KLAMATH FALLS, OREGON, MONDAY, OCTOBER 30, 1911

Price, Five Cents

HOPKINS WILL IS FILED WITH CLERK

BIG TIMBER OWNER

THOUSAND ACRES IN KLAMATH COUNTY, ON WHICH PROBABLY EIGHT THOUSAND DOLLARS IN TAXES WILL BE PAID

According to the will of the late Albert C. Hopkins of Lock Haven, Pa., a former congressman, a copy of which was filed for probate with County Clerk Charles R. De Lap, the property will go mainly to the widow, Mrs. Matilda C. Hopkins, and the two sons.

Trustees are, under certain conditions, to conduct the estate for twenty years, after which it will be divided among the family. But if both sons are then dead without issue, it is to be split into tenths, the widow to have three-tenths, and Joseph G. Pierce of Klamath Falls (now deceased) and Charles H. Pierce of Medford, nephews, and four others, including one of the trustees, Isaac A. Shaffer Jr., and charitable institutions each one-tenth.

If the trust lasts twenty years without the estate being disposed of as provided otherwise, Shaffer is to have \$25,000, or a proportionate amount for the time the trust exists. He is also to have \$5,000 a year as trustee, while other trustees will get at least \$3,000. If the son William, one of the trustees, dies during the trust, the will, which was dated January 13, 1906, names the late Joseph G. Pierce of this city to succeed him.

Mr. Hopkins owned between 39,000 and 40,000 acres of timber land in Jackson and Klamath counties, of which 32,089 acres are in this county. These acres of timber are assessed on the county books at \$599,262, which is, of course, only a portion of their true cash value. If the approximately 8,000 acres in Jackson county are assessed at the same rate of estimate, the entire timber acreage in both counties is assessed at about \$749,000.

If the county tax rate this year is as high as it was at the last assessment, which was 14 mills, the Klamath county timber will yield the county \$8,389.67. The acreage in both counties at the lowest inheritance rate, which is 1 per cent, would yield the state treasury \$7,490.77. If any part of it should go to remote relatives or to institutions, the rate will run from 2 to 6 per cent on such parts.

The timber holdings of Mr. Hopkins in the two counties are understood to lie close together in one convenient area. The magnitude of what he held in Klamath county alone can be realized to a certain extent when it is known that the 32,089 acres are a little over fifty square miles. It is understood the entire Hopkins estate is worth several millions.

FOR RENT—Furnished room with furnace heat; gentlemen only; \$10 per month. Call 229 Washington street.

FRUIT TREES INFESTED WITH MOTH, ALSO SCALE

Special to The Herald LAKEVIEW, Oct. 30.—Numerous fruit trees in this county have become infested with aphid, codling moth and black scale. Previous to this year a person could have eaten a Lake county apple in the dark, as far as worms or pests were concerned, but the bringing into the county of large quantities of young trees and neglect to inspect and rid them of danger has resulted in such a spread of the pests that strenuous measures will have to be taken to get the trees back to their former condition.

United Press Service LONDON, Oct. 30.—Lady Duff Gordon, the noble Bond street dressmaker, who trades in the name of "Lucille," has a philosophy on love which she calls the "Philosophy of New Thought."

"Fate makes no mistakes," says Lady Gordon. "It will help you, but you must watch for the sign it makes."

Her philosophy is akin to the absent treatment theories and those theories that have to do with the superiority of mind over matter.

STILTS FUNERAL HELD YESTERDAY

OBSEQUIES CONDUCTED BY THE LODGE OF ELKS, OF WHICH DECEASED WAS ONE, AND IS VERY LARGELY ATTENDED

Yesterday afternoon the funeral of the late John R. Stilts was held under the auspices of the Klamath Lodge of Elks, No. 1,347, it being the first of the kind ever held in this city.

Services were conducted at the rooms of the order at Fourth street and Klamath avenue, and were according to the ritual of the fraternity.

The attendance was so large that a number of people were unable to gain admittance to the rooms of the lodge. Officers of the order who participated in the obsequies were the following: Exalted Ruler E. B. Hall, Esteemed Leading Knight W. H. Dolbeer, Esteemed Loyal Knight Hunter Saxe, Esteemed Lecturing Knight C. I. Roberts, Esquire H. F. Galarneau, Chaplain Perry DeLap, Secretary G. F. Krause.

A eulogy of the deceased was offered by Attorney Charles J. Ferguson,

while a male quartet sang "Our Absent Brother." This body of singers was composed of George T. Wilson, first tenor; E. M. Chilcote, second tenor; C. A. Rambo, first bass; B. D. Proctor, second bass. Mrs. Don J. Zumwalt sang a solo, "Lead, Kindly Light."

