Price, Five Cents

MEXICAN FEDERALISTS RESISTING ABLY

CRISIS SEEMS OVER

MOHRAY APPLICANT HAS FOUND NO GREAT ANTI-AMERICAN FEELING, BUT GRAVE CONCERN ABOUT ANNEALATION

Murray L. Applegate arrived in the city last evening from San Francisco, on a visit to his parents, Captain and Mrs. I. D. Applegate. Mr. Applegate returned just recently to the United States from Mexico, where he has been located for the past two years. He is the general superintendent of the Pacific Tropical Fruit company, and has the management of the plantations of the Pacific Coast Fruit company and the San Blas Fruit company, which are located near San Blas, Tepic territory, on the west coast of Mexico. The Pacific Tropical Fruit company represents the banana trade of the Pacific coast of Mexico.

Mr. Applegate states that things were beginning to look a little interesting in his section just before he left for the United States. It was not known whether or not the federalists or revolutionists would be victorious, and whether there would be intervention by the United States government.

"The Madero government," said Mr. Applegate last evening, "had reached a position where it seemed on the verge of collapse, and the only hope of the federalists was in successfully resisting the forces of Orozco at Torreón. The result seemed so doubtful that the greatest concern was felt concerning the outcome. It is the general opinion that the maintenance of the Madero government is the only hope of peace in Mexico, aside from American intervention."

"Since the federal troops have shown the ability to successfully meet the situation it looks as if the crisis is past. The stand of President Taft in taking the side of Madero has been of great benefit to the federalists, as has also his action in sending arms for the protection of American residents. All of the wealthier class and property owners and more enlightened of the Mexicans are supporting Madero, and if the government succeeds in maintaining itself a few weeks longer I believe that a reaction will set in against the revolution, and peace and order will ensue."

"Contrary to many reports the Mexicans have shown a remarkable consideration for the Americans in giving protection to both life and property. There have been a few isolated cases where Americans have been victims, but these have been more the accidents of general warfare such as might be expected in any country in a state of revolution. During my two years constant residence and close connection with the Mexicans I have found no general anti-American feeling in that country, be-

APPLICANT FOR BEAT IS REFUSED

COUNCIL TAKEN UNUSUAL ACTION ON QUESTION OF ASPIRANT FOR PLACE OF CITY POLICEMAN

R. A. Addison's application for a place on the police force was turned down by the council last night. When City Recorder Thomas F. Nicholas read the application President Marion Hanks stated that the applicant had just come to the city, and when the full came for a motion he moved that the application be rejected.

"Let's don't be hasty," pleaded Councilman M. G. Wilkins. Mayor Fred T. Sanderson said that the applicant had been here a year or more, and was the son-in-law of William North. He urged caution on the part of his municipal children before they voted the application down. When the question came to vote, of the six councilmen present the vote stood as follows: Ayes—Hanks, Alford, Fielder; nays—Wilkins, Stansbie; not voting, Underwood.

yond a deep concern on the part of the Mexicans relative to intervention or annexation. The reports in this respect have been greatly exaggerated."

Mr. Applegate will spend about a week in Klamath Falls, and will then return to the company's headquarters in San Francisco to go over plans for his third year's work, which will begin on May 1. He believes that it will be only a short time before Mexico is controlled by Americans, not by annexation, but through their ownership of land and control of business. American capital has already bought up nearly half of the best land in Mexico, and colonization work is just beginning. Land can be bought very cheaply in large tracts, and with proper development will become very valuable and bring in a heavy return on investment.

ALFONSO'S YACHT IS NOTED PARAGON BEAUTY

When Youthful Skipper Master Elmo Hink to Bordaux it is Not for Physical Ailments, but to Obtain Allowance of Heart Pain

PARIS, April 10.—According to the "Cri de Paris," the King of Spain does not visit Bordaux solely for the purpose of being treated for physical ailments, but for heart trouble as well, an affair d'amour. The paper asserts that each time the king visits the French seaport a noted Paris beauty has business in the same city. The two met, says the journal, aboard Alfonso's yacht at a recent regatta.

FIRE HYDRANTS AT FOUR POINTS

RECOMMENDATION OF COMMITTEE FOR THEIR INSTALLATION STRIKES SNAG, THEN COMES TO EASY STOP

After considerable discussion last night by the council on putting fire hydrants at four points as recommended by the fire committee through Councilman Allen Stansbie, the proposition was stalled. The points named are Ninth and Mitchell streets, Ninth and Prospect streets, White avenue and Fulton street, White avenue and Upham street. President Hanks said that he wanted to be satisfied that the proposed locations would be beneficial to the public.

