KLAMATH BOYS LOSE TO ALBANY

Word was received last evening that the Albany high school debating team was given the decision over the Klamath Falls representatives, Edwin Cox and Forest Pell. While the boys have brought credit to the high school by their excellent showing in the former debates during the season, it is asserted by friends of the school that one reason for their defeat by Albany was their failure to secure the necessary material for their arguments. They were forced to rely almost entirely in their preparation on local knowledge of the subject.

Mrs. Geo. Eccles, mother of Mrs. I. Jay Knapp, who fell last week and injured herself, is reported as recovering. As Mrs. Eccles is 81 years of age, her recovery is naturally slow.

BOXING CONTEST DURING RODEO

FRANKIE EDWARDS AND BUD ANDERSON WILL GIVE EXHIBITION HERE ON JUNE 1—FAVORITES IN PRELIMINARY

That on June 1st Frankie Edwards of Oakland and Bud Anderson will meet in a boxing exhibition is now assured. It will be a twenty-round affair. Telegrams have been received here from the principals, and also from their friends, assuring the local people of their eagerness to give the exhibition in this city. Supplemental demonstrations of the manly art will be given by local men, and a great night of mirth and fun is expected.

It is entirely probable that Kid McCallan and other old-time buggies will be around. Anderson is in Medford, and he has telephoned his willingness to come here, confirming it with a telegram. Edwards' wire came yesterday from Oakland, and he says he is ready to come immediately. So that aside from the formalities, with which both men are perfectly familiar, there is no impediment to the bringing off of the exhibition. It will take place during "Rodeo" week, and will be a great success.

THINKS MADERO WILL ABDICATE

IN WASHINGTON TO OPPOSE AMERICAN INTERVENTION

L. Gutierrez Delara Predicts Success of the Rebels in Four Months, and Says "If America Intervenes Every Mexican, Federal and Rebel, Will Turn and Fight the Americans to the Death"

United Press Service
WASHINGTON, May 4.—L. Gutierrez Delara, who is here opposing American intervention, predicts Madero's abdication and the success of the rebels in four months.

He said: "If America intervenes, every Mexican, federal and rebel, will turn and fight to the death. I expect a revolutionary crisis in a battle near Torreon within two weeks. The Americans are perfectly safe in the hands of the rebels. Most stories of American lives being endangered are lies."

NEW COURSE IN DAIRY FARMING

United Press Service
CORVALLIS, May 4.—A new course in milk production is to be offered by the dairy department of the Oregon Agricultural college next fall. Few colleges separate the manufacturing and production features of the dairy instruction, but at O. A. C. it has been decided to offer two separate courses, so that students may specialize in either branch of the industry they desire, or take both at once.

The new work will take up in detail the care, management, breeding and feeding of dairy cattle to the end of gaining the largest possible milk production, and will also give the student a thorough knowledge of the history of pure-bred dairy cattle.

The college hopes in the near future to be able to establish in connection with this work a dairy demonstration farm of about eighty acres on which the students can gain actual practical experience of the management of a dairy business. It will be made entirely self supporting in time, as all of the feed for the cows will be raised on this tract, where they will be bred, grazed, and cared for as on any commercial dairy farm.

The equipment of the dairy laboratories has just received the addition of another steam turbine Babcock tester, made necessary by the growth of the department since entering the new building.

Don't fail to hear what Mrs. Silbaugh has to say on "A City's Welfare" Sunday evening at the Methodist church.

BENSON RETURNS ON NEXT TUESDAY

WILL HAVE TO IMMEDIATELY GO TO LAKEVIEW TO BEGIN MAY TERM OF COURT IN COUNTY OF LAKE

H. L. Benson, who has been holding court for Judge J. S. Coke in Coos County, will not be in Klamath Falls until Tuesday. The boat Brekwater, upon which he is on his way to Portland, will not arrive there until tomorrow, which will make it unavoidable for him to return here prior to Tuesday, and will also undoubtedly dispense with any possibility on his part of taking up any holdover matters on the circuit docket, in advance of his visit on circuit court business to take up the term of court in Lake county.

That Judge Benson accomplished much work for Judge Coke in Harborside is shown by the fact that he had two murder cases to try and eight equity suits, and is commended by the fact that he tried all of them and secured united juries in all but trials.
