CHRONICLE AFTER PINE STREET PAY

SHIVE ASKS COUNCIL

BUT HIS PLAN FAILS TO MOVE BODY TO ACTION—COUNCILMAN WHITE INDICATES MONEY WILL COME

W. T. Shive, recent assignee of the Chronicle, which has been taken in hand by Edward J. Murray, was before the council last night trying to get satisfaction as to when the Chronicle would get its money for printing advertising in connection with the much mooted Pine street paving, the funds for which is a vacuous affair.

the city the stuff at a fourth of the cost of the material. The councilman said the original cost to the city was about \$90. The bill was postponed. A bill for \$12.50 from the Klamath Floral company for a wreath furnished for the late police chief, Edward Townsend, was allowed. The Innes-Clarke Lumber company's bill of \$95.80, of which \$21.19 was approved by Street Superintendent Charles Woodard, was not determined on as a whole, being referred to the finance committee.

PERFECT GROOM WOULD BE MODEL

FILES WITH COUNTY RECORDER GUARANTEE TO BE AS NEARLY IDEAL AS HUMANLY POSSIBLE—HIS PROGRAM

CHICAGO, Oct. 12.—Edward Matt, who married Miss Gertrude Ellis, sought to avoid future domestic infelicity by filing with the county recorder a guarantee to be as nearly the model husband as possible. The guarantee, signed and witnessed by a notary, promises: "She may do as she pleases. She is free to go and come when she likes, to go with whom she chooses, and I will not be jealous. I will not go gadding for a fellow because he admires her beauty and because she smiles when he speaks to her. I will not interfere with any of her plans.

"When we have a surplus, and it goes to the bank, I agree not to hold the keys. The check may be signed by either of us. I agree to come home at a proper hour each night or give her a valid excuse. "And I further agree that I will let her get a divorce if I fail to behave as a kind, loving, gentle, considerate husband should."

When the guarantee had been duly placed on record the couple sought a minister and were married.

COLUMBUS DAY, LEGAL HOLIDAY, IS OBSERVED

October 12, 1492, according to the histories, is the day that Columbus, whose first name was Christopher, first landed on these shores from sunny Spain. The country has grown so proud of its development in the years ensuing, that in honor of the finder of the land of the free and the home of the brave, it has legislated that October 12th of each year be a legal holiday. In consequence the post-office was closed for the day save from 6 to 7 o'clock this evening. The county offices were deserted and locked.

Ed Hubert is at the Livermore from Grants Pass.

PAVING MEN ARE OUT UNDER BOND

ARRANGED FOR SURETY COMPANY TO INSURE THEIR PRESENCE AT TRIALS AND LEAVE THE CITY

After being under arrest for eight days on charges of attempting to bribe judicial officers of this city, Samuel A. McMahon and Jas. Hughes of the Rudolph S. Blome Paving company of Chicago, who have been at the Baldwin Hotel under a special guard, consisting of J. D. Carroll and his son, Peri, were released on bond last night.

McMahon's bond is \$10,000, while Hughes' is \$7,500, furnished by the National Surety company of New York. The men had spent one night in jail, that being the night of Tuesday, October 3, when they were arrested. The next day Sheriff Wm. B. Barnes, at the instance of Attorney C. M. O'Neill and Julian Kendrick of McMahon's company, furnished a special guard, which the accused men paid for at the rate of \$3 per day per man.

The bond offered, arranged for by the Blome company, was approved last night by County Judge Will S. Worden and Deputy District Attorney Charles J. Ferguson, who took up the case against the men while District Attorney Kuykendall was on his vacation, and about 9:30 p. m. Deputy Sheriff John Schallock, under instructions from Ferguson, let the men disburse with their guard.

McMahon and Hughes left the city this morning, presumably for Portland.

CURB PAYMENTS TO BE REFUNDED

MAIN STREET PROPERTY OWNERS WHO PAID INDIVIDUAL BILLS, ALSO IN PAVING, WILL GET REBATES

On suggestion by Councilman G. W. White, property owners on Main street who put in curbing individually and were then charged up with the same in the Main street paving, will be rebated the cost of the curbing, which, as the matter now stands, they have had to pay twice.