"The fire committee knows what it's doing, and would not suggest these places if they were not where the fire plugs are needed," asserted Mayor Fred T. Sanderson. "I don't know about that," retorted the president. "I think we ought to take time enough to consider the matter, rather than to rush it through."

TAFT'S WORDS INDORSED IN NEW YORK PLATFORM

Referendum, Recall, Democratic Tariff Revision Downward Opposed, and Tariff Higher Plan of Revision and Aldrich Bank Plan Favored

ROCHESTER, April 10.—The state republican convention adopted a platform applauding Taft's words, "Patriotism, wisdom and undramatic courage," denouncing the initiative, referendum and recall, endorsing the tariff board plan of revision, condemning the democratic house revision of tariff downward, and urging the Aldrich bank plan. The plank referring to Taft was cheered. Root spoke and denounced the judicial recall. Comptroller

Fredericost of New York denounced the platform and said in part, "because men are prone to differ with you and believe in the initiative, referendum and recall, it isn't a sign that they are anarchists, socialists or agitators. You won't stop socialism's spread until you show the people how they can expect relief from the two great parties. The people as a whole are not enjoying prosperity. With the spectacle just presented at Lawrence, Mass., don't close your eyes to the fact that the country is facing a crisis. We need remedies, not rhetoric."

He defended Roosevelt eloquently, electrifying the galleries. The convention adopted the platform unchanged. There was no roll call. A few scattering "Nays" were uttered, and the meeting adjourned. The regular meeting of the Knights of Pythias will be held this evening in the west hall of the Odd Fellows' building. There will be three candidates for the rank of Knight, and all brothers and visiting brothers are requested to attend.

MOVING SCENES INVOLVE MURPHY

FRIENDS OF TRANSFER MAN DEEPLY TOUCHED BY WHAT THEY HAVE SEEN RECENTLY AT HIS QUARTERS

Hearts of friends of Fred Murphy of the "Everything Proper" transfer house, have been touched by recent scenes at the office of the company. In fact, the series of episodes have been very moving. The reason is that the headquarters of the baggage jugglers are being changed. That is to say, the transfer company is itself being transferred. Henry Olsbacher is having the office shifted to the lot at the corner of Sixth and Main street. Incidentally a part of the edge of the sidewalk is being moved also, but there will be plenty left to walk on.

SCHOOL GROUND IS OFFERED FREE

KLAMATH DEVELOPMENT COMPANY TENDERS ALL BUT TWO LOTS, WHICH WILL COST THE CITY \$400.

It has been decided by the city school board to take a vote on the subject of acquiring a site for a school which is proposed to build between the Central school and Shippington. The proposed site, most of which will be donated by the Klamath Development company, is between Academy, Lytton street, and on these the school all of block 47, Lakeview addition, and lots 2, 3, 4, 5 and 6, block 73, Buena Vista addition. It will be necessary to buy blocks 1 and 3 in Lakeview addition, which are at the southwest corner of Academy and Lytton streets, and on these the school board has an option at \$400 for the two. These had been sold before the site had been considered.

JUSTICE HUGHES TALKED OF FOR PRESIDENT

New York Delegates Discuss Former Governor of That State in Hope of His Determination to Stick to the Bench.

ROCHESTER, April 10.—Delegates are discussing Justice Hughes as a possible candidate in spite of the fact that he declared nothing would induce him to leave the supreme bench. Leaders believe that as a result of the Illinois primaries Taft's name may not be presented at Chicago. They think if Taft is eliminated that Hughes will be nominated easily.

Hughes Declines to Air Views WASHINGTON, D. C., April 10.—Justice Hughes declined an interview regarding the presidency. He told a reporter: "The people thoroughly understand my position."

FIVE HUNDRED SLAIN IN THIRTY HOUR FIGHT MEXICO CITY, April 10.—Five hundred federalists and rebels were slain in thirty hours of fighting forty miles south of here. It continues today. Madero is anxious.

SLOUGH LAWYERS FAVOR HIS NAME

BEING PRINTED ON BALLOT, SAYING LAW REQUIRING CERTIFICATE APPLIES TO NOMINEES, NOT PRIORITIES

W. S. Slough, who has been a candidate for the republican nomination of sheriff, but whose name is not on the ballot because of the opinion of Attorney General A. M. Crawford that his teacher's certificate should be on file, holds County Clerk Charles R. De Lap blameless in the matter. Mr. Slough may later make a statement on the subject, and has, in the meantime, obtained from Stone & Barrett, his attorneys, a legal opinion to the effect that the law does not require a candidate for nomination to the office to hold a state diploma or certificate, and to have taught in the state for nine school months. The law firm states that section 3969 of Lord's Oregon Laws, providing that no county clerk shall put the name of a candidate for the office on the ballot without the above requirement was enacted in 1899, while the primary nominating law was made in 1905. The attorneys say that the latter act contains no provision making 3969 applicable to the primary law, and that it does not appear to have been the intention of the legislature to give the old section any greater scope than it had at the time of its passage. The primary election law was then unknown in the state, and the primary election ballot was not taken into consideration.

