**Capital and
Labor Must Be
Kept Busy**

In the right channels to keep
 the nation prosperous. National
 prosperity is the collective result
 of local prosperity and "con-
 science" is the mysterious thing
 back of both. Confidence is nec-
 essary in all walks of life to
 bring success, for without it
 there can be no future. Our own
 town needs the confidence of her
 people. A town is known by its
 works just as a map is known by
 his deeds. There's no better way
 to show your confidence in the
 town than to be known as a
 home owner and no quicker way
 to gain your share of the inde-
 pendence for which our Revolu-
 tionary fathers fought than to
 own a home. Better start today
 —come in and talk it over with
 us—we can give you a good idea
 of the total cost as well as the
 kind of timber you'll need.

WHAT OUR RIVERS CARRY

COLORADO RIVER discharges
 during an average year into the
 Gulf of California 338,000,000 tons
 of mud and silt as suspended matter.
 In addition to this the dissolved sub-
 stances in the water include 4,550,-
 000 tons of sodium chloride, or com-
 mon salt; 3,740,000 tons of Glauber's
 salts; 4,000,000 tons of lime; 2,400,-
 000 tons of gypsum, and 4,800,000
 tons of Epsom salts. In spite of all
 this dissolved material the Colorado
 at its mouth is not considered to be
 a stream of unusually high mineraliza-
 tion for that region of the country.
 The reason is that the river carries so
 enormous an amount of water that
 the dissolved salts constitute a com-
 paratively small proportion of the
 total discharge. Other streams in the
 country contain dissolved salts in
 greater concentration—for example,
 the Elm Fork of Red River, in Okla-
 homa, discharges nearly 1,300,000
 tons of common salt annually. Al-
 though this amount is not so great as
 that discharged by the Colorado, it
 is much greater in proportion to the
 size of the area drained. The dis-
 charge of salt from the Colorado is
 equal to twenty tons annually to each
 square mile drained by the river, but
 the salt in Elm Fork of Red River is
 equal to 1,450 tons per square mile of
 area drained. The same river dis-
 charges annually 177,000 tons of
 magnesium chloride, 168,000 tons of
 Epsom salts, 690,000 tons of gypsum,
 and 54,000 tons of lime. These quan-
 tities, too, are considerably greater
 than those carried in the Colorado in
 proportion to the size of the drain-
 age area.

Belle Fourche River, at Belle
 Fourche, S. D., discharges 191,000
 tons of gypsum, 79,000 tons of Glauber's
 salts and 236,000 tons of Epsom
 salts. The mud and silt carried in sus-
 pension by this river amount to 1,-
 100,000 tons. Milk River at Havre,
 Mont., discharges annually 41,000
 tons of soda; Payette River, in Idaho,
 discharges 46,000 tons; Salt River at
 Roosevelt, Ariz., discharges 288,000
 tons of salt and 170,000 tons of Epsom
 salts, and the Rio Grande dis-
 charges 245,000 tons of lime and
 348,000 tons of Glauber's salts.

The foregoing are a few of the
 figures of incidental interest present-
 ed by Water Supply paper 274 of the
 United States geological survey, en-
 titled "Some Stream Waters of the
 Western United States." The work
 reported by this volume is, however,
 of higher practical importance than
 the above statement would indicate.
 It is the result of an investigation of
 the quality of western stream waters
 made for the purpose of determining
 their availability for use for irriga-
 tion and other purposes. For a water
 supply system the quality of the water
 available determines its usefulness
 quite as much as the quantity. Some
 waters contain ingredients that make
 it impossible to use them for irriga-
 tion unless certain precautions are
 taken in applying the water to the land
 and in draining them off. Certain in-
 gredients in water make it unavail-
 able or destructive if used in boilers
 and the quality of water used in a
 manufacturing plant may very largely
 determine the quality of the product
 of manufacture. The report just pub-
 lished, therefore, cannot fail to be of
 material value to the manufacturing
 and agricultural interests of the West,
 and the proper consideration of the
 information that it contains will pre-
 vent many costly mistakes in connec-
 tion with the industrial development
 of that part of the country.

 (Not coal lands)
 Department of the Interior, United
 States Land Office at Lakeview,
 Oregon, October 11, 1911.

Notice is hereby given that Ralph
 L. Carter, whose postoffice address is
 Klamath Falls, Oregon, did, on the
 24th day of April, 1911, file in this
 office sworn statement and application
 No. 84540, to purchase the W 1/4 SW
 1/4, NW 1/4 SW 1/4, Section 7, and NW 1/4
 of the NW 1/4, Section 18, township
 37 south, range 10 east, Willam-
 ette Meridian, and the timber thereon,
 under the provisions of the act of June
 3, 1878, and acts amendatory, known
 as the "Timber and Stone Law," at
 such value as might be fixed by ap-
 praisal, and that, pursuant to such
 application, the land and timber
 thereon have been appraised at a
 total of \$445, the timber estimated at
 540,000 board feet at 75 cents per M.,
 and the land \$40; that said appli-
 cant will offer final proof in support
 of his application and sworn state-
 ment on the 27th day of December,
 1911, before R. M. Richardson, United
 States Commissioner, at Klamath
 Falls, Oregon.

