

WOULD ASSIST THE UNEMPLOYED

CREATE FUND TO BEGIN WORK BY CITY

Commercial Club Starts to Raise Sum to Buy Warrants at Par to Create Fund to Start Street Improvement Work to Give Employment to the Unemployed Workmen Now in the City

One of the purposes of the meeting yesterday of the Klamath Commercial Club is said, by the members who were present, to have been a movement to raise a fund of \$5,000 or \$10,000 for the purpose of buying city warrants at par, and have the money turned over to the city to be used in starting improvements in the city, so as to give work to the unemployed. The matter was placed in the hands of a committee, and it is said that the list was started with a subscription of \$200 by H. E. Murdoch.

The business men are anxious to see improvement work started by the city, as there are quite a number of unemployed men here, and it is realized that the city will be unable to sell improvement bonds until the charter question is settled so that bond buyers will be satisfied to purchase the bonds of the city.

It is stated that a movement is on foot to have two new charters drawn up, a commission form and an aldermanic measure, to be submitted to the voters at an early date, so that a charter can be adopted whose validity will not be questioned. This matter is also being considered by members of the council, and it is probable that some plan will be suggested at the meeting to be held this evening. If a new charter is not presented the only other course seems to be that of getting a decision of the supreme court on the legality of the present measure. Whichever is found to be the quickest method will probably be followed.

Mount Katmai Still Active

Special Cable to United Press. CORDOVA, June 11.—Mount Katmai is still erupting violently, and it is believed that Mount Redoubt and Mount Hlamma are also in action.

The steamer Sampson reports the city of Seldovia is safe. The revenue cutter Manning brings the news that the sailboat Dora Kodiak was not badly damaged and the crew safe.

The Manning is having difficulty with the wireless, and cannot get into direct communication with Kodiak.

The Dora was unable to reach Kodiak on account of ashes and smoke. Cordova was in a shower of ashes for hours. Much apprehension is felt for the safety of revenue cutters.

Men Will Have Banquet

A men's banquet will be given at the Library hall at 8 o'clock this evening by the men of the Christian church. All who are interested in the men's work are invited to attend.

GO TO CHICAGO IF NECESSARY

ROOSEVELT WON'T DENY THAT HE HAS A SPECIAL TRAIN ALL READY TO RUSH HIM TO CHICAGO ON SHORTEST NOTICE

United Press Service. OYSTER BAY, June 11.—Colonel Roosevelt would not deny that a special train was ready to whirl him to Chicago. He said: "I have no intention at present of going to Chicago this week. I will not go unless it is necessary."

ROOSEVELT DELEGATES WILL LEAVE TONIGHT

United Press Service. SAN FRANCISCO, June 11.—The Roosevelt delegation leaves for Chicago this evening, via Los Angeles, Fresno and Stockton. The Johnson reservation will be used by Hiram Johnson Jr. and wife.

Would Prove Darrow Guilty of Other Offenses

United Press Service. LOS ANGELES, June 11.—Attempting to support the allegation that Clarence Darrow is guilty of other offenses besides the bribery of Leekwood and Kenne, Fitzpatrick, a former McNamara detective, was placed on the witness stand, corroborating the stories of Franklin and Conroy. He swore that under Darrow's personal instructions they watched several men to hide if they wanted to avoid service upon the McNamara jury.

SETTLERS GOING ARE TO FORT ROCK

Dry Farming in the Northwestern Portion of Lake County Proves Successful, and Many Are Attracted to That Section

Settlers are continuing this season to pour into the Fort Rock district, in northwest Lake county, in South Central Oregon, which has filled up rapidly in the last two years. It is now estimated that 100,000 acres in the immediate vicinity of Lake Rock have been homesteaded by settlers and successful crops are being raised by dry farming. This country is reached by stage line from Bend, sixty-five miles away now, but with the completion of the Natron cutoff of the Southern Pacific, it will have a railroad market within a day's drive at Lomroth, in North Klamath county.

Lomroth will be about thirty miles distant from the center of the new community. Dry farming here is proving one of the best successes in any district of Central Oregon, wheat being the prize crop. In the northern part of the Klamath reservation fine artesian water is being found at depths of from 50 to 300 feet, and a number of holes will be drilled in the Fort Rock country this summer, in an attempt to get good artesian water.

BALDWIN TO OPEN ANOTHER STORE

HARDWARE COMPANY WILL ESTABLISH NEW RETAIL STORE FAULTHER DOWNTOWN—PRESENT QUARTERS CROWDED

The Baldwin Hardware company is planning to open another retail store farther downtown, and it is probable that the new White building, which is to be erected between Fifth and Sixth, on Main street, will be secured. The hardware company now has two warehouses in addition to their large retail store in the Baldwin building. Most of their machinery and implements are stored in the Baldwin warehouse near the Southern Pacific depot, while another warehouse is used opposite the store. These three buildings are over-crowded by the large stock carried by the company.