The White-Maddox property at the corner of Fourth and Main, had its rebate arranged at the meeting of the council last week, and last night Mr. White handed in a list of other property owners who are entitled to credit for curbing, which, with the size of the frontage, in feet, and cost, follows:

- Al Melhase, 20 feet, \$19.50; American Bank and Trust company, 45 feet, \$29.50; Crisler & Stitt, 50 feet, \$22.50; C. L. Kelsey, 40 feet, \$28; B. F. Shepherd, 25 feet, \$18.50; George R. Hura estate, 45 feet, \$27.50; Page Investment company, 21 feet, \$20.15; First National bank, 28 feet, \$22.40; H. F. Murdoch, 45 feet, \$42.25; Page Investment company, 24 feet, \$22.40. Total, \$929.95.

HEILEMAN GOES TO WASHINGTON

MAINTENANCE MAN OF RECLAMATION SERVICE EXPECTS TO SOON KNOW RESULTS OF THE SUGAR BEET GROWTH

William H. Heileman, who has charge of the maintenance department of the Klamath Falls branch of the United States reclamation service, and who has just returned from a trip to Sacramento and the Sacramento Valley on government work, will leave in a few days for Washington, accompanied by Mrs. Heileman, and expects to be gone two months on special work. Mr. Heileman is one of the chief advocates of the sugar beet industry in this region, and expects shortly to be in possession of reports showing just what results the farmers have had this season. He has been notified by Washington authorities that he necessary paraffined packets and franks for farmers to send their sample beets in to the chemists at the national capital have been distributed to the farmers in Klamath county and near by, and expects when he gets to Washington to see the results of the official inspection at close range.

Some time ago Mr. Heileman hoped to have the department of agriculture establish a culture station here which would give quicker results to the farmers, but the department could not spare the money to establish it at present. He will probably later take up the question of co-operation from the state agricultural college at Corvallis.

Joe Korn is a Sacramento man stopping at the Baldwin. D. Montgomery, registering from Wood, is a Baldwin guest. George Chandler, a Redding man, is at the Baldwin.

IRRIGATION IS TO BE VOTED ON

DATE SET BY COUNTY COMMISSIONERS FOR LAND OWNERS UNDER THE HORSEFLY ACT TO BALLOT

Deputy District Attorney Charles J. Ferguson late yesterday got all the papers in shape for the proponents of the planned Horsefly irrigation district, and took them before County Judge Will S. Worden and County Commissioners Sam T. Summers and Guy Merrill, who approved them officially.

The vote on the question of the proposed district will be held Tuesday, November 21. It is proposed to get water from the Horsefly dam to irrigate part of the Yonah, Langell and Lost River valleys, which have so long been trying to get the government to help them.

Upon the government failing to undertake the matter, the land owners planned their own district under the law created by the last Oregon legislature, which permits landowners to establish their own irrigation districts.

About 20,000 acres would be irrigated by the proposed district, and it is expected that owners of all this land will vote bonds to get water in the Bonanza section. They figure that the cost will be about \$80 per acre, and that this is about 50 per cent of what government irrigation would cost them.

TELEPHONE MAN WEDDED TO GIRL FROM OLD HOME

Fay L. Corey, an employe of the Pacific States Telephone and Telegraph company for several months past, and a former resident of San Jose, Calif., was married last evening to Miss Georgie L. Bonner of the California city. The ceremony was performed by Rev. George H. Feeser, pastor of Grace M. E. church, and the bride and groom are guests of the Livermore hotel.

IMPROVE BRIDGE STREET, IS PLAN

An ordinance to fill and grade (not pave) Bridge street from the west line of Main to the west line of High street, went through council last night under an emergency clause. According to the estimates made the work will be done and assessed against each piece of property for the work done in front of it, instead of lumping and then pro rating. The cost will be about \$27,48, according to the figures offered by City Engineer Don J. Zumwalt. The principal payments are to be made by L. D. Ward, \$356.32, and Rufus S. Moore, 466.01. The ordinance was handed in by Councilman R. A. Alford of the First ward.

