ANKENY RIGHTS TO BE DONE AWAY WITH

CITY COUNCIL'S PLAN

AFTER TART CRITICISM OF MAYOR SANDERSON BY COUNCILMAN WHITE, LATTER REPORTS ON DITCH PROBLEM

Mayor Fred T. Sanderson was taken by Councilman G. W. White at last night's meeting for his alleged failure to co-operate with committees of which he is a member. The matter was brought up when his honor asked for a report from the committee on settlement of the Ankeny dam water rights, it being the mayor's desire to take over the government's responsibility for the canal.

proposition which had been made some time ago to the government by Mayor Sanderson, which was that the city would take over the canal and the fulfillment of the government's obligations to furnish forty miner's inches to vested rights, provided the government would furnish the city with 100 miner's inches, or 2.5 cubic feet of water per second. The city proposed to use the government's outlet from April to November, and find its own outlet from December to March. The government was practically in accord with the general idea, but would not give more than 50 miner's inches, or two cubic feet per second.

"We object to the city undertaking to supply these forty water rights," said White. "The government has had a lot of trouble with them up to this time, and so will the city have if it takes them. It is not for the best interests of the city to take the proposition on those terms. We should wipe out these water rights. While I cannot well outline the plan of the committee at this time and make it public, we are agreed as to how to go about it, and it will take some time to get far enough to tell just what the result will be. But I will say that we believe ten of these rights can be handled above the Leavitt tract, and that ten more will be released absolutely. It is the desire of the property owners up on the hill side to get entirely rid of the canal from the Leavitt tract all the way to the government's main canal. The task is considerable to canvass the situation thoroughly, as we have about forty people with which to deal."

"I move that the committee have more time in which to get ready its plans and work on them," said President Marlon Hanks. The motion prevailed.

GARRET WANTED NOT CONTRACTOR

ALLEGED BAD CHECK MANIPULATOR WHO LEFT BONDSMAN HOLDING SACK, HAS SAME INTENTIONS AS LOCAL BUILDER

J. H. Garrett is not J. H. Garrett. At least, he's not the man you think he is if you are thinking about the Klamath Falls contractor. Joseph H. Garrett is charged with passing a bum check on the Quillitch grocery, and made the machinery of the law slip a cog by securing bail and then not appearing when his name was called before Judge Percy R. Kelly. Incidentally, by skipping out as he did he left his bondsman holding the sack, and also, probably, holding Garrett in less esteem than formerly. But Joseph H. Garrett is not John H. Garrett. The latter is the contractor who is well and favorably known locally, and who built the Mer-

MCGOWAN CANNOT QUIT STREET JOB

SHIPPINGTON MEMBER, ANXIOUS TO GET OFF COMMITTEE BECOMES TARGET FOR BOUQUETS FROM HIS HONOR, THE MAYOR

Councilman Chas. McGowan would like to resign from the street committee, for he lives at Shippington. This makes it hard for him to attend the council meetings, and more so for him to do work on the street committee. But although he brought the matter up twice last night his plea was scorned, for the mayor limbered up his oratorical catapult and hurled a group of bouquets at the Shippington member for his good work on the committee, which fairly prostrated him.

KING AND QUEEN VISIT VARIETY OF QUARTERS

English Royalty Puts in Day Making Rounds of Poor, Churches, Receptions, Hospitals, Exhibitions, and Native Quarters of Bombay.

United Press Service BOMBAY, India, Dec. 7.—King George and Queen Mary occupied the day visiting the exhibition, hospitals, churches, receptions, the native quarter and making presents to the poor. Victoria Lord Hardinge, accompanied by Lady Hardinge and a brilliant staff, arrived at Delhi to prepare for the arrival of the king and queen. Their majesties left Bombay for the ancient Mogul capital today. The comptroller of the currency has asked for statement of banks at close of business December 5th. Los Angeles complete returns: Mayor Alexander (re-elected), 85,739; Harriman, 51,590. Not a single socialist was elected. Winning party spent \$500,000 and losers half that.

RECORD OF CRIME HELD BY DOUGLAS

MAN SENT TO SALEM AS CRAZY

FIREBUG TRIED TO WORK INSANITY DODGE ON JUDGE IN CALIFORNIA

Sheriff William B. Barnes has a letter from John F. Hoyle, warden of the California prison at San Quentin, with picture and identification card of Alexander Douglas, or Henry Morgan, the firebug who was sent to Salem ten days ago, after a medical commission in lunacy appointed by Judge Henry L. Benson had declared him insane. At San Quentin the man was known as A. Rame, alias August Buren, and Hoyle says he tried to work the insanity dodge on the Monterey county judge, who sentenced him, but was regarded in prison as perfectly sane. He had spent a term in the Walla Walla, Wash., penitentiary for burglary, when he was by occupation a fireman. He served sixty days in the Seattle county jail and thirty days in the Tacoma county jail. If it can be proven that the man is sane the insanity verdict may be revoked and Douglas brought back here to answer the charge of arson.

