### PRESIDENT RYAN INDICATES THEY WILL NOT GET AS MUCH TIME AS THE BEEF TRUST AND OTHERS

United Press Service  
INDIANAPOLIS, Ind., Feb. 14.—President Frank Ryan, Acting Secretary Herbert Hockin and other members of the iron workers were arrested here on grand jury dynamiting indictments. Arrests of others have been made in Duluth, Detroit, Cleveland, Milwaukee, Scranton, Kansas City, Philadelphia, Springfield, Ills., Chicago, New York, St. Louis and Syracuse.

Nearly all those arrested are officers or business agents of locals of those cities. All pleaded not guilty, and will be arraigned in the federal court here March 12. Judge Anderson fixed the bonds of Ryan and Hockin at \$10,000 each. At noon today wire were crowded with messages of arrests in various jurisdictions. When arrested President Ryan of the iron workers said he expected it, adding: "Of course, we won't be given as much time as some others. It has taken the government seven years to get the beef trust into court, but just watch how quick they will railroad us."

### Gomper's Exonerated

United Press Service  
WASHINGTON, D. C., Feb. 14.—The department of justice says the Indianapolis investigation completely exonerates President Gomper and other Labor Federation officials of complicity or any knowledge of the dynamiting conspiracy.

### Government's Investigation Included

United Press Service  
WASHINGTON, D. C., Feb. 14.—It is learned that the indictments include the government's dynamiting investigation. Federal Attorney Miller of Indianapolis has charge of the prosecutions. All but a few will be tried in Indianapolis and the others in Los Angeles. Gomper is elated. "I knew that the further the affairs of the federation were investigated the more complete would be its vindication."

### Ramifications Extensive

United Press Service  
INDIANAPOLIS, Ind., Feb. 14.—Thirty-six arrests were reported at noon. District Attorney Miller said: "This is only about half the number indicted. Outsiders don't begin to understand the ramifications of this conspiracy."

### CONVERTS TORTURED, IN CHARGE MADE IN COREA

Reports That Japan Takes Harsh Measures in Effort to Stamp Out Christianity There Is to Be Investigated by Church

NEW YORK, Feb. 14.—Dr. Arthur J. Brown, president of the Presbyterian board of foreign missions, has gone to Washington to present to President Taft charges recently received from missionaries in Corea that Japan is making efforts to stamp out Christianity there by torturing converts, closing mission schools and interfering with the work of American missionaries, of whom there are between 200 and 400 in Corea.

An account of the situation furnished by a missionary just returned from Corea characterizes conditions there as little short of barbarous. While there have as yet been recorded no cases of direct physical attacks on Americans, every possible means is being employed to nullify

their efforts and to induce them to give up in despair and return to the United States.

### DARROW'S RIGHTS JUGGLED, HIS COUNSEL CHARGES

#### Claims That Part of Testimony on Which Attorney Was Indicted Was Omitted From Transcript, and the Court Orders More Produced.

United Press Service

LOS ANGELES, Feb. 14.—Earl Rogers, Darrow's attorney, scored the District Attorney's office when Darrow, charged with bribing a McNamara juror, appeared in court for the setting of the trial date.

Rogers charged that Darrow's rights had been juggled, as a transcript of the testimony before the grand jury indicting Darrow contained testimony of but sixteen witnesses, when thirty were examined, and that Le Comte Davis' testimony was omitted.

Presiding Judge Hutton ordered that Rogers be furnished with the Davis testimony, and adjourned the case to February 23d.

### KIMMEL MYSTERY GETS DEEPER AS TRIAL GOES ON

#### Witness Claims He Saw Murdered Man, Whose Insurance Is Being Sued For, But Company Claims Alleged Victim Is Alive

ST. LOUIS, Feb. 14.—John Swinney, a former Oregon convict, testified in the third insurance trial of the case of George A. Kimmel, bank cashier, who has been missing for thirteen years. The suit was filed by the receiver for a Niles, Mich., bank against an insurance company in New York for \$30,000. Swinney swore that he saw J. A. Johnson murder the real George Kimmel while the latter was seeking buried treasure in Oregon in 1895. After Kimmel was slain Swinney testified that he killed Johnson to save his own life.

The insurance company is fighting payment of the policy on the ground that A. J. White's claim that he is the real Kimmel is true. White was released from prison last September and went to Niles, where he was accepted as Kimmel by some residents and repudiated by others.

He said England was prepared to seize the first opportunity to join with other powers and mediate in the Turko-Italian war.

### WOMAN ACCEPTS BY MAIL, BUT LETTER GETS LOST

#### Took Missive Six Years to Reach the Man Who Had Proposed to Her, by Which Time He Had Already Married, So Had She

MORGANTOWN, W. Va., Feb. 14.—Because of the snail-like manner in which Uncle Sam sometimes delivers mail, Mrs. James Wormser is not the wife of Cecil G. Morris, both having married since that day, six years ago, when the present Mrs. Wormser wrote a letter from her home, which was at that time at Webster springs, and accepted the proposal of Morris, who resided at Riverville. The letter was six years traveling

200 miles, and when it finally reached Morris it was too late. The letter was mailed in 1906. It reached Riverville, Morris' former home, two days after it was mailed, as the postmark shows. Where the letter has been all these years cannot be ascertained.

In a previous letter Morris had proposed to the woman, and the missing letter contained her acceptance. Supposing the failure of the woman to answer was a rejection of his proposal, Morris married another. The woman, believing that he had changed his mind after receiving her acceptance, also married.