Any person is at liberty to protest
 this purchase before entry, or initiate
 a contest at any time before patent
 issues, by filing a corroborated af-
 davit in this office, alleging facts
 which would defeat the entry.

**AMERICAN INTERVENTION
MAY AGGRAVATE CHINESE**

Muddle, as Rebels and Imperialists
 Alkic Would Oppose Landing of
 Troops Belonging to the Army of
 Uncle Sam

United Press Service
 PEKIN, Nov. 18.—It is believed
 American intervention, threatened by
 hurried military movements in the
 Philippines, may cause grave troubles
 in China.

Rebels and imperialists would both
 oppose the landing of American
 troops.

It is understood that America will
 act for all powers, and not have an
 allied force like that which landed
 during the boxer uprising.

It is reported that America is pre-
 paring to land 10,000 soldiers.

Foreigners here say that 10,000 is
 not nearly enough.

LAKELAKE LACONIC

Sol. A. Rehart, part owner of the
 water system and other property in
 town, will leave within a few days
 for Los Angeles, where he will spend
 part of the winter.

Arrested and taken before Recorder
 Wm. Wallace, charged with assault,
 Con O'Connell and Jack Turpin Mur-
 phy pleaded guilty. The former was
 fined \$30 and Murphy paid \$10. The
 men were concerned in a scrap at the
 Hart saloon.

A number of young men in the
 Chewaucan Valley, Lake county, have
 formed a commercial organization,
 and will boost their section of the
 valley. All are young men that have
 taken homesteads, and who recognize
 the value of a united effort for the
 good things that come through work-
 ing collectively. This example by
 young men is expected to show the
 older residents that with a little work
 the value of lands in the section can
 be doubled and the population great-
 ly increased.

THE PERFECT WAY

Scores of Klamath Falls Citizens Have
 Learned It

If you suffer from backache,
 There is only one way to cure it.
 The perfect way is to cure the kid-
 neys.

A bad back means sick kidneys.
 Neglect it, urinary troubles follow.
 Doan's Kidney Pills are made for
 kidneys only.

Are endorsed by Klamath Falls
 people.

N. Marchand, Warden ave., Klamath
 Falls, Ore., says: "About two
 years ago I first noticed symptoms of
 kidney trouble. My back pained me
 intensely, and I was obliged to arise
 many times at night, owing to too
 frequent passages of kidney secre-
 tions. Often my back was so weak
 that I had to quit work. Doan's Kid-
 ney Pills were finally brought to my
 attention, and I began using them.
 They restored my kidneys to a nor-
 mal condition and removed the pains
 in my back. I give Doan's Kidney
 Pills credit for my cure, and highly
 recommend them to other kidney suf-
 ferers."

For sale by all dealers. Price 50
 cents. Foster-Milburn Co., Buffalo,
 New York, sole agents for the United
 States.

Remember the name—Doan's—and
 take no other.

United Press Service
 LOS ANGELES, Nov. 18.—The Mc-
 Namara trial adjourned yesterday to
 permit the gathering of the eighth
 venire of forty jurors, after permis-
 sory challenges of proposed jury tal-
 ent today left but two new jurors, J.
 B. Sexton of Nebraska, orange grower,
 and William J. Andre, carpenter.
 It is feared Sexton may be excused,
 as his half brother is dying at his

SUMMONS

In the Circuit Court of the State of
 Oregon, for the County of
 Klamath.

Mary L. McGuire, Plaintiff,
 vs.
 William H. McGuire, Defendant.

To William H. McGuire, the above
 named defendant:

In the name of the state of Oregon:
 You are hereby required to appear
 and answer the complaint of plaintiff
 filed against you in the above entitled
 suit on or before Saturday, the 2d
 day of December, 1911, that being
 the last day of the time prescribed
 in the order for publication of this sum-
 mons, the first publication thereof be-
 ing on the 21st day of October, 1911.
 And if you fail to so appear and an-
 swer, for want thereof, the plaintiff
 will apply to the court for the relief
 demanded in the complaint, to-wit:
 For a decree dissolving the bonds of
 matrimony now existing between
 plaintiff and defendant, and for such
 other and further relief as to the
 court may seem equitable. This sum-
 mons is served by publication there
 of in the Evening Herald, a daily
 newspaper of general circulation in
 Klamath county, Oregon, by order of
 Hon. W. S. Worden, county judge of
 Klamath county, Oregon, made, dat-
 ed and filed in said suit at Klamath
 Falls, Oregon, October 20th, 1911,
 which said order requires that sum-
 mons in said suit be published each
 day, Sundays excepted, for a period
 of six weeks, commencing with the
 issue of said paper, published on the
 21st day of October, 1911.