WELL KNOWN YOUNG FOLK TO BE MARRIED NEXT SUNDAY

Friends of the interested parties are in receipt of the following, which is self-explanatory: "Mr. and Mrs. A. D. Harnold request the honor of your presence at the marriage of their daughter, Mabel, and Mr. Horace Earl Hamaker, on Sunday, December 10th 1911, at 1 o'clock at Bonanza."

WOULD IDENTIFY FARM PROPERTY

EVIDENCE SO FAR IN CARROLL VS. NOLAND CHIEFLY DEVOTED TO PICKING OUT CHATTELS IN DISPUTE

In circuit court the past two days have been chiefly occupied by the taking of testimony of John D. Carroll and his son Pearl in the case of the former against ex-Judge George Noland. Attorney C. M. Onell represents the plaintiff, while Thomas Drake appears for the defendant. An effort is being made to bring out with certainty just what articles and animals are claimed by Carroll, who asserts ownership of livestock and farm equipment which he alleges he put on the Altamont ranch while he and his son were identified with it.

TRUE BILL FOUND IN BELLAMY CASE

GRAND JURY INDICTS COLORED MAN WHO IS SUSPECTED OF TAKING WAGON BELONGING TO A RANCHER

An indictment for larceny has been returned against Tom Bellamy by the grand jury. Bellamy, who is colored, is suspected of taking a rancher's wagon which the owner missed for six weeks until it was found hidden in the yard of the premises where Bellamy had his abode. The doubletree and neckyoke were in the cabin, the nuts in a water closet, and other parts scattered about. The bed was hidden under a pile of lumber and other material.

GIVING TURKEYS AWAY IS OPPOSED BY COUNCILMEN

QUELESS CHINESE IN REPUBLIC CELEBRATION

SEATTLE, Dec. 6.—Condemning the Manchus and extolling the virtues of the revolution, more than 300 queeless Chinese met in mass meeting here and cheered themselves hoarse under the red, white and blue of the proclaimed republic. A large picture of Sun Yat Sen, the "George Washington of China," hung on the speakers' platform. Temple theater, Matinee daily, 2:30 p. m. Evening, first performance, 7:15, continuous.

of the paving company went around among the boys this year, hinting that the custom would be repeated again. He ran up against a fierce layout, particularly among the newer generation of officials. Some of the things that happened when the overtures were made by the paving boss would have grieved a less hardened soul, and Shannon couldn't understand it. With one accord, however, the city officials were polite in their refusal to eat turkey at the paving company's expense.

TO THE KLAMATH PIONEERS

At the annual meeting of the Klamath Pioneer Society held in Klamath Falls on November 9, 1911, the matter of incorporating was taken up, and a committee of three persons appointed to investigate the title, suitability and price at which Wilson's Island, above town, could be purchased as a home for pioneers, and a place for annual meetings. This committee having reported in writing, in accordance with the resolution, and the president having been authorized thereby to call a special meeting of the society to consider such report, I hereby designate Saturday, the 9th day of December, at 3 o'clock p. m., as the time, and the library as the place for such meeting, the court now being in session. All Klamath Pioneers are urged to be present at that time to express their views on the proposition, as it is a very important matter for the society to consider. O. A. STEARNS, President.

Library Club Meeting

The Women's Library Club will hold its regular meeting tomorrow, Friday, afternoon at the Public Library. Important business. They are here. Some of the pretty things I am going to have for the holiday trade. No trouble to show you if you are interested. McHatton.

BUILDINGS MUST COMPLY WITH LAW

COUNCIL DECLARES FUTURE PERMITS WILL BE GRANTED ONLY WITHIN TERMS OF CITY ORDINANCE

The city council intends to see that the building ordinance is complied with, for it last night adopted a resolution presented by Councilman McGowan to notify the public that hereafter no permits will be given to repair or rebuild except according to ordinance. "I move we lay it on the table," said President Marlon Hanks. "I move we adopt it," said McGowan. "Do you want to go on record as saying that we have been violating the law?" asked Hanks. "I don't care whether we do. We have been doing it right along." The motion was put and prevailed.

