

IRRIGATION PLANS UP AT CONVENTION

LEGISLATION STUDY

ONE OF PRINCIPAL TASKS, FINAL OUTCOME TO BE RECOMMENDATIONS THAT WILL PROTECT THE SETTLER

Special to The Herald
PORTLAND, Feb. 17.—Just what will prove the greatest point of interest in the forthcoming irrigation congress, to be held at Portland on Monday, Tuesday and Wednesday of next week, is hard to predict. The Umatilla project will come in for a great deal of discussion. Those favoring the movement and an early development of the project, members of the association which is opposed to taking water from the Upper Umatilla River and the government officials who are anxious to get all the light they can, will furnish the oratory and arguments that will produce at least one very live session.

office, the promoters of the many Carey act projects of the state, the settlers on the land and the users of water will come up for a hearing, and several localities will be heard from who claim they have grievances which should be given state wide publicity and remedies offered at once. The feeling that the part of the state east of the Cascade mountains is not given legislation that meets its needs will be brought up for the benefit of the many members of the legislature who will be present at the congress.

INDIAN FILMS UNJUST, SAYS CARLISLE OFFICER

Superintendent of Indian School in Pennsylvania Brands Preserved Wild West Dramas as Faked and Untrue, Saying They Do Injustice

United Press Service
WASHINGTON, D. C., Feb. 17.—Branding moving pictures of Indian life and romance as "faked" and untrue, M. Friedman, superintendent of the Carlisle Indian school, urges government censorship of such films.

TRAINS OVER SALT LAKE HAVE NEW SPEED FIXER

Will Ring in Keep Passenger Trains Within 20 Mile an Hour Limit. While Freight Trains May Go at a 12 Mile Gait

SAN FRANCISCO, Feb. 17.—In addition to the automatic block signal system over the lines of the Southern Pacific there has been installed for the further protection of passengers a full system for the regulation of the speed of trains across the trestle over Great Salt Lake. The device is simple, but it protects the passengers on this costly piece of engineering work.

CHAMP RIDES AUTOMOBILE BELONGING TO CANNON

Speaker and Predecessor in Flattering Parliamentary Sledge Are Known in Washington as Automobile Critics, But Clark Refuses to Invest

United Press Service
WASHINGTON, D. C., Feb. 17.—Although Speaker Champ Clark refuses to be given an automobile by the government for his official use, he does not refuse to ride in one. He

is a frequent passenger in the private car of former Speaker Cannon.

The "automobile cronies" is the name given to Clark and Cannon, because of their frequent gasoline jaunts. Cannon became so addicted to the buzz wagon while enjoying one at the expense of Uncle Sam as speaker that he invested after he lost the speakership. He has a high powered six-passenger limousine.

CALM IN POLICE COURT JUST NOW

CITY RECORDER THOS. F. NICHOLAS HAS DONE LITTLE JUDGING FOR WEEK, OWING TO THE LACK OF CASES

It's dull in police circles these days, and Thomas F. Nicholas, part time city recorder and part time police judge, has had more time to be city recorder than usual. For a week the utmost calm has prevailed on the horizon of crime and misdemeanor, and very few who wish to fracture the peace and dignity of the city have been exercising themselves in that direction. Those who love to acquire sufficient bug juice and other cordials in their interior to cause unusual hilarity have either been going dry or slow. There has not been a case up before the police judge for a week, and the one he had at that time was a plain drunk, without even any trimmings to make it more than usually interesting.

It may be significant that in the period of quiet the revival meetings are in full blast and the prohibitionists have been getting more industrious than usual in their endeavors to cut down the circulation of the liquids that cheer, likewise lead to inebriety and clouded brains.

LURID POSTER FOR SEX MEETING

TRIP DOWN LINE WHERE RED LIGHTS SHINE FOR MEN ONLY AT OPERA HOUSE, IS INDUCEMENT OFFERED

Another sensational poster was sprung for the Van Marter revival today for tomorrow's meeting at the opera house. It reads: "Hot cakes right off the griddle. Van has his coat off and is prepared to stack 'em up for Klamath sports at the opera house. This is for men only, and includes a trip down the line where the red lights shine. Remember, time Sunday, 3 p. m.; place, opera house; girl, leave her at home."

BONANZA CLUB GIVES BANQUET

Secretary Oliver and Local Business Men Go to Neighboring Town to Enjoy Feast of Delicacies

Secretary Caleb T. Oliver of the Klamath Chamber of Commerce went today to Bonanza to attend the banquet of the Bonanza Commercial Club at the Big Springs Hotel. A number of other Klamath Falls men went to the same place with the same object. The affair promises to be one of the most interesting ever given in Bonanza, and elaborate arrangements have been made to entertain all those who attend.

ODD FELLOWS TO HAVE SOCIAL CLUB

ORGANIZATION OF MEMBERS SECURE ROOMS AND EQUIPMENT OF BOWLING ALLEYS—WILL OPERATE AS CLUB ROOMS

The bowling alleys in the basement of the Odd Fellows' building which were formerly conducted under the name of the Club Bowling Alleys, was purchased at the sale this afternoon by George L. Humphrey, one of the directors of the Odd Fellows' Hall Association. All of the lights, electrical fixtures and a number of chairs were purchased at a former sale by the association.

