"What Became of the Petition?" Editor Herald:

Dear Sir-Will you please find pace in your paper for the following: I wish to say in regard to the improvement of Oak street that eight nonths ago, in August, 1911, I circulated a petition among the proper- DISSOLUTION OF PARTNERSHIP ty owners and filed a sull-signed petition before our mayor and city council. Now the property owners are asking me. "What in the devil has secome of our petition which we all signed? Our street is not graded, the sewer is not laid, nor is any contract let for any kind of work on Oak

My petition did not specify any one one kind of paving, giving the council a chance to do the best they could for us. Well, it appears to me that we will have to pave our own street, or be more careful for whom we vote in the next city election, or they might tell us like they did last June, after the city election, that it was entirely too late to get the street ready and pave it, and it surely will be after any election in May.

I wish to say that I am unable to inform my neighbors and fellow-property owners on Oak street why our mayor and council won't do the will of the people who have the bill to pay. We were not "kettle bellied" about our petition, and allowed all who wanted to come in with us to do so, and tried to get more to improve. Now, I think we should be a little swell-bellied when it comes to voting the new city chart for fear we might be too late again when June, 1912, rolls around, and we might give one or two people too much power, and be held back an-

The mudholes on Oak street, between the depot and the main part of the city are the worst eyesores the city has, and money could not be spent in improvement that would be of more benefit to the whole city. The SHERMAN CLAY & CO.'S PIANOS. property owners should be, and they are, willing to foot the bill-they proved this by everyone signing the

retition. ..ow, if our mayor and council won't move in eight long months, it may be that we had better ask them by our votes in May to either shoot

or give up the gun. Mr. Sanderson told me last spring that he would like to get bids from some other paving companies. Nov am informed by good authority that company in Salem, Oregon, is laying concrete with a hard surface for \$1.25 per yard, with a five year guarantee; also one company in Portland paves with concrete and asphalt finish at \$1.40 per yard, and the bitulithic company in Portland paves for \$1.35 per yard. Now it may be that Mr. Sanderson changed his mind. I guess he has a right to, and so have

on the same right. Neighbors, study the new charter before you vote. It might be to your interest to do so. I don't know who is the "nigger in the woodpile." whether He is white or black, or a Very replack one whitewashed.

spectfully yours, J. B. EVANS, Corner Oak and Night streets.