New Mail Route Trial Asked, Claim Made That Jury Wasn't Segregated

In the case of J. A. and J. L. Martin against J. L. Yaden, in which the jury gave a verdict for the plaintiffs in the sum of \$250, when \$275 was asked, Attorney E. L. Elliott has made a motion before Judge Percy R. Kelly to set aside the verdict. The lawyer alleges that the bailiff, Clarence O. Morgan, permitted the jury in the case to leave the jury room and mingle with others in the court room before they had rendered a verdict. He contends that this is contrary to the statute, which provides that while a jury is considering a case which has gone to it the twelve men shall be kept separate from other persons. Another ground for the motion sets

OREGON HAS SCOOP ON SISTER STATES

HAS DAY AT SHOW

EVERY VISITOR WILL BE GIVEN STATE BADGE, WHILE TOM RICHARDSON AND OTHERS WILL BE SPEAKERS OF EVENT

Special to The Herald CHICAGO, Dec. 7.—Oregon planned a "scoop" on other states at the big and show in the Coliseum here today. The day has been given over to the representatives of the state that are here, and Governor West has shown his interest by naming J. H. O'Neill of the O. W. R. & N. of Portland as his official representative. Mr. O'Neill will act as chairman at an elaborate entertainment that will be held in the afternoon. One of the big lecture halls of the Union and Southern Pacific companies has been turned over to the state for the program which will include speeches, music and other good things by well known persons. Tom Richardson, who left the governor's special, with which he was traveling, to be here, will be the chief speaker of the day. He is expected to tell Chicagoans just "Why is Oregon," and when he gets through Chicagoans that have the pleasure of hearing him talk about his state will know just why Mr. Richardson is an enthusiast. Other speakers of the day will be Grover Simpson, general superintendent of the Wells Fargo company; J. E. Verree, C. C. Colt, George De Haven, Hallett W. Smith, F. N. Graham, Prof. Chamberlain and others. As every visitor to the land show enters the big building he will have a silken badge bearing the one word, "Oregon," pinned on his coat. Then the Oregon exhibits will be explained in detail, and it is planned to give out thousands of booklets describing the different sections of the state. "We shall tell all that it is possible to crowd into a few hours about Oregon," said Charles S. Fee, passenger traffic manager of the Southern Pacific, last night. "I confidently believe that when Oregon Day is over there will be at least 30,000 new boosters for that state. Oregon has much to talk about, and with Tom Richardson to tell it, we all know there will be a bunch of converts to Oregon and Oregon things that we couldn't get in any other way. The Southern Pacific and its allied lines are co-operating with the people of Oregon in this boosting movement, and with the stereopticon and moving pictures that we are showing daily in our two big lecture halls we are proving the facts that our lecturers are handing out." Congressman Sulzer says congress will force abrogation of the 1823 Russian treaty discriminating against Americans traveling in Russia. Federal officials at San Antonio seek General Bernardo Reyes, alleged Mexican revolutionist, said to have hopped his ball and re-entered Mexico disguised, via Corpus Christi.

Bond House Wants More Details As To Proceedings Of City Hall Issue

E. B. Rollins & Son, the Denver bond house which bid for the city hall, fire equipment and garbage plant bonds, but has not bought the securities, has written a letter to Mayor F. T. Sanderson, saying that it wants more information about the proceedings leading up to the city's vote on the issue. Every week or so the bond people pop in a letter either to City Recorder Thomas F. Nicholas or the mayor, asking for information. The last letter wants to know if the proceedings were strictly in accordance with section 87 of the charter of the city. The recorder told the council last night that he would be glad to have

DRENCHED BY PETROLEUM POURED FROM ROUSETOP

Man and Woman Have Their Clothes Ruined by Bucket of Oleaginous Matter Which Descended on Them in City Street

PORTLAND, Dec. 7.—Drenched in a bucket of crude petroleum thought to have been poured from the roof of a house at Russell avenue and Broadway street by P. Stone, for whom the police are looking, J. Lufwerker and Miss Cushing appealed to Patrolman Goltz for aid. Several persons saw Stone with the bucket of oil on the roof, and he is said to have threatened one man with violence if he told of his presence on the roof. Lufwerker's clothes and those of Miss Cushing were ruined. But When Manager A. M. Shannon

Company That Has Had Klamath Falls Contract Finds Its Recurrence to Portland Officials Are Not Favored Now

PORTLAND, Dec. 7.—Pretty tough, when you want to give away big, fine Thanksgiving turkeys and can't do it, what? And the precious birds at 35 cents a pound. That's the sad, sad fate of the Warren Construction company, one of the paving concerns of the city, this year. For, lo, these many years, the company has been in the habit of presenting city councilmen, members of the executive board, and such other officials as might be in a position to return favors, with splendid specimens of this aristocratic national bird at Thanksgiving time. And for the most part the boys have accepted the token with full appreciation. But When Manager A. M. Shannon
