

WILL GO LIMIT ON NEW SEWERS

COUNCIL INSTRUCTS CITY ATTORNEY TO PREPARE ORDINANCE FOR THE SALE OF SEWER BONDS

According to the action of the city council last evening the members propose to go to the limit of the bond issue under the charter for the installing of sewers. The city attorney was instructed to draw up a bond ordinance, providing for the issuance and sale of bonds for sewer purposes, leaving the amount blank, to be filled in when it is determined the limit that the city is authorized to issue.

A rough estimate made by the city engineer as to the amount necessary to complete the sewers of the city was given at about \$75,000. This would cover property on the West side, with side and ends in Nicholas addition and on Ewasua Heights, and it also includes Railroad addition, Second Six Springs, Mills and Darrow additions. According to Mr. Zumwalt this would cover all of the unsewered territory that it is believed there would be any necessity to cover at this time.

Mayor Sanderson stated to the council that there was about \$60,000 in bonds available, after the city hall, garage site and fire apparatus bonds were sold. If these should not be sold there would be this amount or \$10,000 additional.

SOCIALISTS DISCUSS TROUBLE IN MEXICO

A very interesting meeting was held by the local socialists last Sunday evening. The most notable feature was a lecture given by one of the comrades on the conditions in Mexico, which led up to the present revolution. He illustrated his lecture by a number of photographs, which were magnified to life size by the use of a magic lantern. From his own intimate knowledge of the Mexican people he stated they are intelligent and hard, and perfectly able to take care of themselves and establish a good government if given the chance. He strongly urged that all who love liberty and a square deal should join in a protest against any interference by this country in the affairs of Mexico. Those who missed that meeting should come without fail next Sunday evening, when there may be some other good thing pulled off. Remember the place, on Fourth street, back of the Star drug store. TRINITY COUNTY BOYS CONFESS

FOUR YOUNG MEN ADMIT CRIME OF MURDERING PETER ROBERTS AND THEN BURNING HIS HOME

United Press Service
WEAVERVILLE, Calif., March 28.—John Nelson, age 17 years, of Kuroku, was held to the superior court on a charge of murder today. Nelson, Ed Herrett, Tom Duncan and Steve Duncan all confessed to murdering Peter Roberts and burning his home on February 5th, in Trinity county. Steve Duncan, age 16 years, will probably go to juvenile court. The charges were bound over without bail.

GAY—LAMB

Justice of the Peace Charles Graves at 4 o'clock Wednesday afternoon called in marriage Miss Hattie Lamb and Benjamin Gay, both of Worden, Ore. The young couple came to the justice's office while the Carroll case was being tried, and being anxious to have the ordeal over, prevailed on the judge to adjourn court for ten minutes, while he performed the ceremony.

FIFTH AND SIXTH GRADES WILL ENTERTAIN FRIDAY

The fifth and sixth grades of the school will entertain their parents

and friends in the assembly room of that building on next Friday afternoon. The teachers of the grades, Miss Myers and Mrs. Jones, have been busy with the young ideas for several days, and the visitors will be well repaid for their journey to that institution of learning.

The program will consist of declamations, recitations, singing and dialogues, and the "future greats" are very anxious to show their parents and friends what they can do in the way of lightening the dreary pathway of life with the sunshine of earnest endeavor.

MINERS MAY RESUME

United Press Service
LONDON, March 28.—Early voting in the mining districts indicates that a majority of the miners are in favor of resuming.

TEDDY DENIES HE WILL BOLT

United Press Service
ST. LOUIS, March 28.—Roosevelt arrived in St. Louis at 8 o'clock this morning, and will be the speaker at a big political meeting tonight. The colonel replied to the published stories that he indicated his intention to bolt if he fails to get the nomination in Chicago. He said: "Any statement like that is a fake. Any time I have anything to say on such a subject I will say it myself. Anything purporting to come from me, unless I say it myself, is a fake."

Alex Revell, president of the National Roosevelt League, denies that the Roosevelt veterans have taken an option on the auditorium at Chicago, with the view of helping a bolt in the convention and the nomination of a third party ticket. En route to the hotel, Roosevelt, when asked to explain the meaning of his Chicago speech, especially the words "I will have a good deal to say," if the people decided against him "as a result of the bosses juggling their rights," said, "I won't add a word. All I ask is that the people read what I say, and take it at its exact value. Any one trying to detract anything from it or read anything into it or out of it is deliberately faking." He also denied the auditorium option story.

WHITE SLAYER GETS EIGHTEEN MONTHS

United Press Service
SAN FRANCISCO, March 28.—Charles Coll, a white slayer, who brought Mary Kees from Tonahap to Truckee for immoral purposes, was sentenced to eighteen months at McNeill's Island and fined \$100. A motion for a new trial was denied.

