BEN SELLING

Sentiment in the state is fast crystallizing in favor of Ben Selling, the progressive State Senator No. 1 candidate for United States senator. Every section of Oregon reports a feeling that a change is desired in representation at the national congress, which means a retirement of Mr. Bourne. Facts of record point to a number of things which Senator Bourne has overlooked pertaining to Oregon's welfare. His lack of attention to the reclamation fund which caused this state to lose \$5,000,000, which was Oregon's share of the fund, is a blow that this part of the state keenly feels.

Eastern Oregon needs every attention from the federal government to develop her resources, and especially the semi-arid region where without water development is bound to glow, and with water it is magic so swiftly does it come.

Ben Selling is the kind of man not to neglect things for Oregon. When he is senator he will be watchful of the needs of the state, and he knows those needs very well, because he has been associated with the people all of his life. His progressiveness is too well understood to need mention, for he was one of the original fighters for Statement No. 1, the direct primary and the initiative and referendum.

UNIFORM DIVORCE LAW WOMEN'S CLUB TOPIC

National President of General Federation Believes States Will Have to Act First on Subject. After Which Federal Consideration Will Come

United Press Service

ST. LOUIS, April 10.—A uniform divorce law for the United States will be one of the most important issues to be acted upon at the next biennial congress of the General Federation of Women's Clubs in San Francisco, according to Mrs. Philip N. Moore, national president, here today. Mrs. Moore declared that the matter was now being considered by the club women in their particular states, and would be before the convention in June for final action.

"The executive board of the General Federation of Women's Clubs passed a resolution favoring a uniform divorce law after complaints had been received from different state organizations, asking whether something could not be done to remedy the divorce evils existing," said Mrs. Moore.

"We referred this resolution back to the state organizations, and many of them have already sent in resolutions endorsing the action for the uniform divorce law. In this way the matter will be thoroughly digested in the minds of the club women before we meet, so that some definite action is certain to be taken.

"I cannot say just what the Federation will recommend, as articles of the uniform law. The abuses in some states are different from those in others, and when the women get together we will then be able to get all sides of the story and formulate recommendations that will represent every phase of the problem in this country.

"While a uniform divorce law will have to be a federal law finally, I believe that the uniform law will have to be acted upon by the states individually first. Then it will be put up to congress. The executive board passed resolutions after we received word from one state, for instance, that marriages not valid there would be valid in the adjoining state. From another state came word that a man having procured a divorce could not remarry, yet he could be married in another state. Various complications, both legal, in regard to property, and social, arose as a consequence, and it was the sense of the various state organizations that something should be done and done soon."

Mrs. Moore clearly indicated that the Federation might be expected to go on record as favoring legislation which would prevent, for instance, a person divorced in one state, and forbidden by the courts to remarry, merely crossing the border into another state and being granted a license. In this connection the question of conditions under which marriage licenses shall be granted will come up, with promise that recommendations will be made for legislation, setting a uniform period of time a person must be a resident of a state or county before a marriage license may be secured; or the setting of a uniform time in which application for a license must be filed before the license is actually issued.

It is believed by the women that such legislation would prevent persons forbidden to marry in one state going to another to evade the law, and also check many hasty marriages which some times lead to divorce.

The General Federation of Women's Clubs has a membership of 500,000, representing every state in the Union.

More About the Oak Avenue Paving

Dear Sir—Please find space in your paper for a few more facts about the paving of Oak avenue. While Mr. Jack Evans in his letter of the 6th inst., which you published, hit the mark, and was cold, hard, boiled facts, and his neighbors fully agree with him, yet Mr. Evans did not tell it all.

The property owners on Oak avenue have been working together, and working hard, in every way they could for just about two years, all told, to get that mud hole between the depot and the city repaired, so that people can pass that way without wading, and yet our mayor and city daddies stave it off from one meeting to another with the flimsy excuse that the estimate is not made or it is not to come up for another week or so, and so on.

Now it seems to me that our city daddies surely could spare ten or fifteen minutes of their very valuable time and give Judge Nic the authority to get bids for some suitable paving, and order it paved.

We know the judge quite well, and we will bank on his doing his duty, and we believe he will get bids that will be satisfactory to all, for we are not fighting ourselves over here on Oak avenue, and we would be pleased to have our street improved with any good, substantial paving at a reasonable price.

We also agree with Mr. Evans about the new city charter. How on earth can Mr. Sanderson and our city daddies expect the citizen to place any confidence in them or their charter, either?

Mr. Evans worked hard for ten days to get every man and woman who owned property on Oak avenue that lived in the city at the time to sign that petition, and he got them. He has certainly done his part. We believe he is right about the council and their one-man charter.

We have a perfect right to have our street paved, and the city daddies can't offer any excuse. We don't think they intend to pave it, and if they do intend to, why, it won't take any longer to order it done than it takes them to chew the rag and postpone it until the next meeting, the same as they have been doing. Yours respectfully, GEO. G. REED, Oak Avenue.

We have some very desirable 4th street property for sale—Stephens-Hunter Realty Co.

"I cannot consent to such use of my name. I am not a candidate, and am not willing to be put on the ballot. Every progressive should choose between the progressives who are candidates, and should not only vote for his choice, but should see that progressives are sent as delegates."
