON DECORATION DAY

Instructor Albert E. Elder of the Department of Tactics of the grammar schools, held a drill at both buildings yesterday afternoon, and on the showing made by the youngsters, their standing in military training will be graded by City Superintendent Dunbar.

Riverside, Floyd McMillan, first; Cecil Acteson, second; Roscoe Bein, third; Vero Beals, fourth; Robert Elliott, fifth. Central school: Richard Cadwell, first; Ewing Bittinger, second; Hunter Pell, third; Lawrence Moteschenbacher, fourth; Tom Arnett, fifth.

Considering the fact that the pupils have been receiving military training for only two months, the showing they made yesterday was exceptionally good, and Major Elder is to be highly complimented for his successful efforts in teaching the lads the rudiments of warfare.

Friday afternoon Prof. Dunbar and Major Elder broached to the boys the question of marching in the Memorial Day parade and acting as an escort to the veterans, and the youngsters were nearly unanimous in their hearty approval of such a step.

In addition to the ten boys mentioned above, the following lads are members of the corps:

Riverside School: Maurice Graves, Roy Beihn, Wayne Reese, Harold Wrenn, Ellsworth Williams, Emil Wirtz, Clarence Williams, James Murray, Walter Ward, John Houston, Ron Elliott, Horatio Graves, Eden Cofer, Ernest Steams, Ed Ketsdover, Will McMillan, Ed Driscoll, Wilbur Arnold, Clarence Montgomery, Harry Richardson, Earl Everett, Theodore Ward, Robert Turner and George Clough.

SCALP TORN FROM HEAD OF FACTORY FOREWOMAN

HOBOKEN, N. J., May 11.—Miss Margaret Walsh, a forewoman in the American Lead Pencil company's factory, is dying today of injuries received when she was caught by the hair in a fly wheel and whirled a dozen times around the shaft.

Miss Walsh had been noted for her luxuriant hair, which reached nearly to her ankles. At the request of several girl employes she consented to let down her hair for the inspection of her companions during the lunch hour.

As she tossed her head to free the long strands the ends were caught by the big wheel and she was carried screaming around and around the shaft.

Frank and Will Pools, the lads who were arrested at Medford and brought to this city on a charge of stealing a horse, were given a hearing before Juvenile Judge Worden this morning.

and while the story they told about buying the horse is believed by the officers, they will appear before Judge Worden again Wednesday, when witnesses from Dodd Hollow will be present.

Judge Worden says the boys have resided in that section for over a year, working for their own support, and that they are spoken of very highly. It is more than probable that the boys will be asked to report at regular intervals to a probation officer.

SOMEBODY WILL GET \$1,500 RESIDENCE FOR \$5

Most real estate men have the reputation of being very shrewd men, and they are, if they remain in business very long. This can truthfully be said of both members of the firm of Ward & Nelson, yet these gentlemen came very near making a costly blunder within the last few days.

Ward & Nelson have just pitted an addition of 139 lots to the residence section of Klamath Falls on the south. They figured that to place these lots on the market in the usual way would cost about \$2,000 in commissions, expenses, etc.

They planned to give those desiring a location for a home a week in which to go over the property and become acquainted with its desirability, and then sell the whole bunch at one time. The \$2,000 that it would have cost them to carry on a lengthy selling campaign they decided to present to purchasers of lots in four prizes.

As there are only 149 lots in the addition the first payments would amount to only \$695, for which the owners would be compelled to deliver prizes worth \$2,000. It would have been a snap for someone had not the

United States Geological Survey Issues Bulletin On Crater Lake

The following is taken from the latest bulletin issued by the United States Geological Survey:

Many thousands of years ago among the majestic volcanoes of the Cascade range towered one, perhaps the loftiest of them all, which has now disappeared. After the cataclysm which swallowed this huge mountain there remained, however, an enormous crater, a caldera, which more than compensates in interest for the loss of the mountain.

of the Appalachians thousands of people would visit annually; if it were an Alpine crater, many Americans would rave over it as the choicest gem of European scenery.

As it is, although the Crater Lake region has been a national park since 1902, the people who have visited it number only a few thousands. But an awakening is at hand; the railroad in building a line close to the park, the government is planning roads and trails, and within a short time it will be the fault only of the people themselves if they fail to visit this wonderful region and receive impressions.

With the attack expected this afternoon, the residents of Nogales are panic stricken, and an exodus across the line is on. Federals are not expected to make much resistance.

Mrs. Frank Jennings has returned from Honolulu on a visit to her parents. Mr. and Mrs. Roames of Cooger avenue, Mr. and Mrs. Jennings spent several weeks traveling in the Orient, and on their return Mr. Jennings entered business in the Hawaiian Islands.