FEAST FOR TAFT A FINE FEATURE

FRIDAY, THE THIRTEENTH, PICKED FOR BANQUET TO THE PRESIDENT, THUS DEFTYING BOGIE OF SUPERSTITION

Special to The Herald SAN FRANCISCO, Oct. 12.—The banquet to be tendered President Taft at the Palace Hotel tomorrow, will be the largest ever given in this city. It is believed that 1,000 citizens will attend. The decorations will be a feature of the banquet. Albert Landburgh has charge of this work and is being assisted by Edgar Walter, a San Franciscan, who has won fame as a sculptor, and who is visiting this city at this time. He has modeled a special figure for the occasion, and those who have seen it declare that it ranks with some of his best work.

The Misses Worn have charge of the floral and table decorations. The plan of decoration is not only unique, but will surpass anything of its kind ever done in the United States. Special souvenirs and handsome menus will be given each guest.

The committee on banquet consists of M. J. Brandenstein, chairman; Bruce Bonny, John Rothschild, F. J. Koster and W. E. Avery.

The speakers at the banquet will be President Taft, Chas. C. Moore, Benjamin Ide Wheeler, W. B. Bourn and Hon. W. W. Morrow.

W. B. Sellers of Bend is a recent arrival at the Baldwin.

Two Medford men at the Baldwin are J. W. Keys and F. H. Cain. Charles J. Paley is at the Livermore from Ashland.

Mrs. E. O. Beardsley and her brother, Horace Loeseley, have returned from a few days' trip to Medford.

DEAD ENGINES OWING TO STRIKE

MOTIVE POWER CRIPPLED AND SIDINGS FULL—PICKETS BEING PHOTOGRAPHED, PRESUMABLY FOR BLACKLIST

United Press Service SAN FRANCISCO, Oct. 12.—Reports to strike headquarters here say that Los Angeles and Portland sidings are filled with dead engines and cars.

At Laramie seven engines are dead. Sacramento railroads are photographing pickets, supposedly for a blacklist.

At Fresno all trains are late. At Mojave the railroad Pinkerton force is reduced. No violence is reported.

PRESIDENT'S RECEPTION IN SALEM POLITICALLY COOL

United Press Service SALEM, Oct. 12.—President Taft at 11 o'clock, started for California. He will travel until 11 o'clock tomorrow without a stop. Politically his reception here was cool. Democrats are tickled, and say that if Wilson is nominated Oregon will be for him.

GIVE ONE PAPER CITY'S PRINTING

WHETHER DITCH IS UNEXPLAINED

Why \$21.50 worth of work in "irrigating the Ankeny ditch" was done by Klamath Falls Light & Water company, which included the item in a bill put to the council some time ago, has not yet been solved. Anything that sounds like a flow of water in the Ankeny ditch is calculated to make the mayor wish for information, and when the details of the bill were read it was held up, and last night was not allowed.

The total is \$397.33, but why the ditch, which is for the purpose of irrigation, should have to be irrigated, is the mystery as yet unsolved. The finance committee, which has had the bill in its keeping for some time, had the bill before council last night, with a pencil notation deducting the \$21.50, with the evident idea of having the bill as reduced to \$375.83, allowed, but Chairman White of the committee thought it would be well to give the items more consideration, so the claim was not allowed.

Mrs. M. Sullivan of Portland is a guest of the Baldwin. T. K. Stetler, general agent for the passenger department of the Northern Pacific, with headquarters at San Francisco, is in the city.

OFFER HALF PAY FOR HALL PLANS

COUNCIL VOTES TO GIVE M. J. RINEHART LESS THAN THE COMPROMISE PRICE HE HAS ASKED FOR

M. J. Rinehart's architect bill for work done on plans for the city hall, amounting to \$300, was up before council last night. Mr. Rinehart, in consideration of the fact that the hall was never built and he had no superintendence duty to do, had expressed a willingness to take \$186.75 in cash or a city warrant for \$225. This shows that the market for discounting city warrants is now 17 per cent.

The finance committee handed in a recommendation that Rinehart be paid \$150, but did not say whether it be in warrants or coin of the realm. The council voted favorably on this, and when the mayor asked Rinehart if he had anything to say, he said that whatever action he would take would be taken today, when he would see about it. It was not proper for him to say anything last night, he stated.

