**MANY ENTRIES FOR THE SHOW**

**NEARBY TOWNS IN LIVE COMPETITION FOR HONORS AT THE PORTLAND ROSE FESTIVAL TO BE HELD THIS YEAR**

Special to The Herald

PORTLAND, May 26.—Other Oregon towns will participate in Portland's Rose Festival. An elegant silver cup is offered for the most handsomely decorated vehicle entered by any of the nearby towns in the horse and vehicle parade, one of the distinctive features of the Festival, which is scheduled for Tuesday afternoon, June 8th. This pageant will be more beautiful than ever before. The decorations will be more elaborate and more in keeping with the spirit of the Festival. Although the electric parade will be magnificent, and is expected to lead all the others, the horse and vehicle feature will possess a distinctive quality that no other parade will have.

Entries have been coming in in large numbers, and competition for the various prizes will be keener than was anticipated. The competition between neighboring towns will, of course, be limited to that particular class. It is not expected that the decorated vehicles from outside will be in competition with the general entries; it will be one town against another.

It was announced yesterday that every preparation for the opening of the Festival on June 8th has been practically completed. Floats for the splendid electrical parade on Tuesday night, June 8th, the carnival stunts on Sixth and Seventh streets following the pageant, the aquatic features, the reception of Rex Osganus, the motorboat races, the East Side parade for school children, fraternal organizations and industries, preparations for the entertainment of visitors, the illumination—all have been provided for.

"The Festival of 1911 will be memorable above them all," said Manager George L. Hutchin. "even if we eclipse it in 1912. It is certain that, beautiful and satisfactory as it was, the Festival of last year will not be in the same class as that of 1911. I want to repeat, that such another exhibition of Portland's beauties has never been given as that in store for the throng of visitors that will crowd into the city from all quarters of the nation and from many foreign countries as well."

**Malthoid Roofing**

Most roofing guarantees are a joke. Experience teaches the longer a roofing is guaranteed to last, the poorer it is. Manufacturers inexperienced in making roofings—without knowledge as to their dependability—without responsibility as to their own financial standing, will very often guarantee their roofing for any number of years simply to get the order. The roofing generally fails and so does the firm that makes it and they never live to make good their guarantee. Malthoid Roofing is made to make good and while its manufacturers guarantee it, their guarantee is unnecessary because the roofing in itself is sufficient to do all that is claimed for it. For twenty-six years, the makers of Malthoid Roofing have made and guaranteed their roofing and not one single purchaser can ever say that this Company has failed to make good a guarantee. You can depend upon the responsibility of the makers of Malthoid Roofing, and you will never have to bother about guarantees if you use Malthoid Roofing.