SUPFRAGETTES ARE HELD WITHOUT BAIL

United Press Service
LONDON, March 28.—In the Bow street police court Mrs. Pankhurst, Patricia Lawrence and wife were held without bail for conspiracy. Mrs. Tuke was discharged.

NEW POLICEMAN APPOINTED

Wm. Messner has become tired of the job of city patrolman, and tendered his resignation last night to the city council. Mayor Sanderson at once appointed J. L. Parrish. Mr. Parrish is a man who will render efficient service, and is competent in every respect. He is at present night clerk at the American hotel. The resignation and appointment are to take effect April 1st.

W. O. W. DANCE

Camp No. 799, Woodmen of the World, will hold their annual ball on April 15th, in Houston's opera house. The neighbors are all putting forth their best efforts to give their friends the most enjoyable time of the season. Mason's orchestra has been engaged, thus insuring the best of music. The exhibition drill by the team will alone be worth the price of admission. There will be no turkey trot, bunny bag or grisly bear. All

COUNCIL HAS BUSY SESSION

PETITIONS FOR GRADES AND VALUATION OF PROPERTY ASKED TO ENABLE OWNERS TO MAKE IMPROVEMENTS

Councilman Crisler was the only absentee at the council meeting last night. A petition was received from Joel T. Ward asking for the establishment of a grade on Washington street from the east side of the canal to the cemetery. Mr. Ward is desirous of putting in cement walks and shade trees and otherwise improving his property. The matter was referred to the city engineer.

The following bills were allowed and ordered paid:
Irwin Hodson Co. \$18.00
Express on goods 1.85
Glass, Prudhomme Co. 31.28
Glass Prudhomme Co. 21.00
Freight bill, undercharge of sewer pipe 5.16
The bond of Harris & Co. for \$10,000 in the Fidelity company, as guarantee against damage by the operation of rock crusher, was found incomplete by the city attorney, and on motion was referred again to the attorney for correction and resubmission by Mr. Harris.

Fire Chief Wakefield stated that his salary of \$75 a month, on which there was a discount of 10 per cent, was not sufficient. On motion of Councilman White his salary was increased to \$85 per month.

On motion of Stanable the police judge was ordered to return to W. W. Masten several certified checks which had been filed with bids for filling. The bids had been accepted, but the contracts had never been entered into by the city. The checks have been on file for over a year.

Petitions were received from the Klamath Development and the Klamath Land and Transportation company for the vacation of a portion of Melhase avenue in Shippington. The petition asserts that the street extends into the march, and interferes with future platting and improvement of the property. A petition from the same parties asked for the vacation of lots 1 to 32 inclusive in block 1, in Shippington, owned by them. Both petitions will have to lay over thirty days before action by the council, according to the city attorney.

An ordinance amending ordinance 134 and repealing ordinance 174, providing for an electrical inspector, was passed to its second reading. According to the new ordinance the inspector, instead of receiving a flat salary, will be compensated by the fees received for inspection.

PART OF MAN'S BRAIN REMOVED

MAKE ARRANGEMENTS FOR COMMENCEMENT

A meeting of the Senior class was held last evening at 3 o'clock in one of the rooms of the high school for the express purpose of deciding the matter of commencement exercises and the arrangements which are to be made concerning speakers, programs, invitations and such like. Since the commencement exercises are not so very far off it was thought that the sooner they could come to some statement on the different things that will have to be provided for during this week it would be best that such action take place at once.

OUT OF 10 BOSTON GIRLS BOW-LEGGED; 10TH? SH!

BOSTON, March 28.—Nine out of ten Boston women are bowlegged, and the tenth is knocknood, declares Lillian Wyman, physical culturist. "The whole town would run should its women all appear in tights just once," said she.

WANT FIRE HOSE AT FAIRVIEW AND MILLS

Councilman Stanable stated to the council last evening that he had a kick to make on behalf of himself and the residents of his ward. He called attention to the fact that there was no fire protection in the neighborhood of Fairview, and asked if they could not be provided with hose.

There will be a special meeting of the Library Club at 3 o'clock tomorrow afternoon at the Public Library, and all members are urged to be present. Tea will be served and a social time had.

ANKENY CANAL WILL REMAIN

COUNCILMAN, WHO THOUGHT HE SAW LIGHT AHEAD, IS NOW DISCOURAGED—THE NUINANCE WILL REMAIN

The Ankeny canal, with all its villainies, is destined to remain with us. This was the inference to be drawn from the discussion of the subject by the city council last evening. The mayor and Councilman White were the chief parties in the argument.