MAGUIRE TO MISSOULA, WHERE HE HAS CONTRACT

J. C. Maguire, head of the Orange-Maguire Paving company, has been laying bitulithic pavement in this city, is on a trip to Missoula, Mont., where his company has secured a contract.

Sixth Street Property Owners Will Connect Sewers Under City Engineer

Property owners living on Sixth street have been given permission by the council to put in a private sewer to connect with the public system, as they cannot be served through the city's sewer enterprises before next spring.

The work is to be done under the supervision of Don J. Zumwalt at the expense of the people who will benefit thereby, all of whom have their private property equipped for sewage outlet, but no city main.

The arrangement made by the city will permit the people to get the benefit of the sewage without waiting until next spring, when the next sewer unit will probably be put in. The sewer connections put in under this plan will become the property of

WHITE NOTES IDEA

BEFORE MEETING OF COUNCIL, TO DO AWAY WITH FREQUENT SELECTIONS, BUT NO ACTION IS TAKEN

Maybe bids for city advertising and printing will be invited by the city council, so as to do away with the delicate feelings that the councilmen have about frequently choosing from among the three Klamath Falls dailies for the work.

Councilman G. W. White brought the suggestion before the body at the meeting last night, but no disposition was made of it, as it was not made in the form of motion or resolution.

The question came up in connection with the ordinance for filling and grading Bridge street, which will have to be advertised, and the query was propounded as to which paper should have the advertising. There was a dead silence until Colonel M. G. Wilkins suggested that it be given to "Murray, the new man," who has taken hold of the Chronicle. This suggestion met with favor, and the Chronicle was picked.

"Why not get the papers to bid on all the city work, and then we will not have to take the question up every time there is any advertising?" asked Mr. White. "They can let us know what they will do and we can make arrangements with one of them to do the city's job."

Mr. White will probably bring the proposition before the council at another meeting. The next meeting will be next Monday night.

"BILLY" BOWDWIN NEEDS MENTON

In mentioning the proprietorship of the Chronicle as passing to Edward J. Murray from Assignee W. T. Shive, the fact that William E. Bowdoin had been general manager of the paper under the Shive regime was overlooked.

Mr. Bowdoin is an old-time Klamath Falls newspaper man so far as experience and service is concerned, well known and deservedly liked.

It is much to his credit that the Chronicle has weathered some hard knocks, and failure to include him as a prominent newspaper figure involved in the change of the Chronicle control was inadvertent.

SANITARIUM PROSPECT HERE BEING CONSIDERED

Mrs. M. Sullivan of Portland, Ore., who is interested in a sanitarium in the Rose City, is a visitor to Klamath Falls. It is understood that the purpose of her visit at this time is to look into the advantage that may be offered by this city for the establishment of a sanitarium.

Charles Loomis, formerly attorney and later a ranchman, was at the Livermore yesterday from Merrill.

No Successor To Townsend Named And Body Leaves For Missouri

No successor to the late Edward Townsend as police chief has been chosen by Mayor Fred T. Sanderson. Councilman McGowan at the council meeting last night inquired of the mayor as to the situation, but the mayor said nothing committal, telling McGowan that it would be fixed in a few days.

The body of the deceased officer was taken away yesterday evening on the Southern Pacific on its way to Kahoka, Mo., for interment. Quite an escort attended the removal of the remains from the Whitlock chapel at Sixth and Pine streets to the depot, including Mayor Fred T. Sanderson, Sheriff Wm. B. Barnes, Councilman White, Wilkins, Haaks, Stansbie and Alford, D. R. Campbell, Acting Police

Chief Samuel L. Walker, Patrolman William Hall, Mounted Officer C. C. Low and the Knights of Pythias Lodge No. 99, Albert Elder, chancellor commander.

John H. Townsend of Pocatello, Idaho, a brother of the deceased, accompanied the remains on their last earthly journey.

Deputy Marshal Frank Beatty of Portland, who is here trying to get into communication with L. B. Thornt, formerly a resident of the Klamath county jail, but who left without giving a forwarding address, shot a goose yesterday. The goose resembled Mr. Beatty's action, but had to submit to the inevitable.