When asked this morning in regard to the matter Judge Baldwin said:

"Yes, we are planning to open another store farther downtown if we can find a suitable location. Since we moved out of the hotel building we have been crowded for room. As we carry such an immense stock of every line of the hardware and implement business, we need an awful lot of room. There are so many goods that we carry that is handled by none of the other stores in town that this trade comes to us anyway, but there are a lot of smaller sales that we lose by not being nearer the center of town. A complete line of shelf hardware and all of the smaller goods connected with the hardware business will be carried in our new store, while the heavier goods and implements will be handled in the present store. Both stores will be kept open, as we will have to keep a man here to handle the farmers' trade, which has been the bulk of our business."

The R. E. Smith Realty company has moved into their new office in the Evans building, between Fifth and Sixth street.

MARINES COOL UNDER HOT FIRE

United Press Service. WASHINGTON, D. C., June 11.—The state department paid no attention to yesterday's engagement between the United States marines and the Rebels in Cuba, except to say that the marines "behave splendidly under fire."

It is believed it will require something more serious to cause intervention.

Big Class of Pythians

The rank of Page will be conferred on a big class at the regular meeting of the Knights of Pythias tomorrow evening. All members and visiting brothers are cordially invited to be present.

Hanford to Be Investigated

United Press Service. WASHINGTON, D. C., June 11.—The house judiciary committee reported favorably on the resolution recommending that Judge Hanford's actions be investigated. It will be reported to the house tomorrow.

SUGGESTS PICNIC ON ANNUAL SCHOOL MEETING

Superintendent of Public Instruction L. B. Alderman has sent out the following letter for publication in the newspapers of the state, urging the patrons of the school to recognize the importance of the annual school meeting:

"We do not attach sufficient importance to our annual school meeting. This year our annual meeting occurs June 17th. On this day one director and the clerk are to be elected in every school district in Oregon, a matter of much importance to each community. I should be very glad, indeed, to find that many of the Oregon school districts were making the day of the annual school meeting an important occasion, and at the same time taking advantage of being together to talk over the problems of the schools.

"The voting for director and clerk will take place at the school house. It should be remembered that women already have the privilege of suffrage in school elections. If all the women of the community will pack their lunch baskets, and assemble at the school house on the morning of June 17th, I am confident that the men will be there also when the sun reaches the meridian. Of course, the members of the family under voting age will have to have their dinner. So all will spread out their lunches under some pleasant shade and enjoy dinner together.

"After a good dinner all will be in the right frame of mind for selecting the officers, and discussing school affairs. The patrons will have this opportunity to investigate the conditions of the school house and grounds and see what repairs are needed; whether the school house is properly heated, lighted and ventilated, and what books and pictures are most needed. Let us make June 17th a red letter day for our district."

ROOSEVELTERS WIN A PARTIAL VICTORY

United Press Service. CHICAGO, June 11.—The Roosevelt voters won a partial victory when the committee approved the action of the Fifth district in the Kentucky convention sending Taft and Roosevelt delegates to Chicago, thus splitting the vote of that district. A hot debate ensued. Finally one Taftite and one Roosevelter were seated by the committee by a vote of 38 to 13. The committee seated Taftites in the Seventh district.

Strike Not General

United Press Service. LONDON, June 11.—The indications are that the call for a general strike of dockmen will not meet with ready response. Men are working in the Scottish and Welsh ports and at Liverpool. Seven thousand men are out at Bristol. The cabinet is considering the situation, and report that only one-fifth of the union workers outside of London are on strike.

WILL BUILD NEW CREAMERY PLANT

REINFORCED CONCRETE BUILDING TO COST \$7,500

Klamath Falls Creamery to Have New and Modern Plant on Klamath Avenue, With Five-Ton Storage Plant and Wholesale Ice Cream Establishment in Connection—To Be Finished in Sixty Days

Mills & Johnson, proprietors of the Klamath Falls Creamery, are to build a new creamery on Klamath Avenue. Lyle Mills, the senior member of the firm, stated today that he had settled on the location of the new plant, and the work of construction was to start at once, so that the new plant would be ready for operation within sixty days.

The building is to be constructed of reinforced concrete, and will be 40x75 feet, and will cost approximately \$7,500. In addition to the creamery a five-ton cold storage plant is to be installed and a wholesale ice cream establishment. The enormous increase in the business of the creamery has made it necessary to have a larger plant. During the last month over 25,000 pounds of butter were shipped out of Klamath Falls. Considerable new and modern machinery is also to be installed in the new plant.

