SOME FACTS CONCERNING YOUR WATCH

The balance wheel in modern watches makes one revolution each time the watch ticks. The watch ticks five times each second; 300 times in one minute, 18,000 times in one hour, 432,000 times in one day and 157,680,000 times in one year.

A variation of 1-5,000 part in the vibration of the hair spring which controls the balance wheel will make a difference of fifteen minutes in one day.

If the watch owner will think a moment he will see that it is necessary to give the watch fairly good treatment in order to get good time out of it.

A Speck of Dust,

could fill, clogged jewels, loose screws and many other things will spoil the delicate adjustments.

As an expert of many years experience in watch repairing I solicit your patronage, and guarantee all my work to give satisfaction.

NOTICE

There are funds in the city treasury for the redemption of warrants presented on and before May 4, 1908. Interest ceases from date hereof.

J. W. SIZEMORE, City Treasurer.

Dated at Klamath Falls, Ore. this 4th day of December, 1911.

TAFT'S REALTY PROFIT EQUALS YEARS'S SALARY

CINCINNATI, Jan. 4.—Upon a gross profit of one quarter million dollars on the sale of the Taft homestead, Mrs. William Howard Taft will pay a tax of $1,000 to the state of Ohio, according to the inheritance tax appraisement filed today in the probate court.

The Taft homestead, which was sold to Charles P. Taft, brother of the president, for $350,000, was appraised at $250,000 for the purpose of the tax. The tax is 4 per cent of the appraisement.

Mrs. Taft's share of the estate of her father, Charles Phelps Taft, who died in 1900, was $1,000,000. Her share of the estate of her mother, who died in 1905, was $500,000. Her share of the estate of her brother, Hulbert Taft, who died in 1907, was $1,000,000. Her share of the estate of her brother, Peter Rawson Taft, who died in 1909, was $1,000,000. Her share of the estate of her brother, Henry Waters Taft, who died in 1910, was $1,000,000
