WIDER SKIRTS IS DESIDERATUM

PETTICOAT MAKERS AND CLOTH MANUFACTURERS JOIN FOR RETURN OF MORE AMPLE DRAPERIES FOR FAIR SEX

United Press Service
PARIS, Oct. 16.—Petticoat makers have joined hands with cloth manufacturers, clamoring for the return of wider skirts for women. A determined effort will be made to have the chamber of deputies take up the question. Hobble skirts, they claim, leave no room for extra garments underneath, and only the "necessary" in most instances is worn. Petticoat makers, therefore, are facing ruin.

ROME IS IN HOPE FOR THE ORIENT'S RETURN

ARMENIAN CATHOLICS HERETOFORE HAVE HELD COUNCILS IN RUMIA—PARENT ORGANIZATION WOULD WELCOME THEM

United Press Service
ROME, Oct. 16.—With the holding of a council of the Armenian Catholic church here the Roman Catholic church renews its hope that the dissident Catholic church of the Orient will come back into the fold, and make Catholicism a united body. Heretofore the councils of the Armenian Catholic church were held in Russia. The council which convened today is presided over by the Patriarch of Cilicia, and is attended by fifteen Armenian archbishops and the General Abbot of Venice and Vienna. Petitions were passed early today between Pope Pius X and the Armenian prelates. It is now believed that at the conclusion of the council, a month or two from now, subject progress toward a reconciliation of the five great branches will be made.

CARD READING, 50 cents. Room 4, St. Francis Hotel, 16-37

FREE CUT FLOWERS for funerals and entertainments; designs a specialty. Klamath Floral Co., 44-46 Main st. 25-1m

The Circle Women of Woodcraft will meet tomorrow night in the west hall of the Odd Fellows building. All members and visiting members are urgently requested to be present.

SISKIYOU COUNTY GETS LONG NEEDED EXPLORATION

GOVERNMENT GEOLOGICAL SURVEY BULLETIN TELLS OF ORIGIN AND MEANING OF THE NAME

Bulletin 197 of the United States geological survey gives the origin of some peculiar names, including Siskiyou, which is familiar to people in and about the Klamath country. The bulletin has the following:

Siskiyou; county in California and mountains in Oregon. By some authorities it is said to be a corruption of the original name given the district in California by the French—six callous, meaning "six bowlders"; others state that it is an Indian word meaning "bob-tailed horse," the mountains between California and Oregon having been so named because a famous bob-tailed race horse was lost on the trail.

Front Royal; a town in Warren County, Va. First known as Royal Oak, named for an immense tree growing in the common. Front Royal originated from the circumstance of a colonel who, becoming confused in his commands, ordered his regiment to "front the royal."

Norwalk; a city in Fairfield county, Conn., said to have been so named because, when purchased from the Indians the northern boundary was to extend northward from the sea one day's walk, according to the Indian marking of the distance. According to another authority it is derived from nanyang, "point of land."

Sing Sing; a creek in Chemung county, New York. Indian words meaning "place of a stone." Another authority states that it was named for John Sing Sing, a friendly Indian.

INDIAN FISHERS SELL FINE WARES

KLAMATH RESERVATION BRAVES CATCH TASTY SALMON AND VEND DELECTABLE EDIBLE TO RESIDENTS OF LAKEVIEW

Special to The Herald
LAKEVIEW, Oct. 16.—The Indians from the Klamath reservation are refreshing Lakeview residents by selling them some of the finest salmon that they have ever had brought over to this part of the country. The fish are running this year in largely increased numbers, and are of better quality than usual at this time of the year. The fish bring about 50 cents each, and are gladly taken from the vendors.

Lakeviewites were the recipients of some fine "bullheads" brought down last week by the Heckman brothers from the "raging Chewaucan." There was a wagon load of the product, and it all went like a prairie fire.

METAL IS PRODUCED IN STATE OF OREGON

LAST YEAR'S OUTPUT, NOT INCLUDING LEAD UNEARTHED, SHOWED MATERIAL INCREASE OVER PRODUCTION OF PREVIOUS YEAR

In Oregon, according to Charles G. Yale of the United States geological survey, the total value of the mine production of gold, silver and copper in 1910 was \$700,676, against \$827,003 in 1909, which, however, also included the value of the lead produced in that year.

The ore treated in 1910 was 82,127 short tons, against 59,281 tons in 1909. The production of gold decreased from \$781,964 in 1909 to \$678,488 in 1910; that of silver increased from 27,827 fine ounces, valued at \$14,470, to 35,978 fine ounces, valued at \$19,422; that of copper fell off from 235,000 pounds, valued at \$30,550, to 13,861 pounds, valued at \$1,760; and that of lead declined from 400 pounds in 1909 to nothing in 1910.

Baker county led in gold production with an output of \$401,000,

mostly from deep mines, followed by Josephine, with \$150,048 from both placer and deep mines.

All of the copper production and 29,835 ounces of the silver output also came from Baker county, whose output of gold, silver and copper was valued at \$416,873 in 1910. The combined gold output from Southwestern Oregon in 1910 was \$209,324, of which \$120,103 was placer gold, and placer gold output of this region decreased \$55,149 in 1910.

The mines of Northeastern Oregon produced \$479,164 in gold in 1910, which the placer yield was \$40,822 and the deep mine yield was \$429,342. The placers of this region showed an increase of \$4,756 in 1910, and the deep mines a decrease of \$42,311.

REAL ESTATE TRANSFERS

The following realty transfers, contracts, deeds, mortgages, etc., recently filed with the county clerk, are furnished by the City and County Abstract company:

Oregon Valley Land company to John K. Jensen, warranty deed, \$200, N½ N¼ SW¼ NW¼ Sec. 15-36-14. Lakeview Irrigating and Power company to John K. Jensen, contract, N¼ N¼ SW¼ NW¼ Sec. 15-36-14.