MORE FIRE BONDS ASKED BY CHIEF

RESOLUTION, INTRODUCED BY FIRE COMMITTEE, ALSO SUGGESTING ORDERING OF FIRE ESCAPES, BEARS ON REEF

Fire Chief E. W. Wakefield was before the council last night to ask that the city council take measures to vote new bonds for an auto truck. The proposition was embraced in a resolution offered by the fire committee through Councilman Allen Stansbie, which also asked that the council take measures to have all public buildings, hotels and rooming houses equipped with fire escapes, as well as to have all existing fire and other signs kept outward.

GERMAN TRADE MOTTOES FAVOR HOME PRODUCTS

Witness at Washington Takes Dig at Home Ways and Means Committee For Alleged Threatening Attitude Toward Domestic Chemical Works

WASHINGTON, D. C., April 10.—Contrasting trade sentiment in the United States and Germany, John F. Quency of St. Louis, a witness before the senate finance committee, took a dig at the house ways and means committee, which drafted a tariff schedule threatening manufacturers claimed, great damage to the chemical industry in this country. "The ways and means committee," said Quency, "has certainly shown very little loyalty to products of American manufacture. How different the Germans feel toward their own product is well illustrated in ten commandments given to every employ and posted in every German business house the world over."

BUCKET FACTORY WILL BE BUILT

CONTRACTOR WOODS PLANS NEW INDUSTRY TO BE LOCATED ON MARKET STREET NEAR—WILL BE CONSTRUCTED SOON

H. N. Woods, a well known contractor, who has been building houses in the Hot Springs district, has announced his intention of building a bucket factory in the Railroad addition, and work on the structure is expected to commence in a short time.

ROOSEVELT TAKES ILLINOIS EASILY

CLARK SUCCESSFUL DENKEN AND DUNNE PARTNER NOMINEES FOR GOVERNOR, CULLUM AND WOMAN SUFFRAGE UNDER AVALANCHE

CHICAGO, April 10.—Latest returns on Colonel Roosevelt's Illinois plurality make it 130,000. His followers claim 54 delegates, conceding Taft one, with one district incomplete. Champ Clark got a solid democratic delegation, winning 2 to 1 over Woodrow Wilson, with a majority of nearly 160,000. Denken is the republican and Dunne the democratic candidate for governor. La Follette polled 40,000 votes. Sherman defeated Cullum for senator. Woman suffrage was defeated in Cook county 2 to 1. Colonel is Jubilant United Press Service

THEY WILL YELL AT VERY MEMORY

OF THE WOODMEN DANCE WHICH IS TO BE HELD ON THE NIGHT OF APRIL 12, THAT IS, NEXT FRIDAY

At a meeting of Ewauna Camp No. 799, Woodmen of the World, held last night in the I. O. O. F. building, plans for the dance next Friday night were discussed. It is intended to make this dance so warm an event that every person in attendance, at the very thought of the good time they had, yell "Wow." The committee which has the arrangements in hand consists of John C. Brockenbrough, J. W. Tyrell and Bert D. McCoy.

LIBERTY PRIVILEGE OF SAILORS IS DEFERRED

Atlantic Fleet's 12,000 Men, Who Have Had Scarcely Any Shore Leave Since Christmas, Disgruntled That It Is Still Delayed

WASHINGTON, D. C., April 10.—Twelve thousand sailors of the Atlantic fleet in Hampton Roads, Va., are disgruntled over orders from the navy department calling off "shore liberty" privileges until after the April sea practice. The bluejackets have had but little liberty since last Christmas, except a few baseball games and other sports at Quantico.

TRAVEL IS HEAVY ON UPPER LAKE

TRANSFER PEOPLE AND TWO BOATS WHICH GLIDE OVER LAKE'S BOSOM HAVING PLENTY OF BUSINESS

Travel on the Upper Lake is heavy now, and the Curlew and the Spray, incidentally, the O. K. Transfer company, are doing a big business. This morning two big omnibus loads of travelers were taken to Shippington, it taking four horses to pull a load. There is a heavy movement of lumber-workers, especially, going into the woods on the season's cut. The boats are running every day except Sunday, one boat handling the traffic from this end of the lake and the other plying between the Upper Lake points, making its headquarters at Eagle Ridge.

A. Kalina, the enterprising merchant of Malin, was a visitor in the city today.
