

**WESTERN UNION
PLANS PENSION**

**GREAT TELEGRAPH CORPORATION
WORKS OUT SCHEME TO
BENEFIT FAITHFUL EMPLOYEES
LONG IN SERVICE**

The Western Union Telegraph company has inaugurated a pension plan for the 30,000 employees connected with that corporation throughout the United States. Announcement is made by President Theodore N. Vall as follows:

"A pension committee has been compiling statistics and analyzing existing pension plans for many months. While the plans which we are inaugurating does not go so far as we would like to have it, still it is a beginning, and we believe will materially assist in caring for those employees qualified through length of service who, because incapacity or disability are compelled to discontinue active work."

"The solution of the problem has not been an easy one in view of the large number of employees, widely diversified occupation, and the large territory over which the system extends, together with the heavy expense to the company incident to the inauguration of the pension. However, it is my firm belief that all employees identified by years of faithful service, are entitled to some financial protection against the necessity of retirement, and it is the hope of the company that this beginning will extend to a further protection of employees. Meanwhile, the inauguration of the pension plan marks an expression of appreciation on the part of the company of the loyal and efficient service rendered by its employees."

The plan in detail is as follows: Upon retirement after twenty years of service and up to and including the twenty-fifth year of such service, the employee receives one per cent of the average salary for the ten years immediately preceding retirement multiplied by the total years of service and up to and including the thirty-fifth year of such service one and one-half per cent additional for each additional year.

After thirty-five years of service and up to and including the fortieth year of such service, two per cent additional for each additional year.

After forty years of service, fifty per cent.

The minimum pension allowance to

be \$25 per month, except when otherwise directed.

No pension under this plan will exceed \$100 per month.

There are, of course, quite a number of employees who have been in the service for many years, and who are capable of still rendering active and valuable service to the company, but the system, in case of disability or unfitness for further active duty, permits a faithful employee to retire under a plan that will be of distinct advantage.

The Western Union, like other vigorous public service corporations, places by public demand, its heaviest burdens upon the younger and middle class, while there are many employees who have reached an age that preclude their being assigned to the hard and vital work now demanded of the most responsible public utilities. The system outlined by Mr. Vall has a bearing therefore, upon the prospects of all faithful and loyal men connected with the great enterprise.

**BILLS ALLOWED BY
THE CITY'S BOARD**

**ACCOUNTS FOR MARCH ARE
SCRUTINIZED BY COUNCILMEN,
WHO FIND THEM TO BE RIGHT
AND PROPER**

Last night's council meeting being the first in the month of April, the custom of acting on the city bills was observed by the council. The amounts which the city was set back by the March account were taken under advisement by the board, and each and every account was approved. There was some slight argument between Councilman Charles McGowan of the Fifth ward and the city recorder, Thomas F. Nicholas, over the bill of V. Clark Gibbs, for clerical work done at city hall. The bill included the services for April 1st, while Mr. McGowan objected, on principle, he said, to any April work being included.

The city recorder said that Gibbs was not employed by the month, and that he would pay him personally if the council objected to the bill. He also indicated that he and the other members of the council could adjust the matter without Mr. McGowan's assistance. The councilman believed he was misunderstood, and so told the recorder. No bones were broken, and the council approved this and all other bills without any further acrimony. The list follows:

A Prominent New York Politician Near Death

Hon. R. N. Lansing, of Pennsylvania, has been a member of the Assembly, Teller of Narrow Escape.

"About fifteen years ago I was taken with rheumatism, which affected my heart producing what was called valvular trouble. Three doctors told me I would never do another day's work. While I had many remedies recommended to me I got a bottle of Dr. Miller's Heart Remedy and it helped me inside of 48 hours. At the end of the week I called on my doctor and asked him to examine me. He said I was better than he ever expected to see me and asked if I was taking his medicine. When I told him I was not, but was taking Dr. Miller's Heart Remedy, he said, 'Thank the Lord for Dr. Miller's Heart Remedy.' I continued to take it, and while I realized my heart was damaged so I could not expect a permanent cure, after fifteen years I worked every day, notwithstanding I had been told I would never work again. In July, 1911, I was taken with rheumatism again, and it went to my heart as before. I got so bad that one of the Albany papers wrote up my life and said I could not live but a few hours. I again took Dr. Miller's Heart Remedy with very satisfactory results, and have since enjoyed a day at business or in the legislature since January. I feel that Dr. Miller's Heart Remedy has saved my life and I heartily recommend it to all."

Dr. Miller's Heart Remedy is sold and guaranteed by all druggists.