ADY CASE SPLIT OCCUPIES COURT

CLAIMS BROUGHT INTO COURT BY ASSIGNEE JOSEPH S. KENT ARE ISSUE KEEPING TRIBUNAL BUSY

In the circuit court today the case of Joseph S. Kent against Abel Ady continued to occupy the time of judge and jury. Kent is assignee of August Liskey, R. E. Cantrill and J. S. Taylor, who had claims which they assert Ady failed to settle. The amount involved as asked by the assignee is between \$4,000 and \$5,000. The plaintiff rested last evening and the proceedings today were principally taken up with listening to evidence offered by the defendant to refute the allegations made against him by the plaintiff. James C. Rutenic and Charles F. Stone are counsel for the plaintiff and John Irwin for the defendant.

BOOSTERS GONE AFTER HOT LIME

EUGENE BUSINESS MEN WHO INCLUDED KLAMATH FALLS IN TOUR SPEND GOOD DAY, DESPITE RAIN

Boosters who came from Eugene had a bully time yesterday, if a favorite expression of the only living ex-president of the United States may be used. Despite the rainy style of day which was current, they circulated and had excursions to see what the surrounding country is like. Many of them spent a part of the day calling on business men. During the afternoon they enjoyed a steamer ride on the Upper Lake, the means of transportation to that body of water being two big buses, each of which was drawn by four horses. A few of the visitors who are nimble chose to spend some of the day angling on Luk River. Most of those who had never visited this section before were astonished at the size and charm of Upper Klamath Lake.

EXPENSIVE WASH FOR NEW PAVING

THE HIGH PRESSURE OF WATER THROUGH FIRE HOSE CUTS GRIT OFF BITULITHIC AND MAKES DECAY LIKELY

At the council meeting Thursday night Councilman Charles McGowan said, in his capacity of chairman of the street committee, that he would object to further washing of streets with water turned thereon at a pressure of 200 pounds to the square inch. Of late the practice has been to flush the new pavement of bitulithic on Main street with fire hose, and the water coming full head. This has washed the grit and gravel out of the surface, which tends to make the pavement porous and likely to early decay.

FARMERS ARE GUESTS OF THE COMMERCIAL CLUB

DISCUSSION OF BETTER, CLEANER GRAIN AND MORE REMUNERATIVE SPUDS IS OCCASION OF GATHERING

Despite the fact that it has been exceptionally disagreeable for farmers to come to town, there was a large attendance at the meeting held under the auspices of the Klamath Commercial Club this afternoon. The meeting was called for the purpose of discussing the matter of getting pure grain seed and potato seed for the Klamath Basin farmers. Approximately thirty farmers responded to the call, and were on hand to give their support to the movement to introduce clean grain and more remunerative varieties of potatoes.

While the attendance was not as large as had been hoped for, much good was accomplished. Several men who have been highly successful in growing potatoes were in attendance, and gave their views as to the varieties that give the largest yield per acre and bring the best price in the California as well as the local market.

MACVEAGH IS OPTIMISTIC SINCE WESTERN TRIP

United Press Service
WASHINGTON, D. C., Feb. 17.—Secretary MacVeagh has just returned from a political junket. He said: "I find the opposition to Taft diminishing. The most influential republicans in the West are forming Taft clubs, and the movement for his re-nomination is spreading fast."

POSTAL LAWMAKING

NEW TERM HE APPLIES TO THE METHODS WHICH HE ASSERTS DRIVES FROM FIELD KIND OF MEN NEEDED

United Press Service
ST. LOUIS, Feb. 17.—Progressive policies, particularly those for judicial reform, were called "insane" in a speech Attorney General Wickersham delivered before the City Club this afternoon in the direct interest of Taft's re-nomination. Wickersham sarcastically referred to the initiative and referendum as "postal card law making." He declared popular legislation at direct primaries destroyed the dignity of office and resulted in "driving from the field that class of men formerly thought the most desirable—those whom the office seeks, and not those seeking the office."

MEXICAN CONSULATE IN BORDER CITY GUARDED

United Press Service
EL PASO, TEX., Feb. 17.—American troops are guarding the Mexican consulate here as a result of the demonstration by Mexicans against Mexican Consul Llorente, because he insisted upon the release of American soldiers who inadvertently invaded Mexico. Jaurez is tranquil, and a federal force is en route to that point. Torreon is surrounded by rebels.

With city warrants nearly four years old before they are paid, they are costing the taxpayer about half again as much as they ought. For each dollar's worth the city is now paying in cash \$1.25, and with current bills being added to cover the depreciation of about 25 cents on the dollar in new warrants, it makes the property owner foot a bill of practically \$1.50 on the dollar.

Financial Mafia Is Name Applied to "Money Trust" by Congressman

WASHINGTON, D. C., Feb. 17.—Congressman Henry discussed the money trust in the house. He said: "It is high time the house inquired into the black-hand methods of the financial mafia. No effective legislation is possible to govern the ramifications of currency, trusts and corporations until congress understands the methods of the insidious and almost supreme money power. Shouldn't we know something of the depth of villainy to which the financial mafia will descend before we rewrite the currency laws; before we swallow the Aldrich plan?"

Trust's System Assailed by Probers Who Believe Combines Unnecessary

United Press Service
WASHINGTON, D. C., Feb. 17.—The Hardwick sugar investigating committee reported its findings to the house. It assailed the trusts system, but refused to recommend legislation to curb similar abuses hereafter, declaring that recommendations are solely within the jurisdiction of standing committees. The committee said it was unable to accept arguments, declaring that big business needed combines.