The regular meeting of the W. C. T. U. will be held in the Library Club room at 3 p. m., Thursday, February 15th.

### FILING ON LAND OPEN TO ENTRY

#### RUSH OF HOMESTEAD CLAIMANTS TO TAKE UP LAND ON THE WEST SIDE OF UPPER KLAMATH LAKE

Some land thrown open for settlement by the government caused a rush of settlers to the office of County Clerk Charles R. De Lap today in an effort to take up the acres. The land lies along the west side of Upper Klamath Lake, starting at Crater Lake National Park and running south. It is understood that the reclamation service has not decided to release the area, which is largely swamp land, from its rights for reclamation, but what effect this may have on the people who are trying to take the land could not be learned today. The land runs from township 26 to township 33.

About ten filings were made today among them the following for 160 acres each, in section 12, township 31, range 6, east of the Willamette meridian: Forrester W. Loosley, Marshall L. Ferguson, William S. Pfand, William Benson Sargent and Fred Robert Nell. John Zbinden Jr. filed on 160 acres in 13-24-6, while Burk Wilson and three others filed on 160 acres each near Odessa.

### OLD MAN'S INDIAN SLAYER CONVICTED OF MURDER

#### White Victim Lived on Leased Land on Indian Reservation, and Paid Agent Instead of Redman, Refusal to Whom Led to His Attack

NORTH YAKIMA, Wash., Feb. 14.—Jim Johnson, an Indian, accused of killing William Lusby, an old man living with his wife on leased land on the Yakima reservation, some months ago, was convicted of murder in the second degree by jury. Both Lusby and his wife were terribly beaten by their assailant, the old man dying almost at once, and Mrs. Lusby's life being despaired of for some time. The murder was a particularly brutal one, the Lusbys paying their rent to the Indian agent, as required, and refusing, according to Mrs. Lusby's story, to give the money to Johnson himself. Their refusal was the basis for his attack.

Mrs. Jack Horton left this morning for Bonanza. This is the second time within a

Mr. Slough once held the office for which he is a candidate, and his terms as teacher total a score or more of years. The only other candidate for the position to date is Fred Peterson, the superintendent of Bonanza schools, who is also a republican. Superintendent John G. Swan some time since announced his intention not to seek another term. He is a republican, too.

### CROSS BILL OUT OF COURT FILES

#### MOTION TO STRIKE ELEMENT INTRODUCED BY DEFENSE IN KENT VS. ADY SUSTAINED BY COURT

When circuit court resumed its session today after a few days recess it was to listen to the issue of Kent vs. Ady. Some time ago Joseph S. Kent, assignee of three claims against Abey Ady, entered suit. The case was set, and on the day for trial a delay was granted on defendant paying certain costs incurred. Next the defendant filed a cross bill in equity, which the plaintiff moved to strike from the court files, the latter party not wishing the case to go into the equity division. This morning Judge Henry L. Benson listened to the argument on the motion to strike, and sustained it. From this the defendant gave notice of appeal. The court ordered the law action to proceed, to which the defendant entered formal objections. It was contended, in substance, that the court ought to await the outcome of the appeal before the law action be taken up, but the court did not see it that way. This is the second time within a

few weeks that this procedure has been followed in a case in the circuit court here. In the case of Cantrall vs. Carroll the defendant filed a cross bill and motion to strike it was sustained. The defendant gave notice of appeal to Judge Percy R. Kelly, which has since been taken, asking that the law action await the appeal, but Judge Kelly was not so inclined. When he ordered that the trial proceed the defense wanted more time, which the court was willing to grant if \$200 was paid by Carroll for the plaintiff's expenses in getting ready for trial. Carroll's attorney, C. M. O'Neill, said Carroll was financially able to pay but \$100, but the court would not modify its order, and insisted that the trial go on. The defense was unprepared to go ahead, and judgment was given to Cantrall.

These are said to consist not only of paintings, statuary and jewels, but of collections of wide range and enormous value, of ceramics, porcelain, bronzes, reliquaries and antiquities of almost every form and conception, of every age of barbarism and civilization.

Morgan's London collections are estimated at more than \$20,000,000 value; his New York art treasures fully twice as high. Paintings and art objects lent to museums swell the estimated fund by \$10,000,000, while an equal sum, it is believed, is not an excessive estimate of the value of art objects he has given away. Many hundreds of minor objects, each costing from hundreds to tens of thousands of dollars, are said to compose the bulk of the collection value.

### TAFT'S STATE PLACE CHOSEN FOR UTTERANCE OF PRESIDENT'S SENTENCES IN CASE HE BE PARTY NOMINEE FOR PRESIDENCY

NEW YORK, Feb. 14.—Roosevelt's keynote, a definition of republican progressiveness and the nucleus of a platform wherewith he will seek the presidency if nominated, will be sounded at Columbus, Ohio, next Wednesday. Progressive leaders announced this today. Roosevelt's Columbus speech will not announce his presidential candidacy, but will outline the principles the republican candidate must indorse. Governor Johnson, ex-State Senator Flynn of Pittsburg, Colonel Nelson, the Kansas City editor, and Oscar Straus visited Roosevelt today. Colonel Collier of San Diego was asked what the Roosevelt platform is. He replied: "It will be satisfactory to most progressives, but will not meet the approval of the radicals."

Otherwise he feels that he cannot indorse the Colonel's candidacy.