Mr. White stated that the city could not break faith with the government in this manner if they entered into an agreement to assume the obligations of the present owners of the ditch. He stated that it would cost about \$6,000 to pay the owners of water rights what they wanted for their surrender, and that he had expected to receive \$3,000 in donations from owners of property through which the ditch ran, and who did not own water rights, and that the local reclamation office had recommended that the government pay the other \$3,000. This would have settled with the owners of water rights and the ditch could then have been filled. Mr. Hopson, however, seems not to favor the proposition, and it looks as if nothing could be done.

BOND INTEREST DUE APRIL 1st

COLLECTIONS WILL NOT BE MADE IN TIME TO MEET INTEREST ON KLAMATH AVENUE IMPROVEMENT BONDS

A communication was read to the council last evening received by the city treasurer from Toehler & Cummings, bankers, of Toledo, Ohio, giving notice that the interest on the Klamath avenue improvement bonds would be due April 1st. It was stated that the payments from the property owners would not be collectible until July 1st, and therefore the city will have to delay payment of the interest on the bonds for three months. The communication follows:

"We beg to notify you that on April 1 there will be due and payable at your office semi-annual interest coupons on \$70,658.51, Klamath Falls, Oregon, Improvement 6's, amounting to \$2,119.51. We are writing you at this time merely as a reminder, and would thank you for the favor of a reply in the enclosed envelope, stating whether you will have funds on hand to meet these coupons promptly on maturity."
"HOEHLER & CUMMINGS."

WOULD PROHIBIT DOGS RUNNING AT LARGE

Members of the City Council Believe That Dogs Should Be Tied at Home or Led Around With a String or a Chain

G. W. White has it in for those dogs which use the city for a play ground, and introduced a motion before the council directing the city attorney to prepare an ordinance prohibiting dogs from running at large within the city. "I believe dogs are a nuisance," said Mr. White, "and I would like to see something done to prevent them from running at large. I don't care if the tax is abolished, dogs should be kept at home. The revenue does not pay for the nuisance."

"You wouldn't prohibit dogs from running at large in Shippington, would you?" asked Councilman McCowan. "In Shippington and Mills addition we have no police, as you have down here, and we are obliged to keep a dog for protection."

Councilman Wilkins stated that he owned a dog, and that the tax was paid, and he had no yard in which to tie it, and gave the council notice that he would fight the ordinance to a finish. The motion carried with a few dissenting votes.

UP IN THE AIR, OVER INSTRUCTOR

BOTH THE COLLEGE AND HIGH SCHOOL OFFICIALS DISCOURAGED OVER PROSPECT FOR AGRICULTURE INSTRUCTOR

There seems to be quite a controversy over the procurement of a suitable instructor to take charge of the agricultural department at the high school here. Mr. Griffen, who is at present at the head of the agriculture department of the Boise high school, and who had promised to come here and take up the same line of work in connection with the experiment farm, seems to have thrown up the sponge, much to the disappointment of the local authorities and those at the state department. Mr. Faught of the high school in this city wired to the state department at Corvallis to see if he could not procure another instructor in the place which had been provided for Mr. Griffen. The authorities there seem to have taken the same view of the situation as the principal here, and have accordingly expressed themselves to that effect. The following is a letter received by Mr. Faught and is in substance as follows:

SECOND STREET FILL TO BE MADE

ACTION TAKEN BY THE COUNCIL TO PROTECT SEWER PIPE LINE WHERE IT CONNECTS WITH SEPTIC TANK

The street committee was authorized by the council to enter into a contract with the Garrett Construction company for several hundred yards of dirt at 50 cents a yard, to be used in filling and protecting the sewer pipe line on Second street. The pipe that connects with the septic tank on Second street is several feet off the ground, resting on piles, and it was stated that it would be absolutely necessary to protect the pipe before another winter. It is possible to get dirt from excavations much cheaper at this time than when no buildings are in progress, and the mayor urged taking advantage of the opportunity.

JOHN D. CARROLL IS HELD TO THE GRAND JURY

On the Charge of Larceny by Bailment Bond is Placed in the Sum of Two Thousand Dollars—Has not Been Furnished Yet

After hearing the evidence in the case of the State of Oregon vs. John D. Carroll, on a charge of larceny by bailment, the defendant yesterday afternoon was bound over to the grand jury and his bonds placed at \$2,000. He was remanded to the custody of the sheriff, and at the time the Herald went to press the necessary bonds had not been furnished.

ORDER OF EAGLES GROWS

The Eagles had a gala time last night. They initiated another list of members, bringing the membership beyond the 100 mark. Con Mason and Jack Tatlock were the "real goats." They survived the ordeal. Worthy President A. M. Crystal stated to a Herald reporter today.