A brief address and prayer were made by Rev. J. S. Stubblefield, the Presbyterian minister. The pall-bearers were Fred H. Schallock, L. F. Willis, Marion Hanks, John Parker, C. B. Crisler and Tom Conner.

The floral offerings were numerous and beautiful, including a basket representing the dove of peace, a pillow of white carnations studded with blue violets, making the words "B. P. O. E. 1247," and a star from the order of the Eastern Star, an organization of women auxiliary to the Masons, Mr. Stilts having been a member of the Elks and Masons. United Press Service CHICAGO, Oct. 30.—President Taft today issued his Thanksgiving proclamation, setting the date as November 30th.

He visited the National Dairy show in the stock yards, and opened the program today. Later he laid the cornerstone of the new Hamilton clubhouse, where he lunched.

He starts east this afternoon. Expressing the hope that the people would continue the republicans in power in 1912, President Taft told the Hamilton club that even if beaten next year there was hope for the future.

A thousand members of the club then cheered.

SKATER FALLS AND BREAKS RIGHT ARM

HAD JUST STARTED

HERALD MORNING, HERALD CARRIER, HAS ACCIDENT TO MEMBER WHICH WAS SPRAINED IN PREVIOUS MISDEED

Harold Morine, a carrier of the Evening Herald, who is a pupil in the Central Grammar school, broke his right arm above the wrist yesterday by a fall at the Pavilion skating rink, Fourth street and Klamath avenue, this being the first accident recorded at the new amusement place, which opened Saturday night.

The rink had postponed the afternoon's skating until after the funeral services of the late John R. Stilts, which were held at the Elks lodge room, diagonally across the street, and the skaters started to roll about 3:30 o'clock.

Morine began the sport just at the same time with the crowd, and had made but one turn, when he slipped and fell to the hard floor with a severe jolt. He threw his right arm out to lessen the force of the fall, and his weight came on it so suddenly and swiftly that the member snapped.

He went to Dr. L. W. Chilton and had the injured limb set. The same wrist had been weakened during fair week when the joy wheel was in operation on Main street. Morine tried to jump on the revolving carriage while it was in motion, and was thrown, causing a sprain to the wrist. Owing to this the arm was in too poor condition to hold in such an emergency as that which occurred yesterday.

The lad lives at Main and Seventh streets. He will not attend school for the present, and will teach another boy his Herald route in order that he may give his arm plenty of rest and a good chance to get well of the injury.

H. H. Burnham arrived in the city Sunday evening from a business trip to Langell Valley, on his way to his home in Dayton. Mr. Burnham brings good news to the many friends of his son, Hall, who, it will be remembered was sent from here last winter to Arizona, under the care of Dr. Osborne. It was thought at the time that Hall was suffering from consumption, and but little hope was entertained of his recovery, but careful examination by specialists developed the fact that his lungs were in no way affected, and that the trouble was caused entirely by a diseased stomach. So far from dying within six months, as was prognosticated before he left here, Hall is now attending high school at his home in Dayton, and is considered well on the way toward complete recovery.

Progress Club Halloween Party After the literary and musical program to be given at the Halloween party of the Mills Addition Progress Club in their hall tomorrow night, there will be an auction sale of baskets and service of refreshments. Omnibuses will leave Sixth and Main for the hall at 7:45 and 8 p. m.

BETTER STREETS ARE MADE WITH CANYON ROCK

Residence Districts in Lake County Start Show Much Better Appearance Since Improvement on Same Has Been Completed

Special to The Herald LAKEVIEW, Oct. 30.—Many of the streets of town have been paved with crushed rock taken from the canyon above town, and the residence districts show much improvement in consequence. The pavements here will be the lowest priced of any town in the state, as the cost of material is very cheap and the rock soon packs solid.

Thus without much expense the people have the advantages of fine driveways that are mud proof, and save many times the cost in being a preventive against the mud that bothers some places.

Sage Brush Remover Cuts Cost Of Clearing Half And Opens Soil Also

Special to The Herald LAKEVIEW, Oct. 30.—A sage brush remover has been invented by F. A. Remington of Lake, Lake county, that promises to reduce the cost of removing the plant from raw land about one half. The arrangement is simple, being modeled along the same lines as an old fashioned stalk rake or per rake, and used to gather that product into windrows.

The remover not only gets the plant from the roots up, but stirs the ground to a depth of about five or six inches, thus distributing the vegetable mold and forming a seed bed, so that when the land is plowed deeply it is fairly in good shape as far as the initial work is concerned to plant and get a crop.