SUPERVISORS OF STATE TO MEET

EVERY COUNTY IN CALIFORNIA TO BE REPRESENTED AT SAN FRANCISCO TO PLAN ENTERTAINMENT AT FAIR

Special to The Herald. SAN FRANCISCO, June 11.—President Charles C. Moore of the exposition has sent a personal letter to the county supervisors throughout the state, urging them to attend the meeting of the supervisors and committees of the California counties, which will be held at the St. Francis, San Francisco, on June 20th. In his letter President Moore says:

"The subject of the conference concerns the best way to secure for California the full benefit of this exposition. In order to do this it would seem proper that the state should have a building in which she can worthily play host to the other states which will be her guests.

"The proposal has been made to provide a great central state building which shall be used first, for the purpose of receiving and entertaining those who will be the guests of California, and, secondly, for the exhibition of those things which will not only interest the visitor to the exposition, but will enable him to gain quickly information regarding any section of the state, its products and resources.

"One feature of this building which has been considered is a great hall which can be used not only for receptions and meetings, but for banquets or as a lounging room when not otherwise in use—this hall to be the main feature, and to be of a character to attract the attention of every visitor. Adjoining this, it is proposed to erect around a great patio a structure whose architecture will be both superb and attractive, so that no one coming to the exposition can fail to have his interest excited. The space will be subdivided for the use of counties.

"What is the best way to secure this building? That is the question which the supervisors will have to take up and thresh out in a wise and liberal way."

Attention is also called to the meeting of the counties convention of the California Development Board on the following day, Friday, June 21st, at San Jose. On that day special trains and automobiles will center there from all parts of the state, and the meeting will be one of the most important which has ever had before it the subject of good roads for California.

SUIT IS FILED AGAINST MCCOLLUM

Attorney Thos. Drake this afternoon filed a suit with County Clerk De Lap in the action of P. F. Doyle vs. W. F. McCollum and Ethel Eleanor McCollum in a matter which has had various phases of litigation for the past six years, arising out of a mortgage made in January, 1906, the collateral being property consisting of about 450 acres of valuable land in the Keno country, in the vicinity of Teeter's landing. A promissory note for \$1,500, with 7 per cent interest, amounting to \$162.43, is the basis of the suit, but it is stated that this is only a preliminary step in the litigation to the acquirement of the entire acreage involved.

The case will probably be tried in the forthcoming term of circuit court by Judge H. L. Benson.

Outdoor Band Concert

The first public concert of the season will be given tomorrow evening in the court house square by the Klamath Military Band. The concert will begin at 7:30.

DIRECTOR OF ATHLETICS TO GO TO STOCKHOLM

Special to The Herald. UNIVERSITY OF OREGON, Eugene, June 11.—William D. Hayward, director of athletics at the University of Oregon, has left for New York, where he will meet Martin Hawkins and Walter McClure, Oregon's representatives at the Olympic games, and accompany them to Stockholm.

It was thought for a while that Mr. Hayward would be unable to attend, but at the last moment the necessary funds were secured, and he was sent to train, not only Oregon's men, but also Courtney of Washington, a sprinter; Horrie of California, a high jumper, and Kelly of Southern California, a hurdler. It is considered an important item for the coast men that they may have a coast trainer of Hayward's ability.

On June 12th a meet between all the athletes will be held in New York for the purpose of aiding the team on its trip to Stockholm. Walter McClure will be entered, but due to the fact that Martin Hawkins was detained by his examinations he will be unable to enter.

The team has chartered a boat, upon which the members will travel and live during the entire trip.

The Olympic games will be held some time in July, and the United States has excellent chances of capturing the meet.

Going to Get Married

Sam Bishop, the colored porter at Swanson's No. 2 barber shop, left today for Georgia. He announced before leaving that he was going South for a wife, and expected to bring her back to Klamath Falls with him shortly.

"OREGON MONTHLY" WILL ISSUE CAMPAIGN NUMBER

Special to The Herald. UNIVERSITY OF OREGON, Eugene, June 11.—Miss Lola Dunham, the editor of the Oregon Monthly, has plans under way for making the first number of the magazine next October a campaign number, and to have it out before the fall elections.

The alumni and students are to back the proposition, and a copy of the issue is to be placed before every voter in the state.

The magazine will contain a series of articles, showing the work of the university, and the university's service to the state at large.

It is hoped that this may aid materially in influencing the voters of the state to support the recently drawn initiative measure for a 6-10th mill tax levy, to be divided between the Oregon Agricultural College and the university.

The position of editor of the monthly is the highest position a co-ed can obtain in college, and the work which Miss Dunham has instituted will no doubt mean a great deal to the University of Oregon.

Says Judge Hanford is the Tool of Corruption

United Press Service. WASHINGTON, D. C., June 11.—Declaring Judge Hanford a judicial pervert, a moral bankrupt and a tool of corruption, as a special privilege Attorney John Perry of Seattle asked permission to file with Congressman Norris an affidavit supplementing Congressman Victor Berger's impeachment charges. Today Perry presents the affidavits to the judiciary committee, which then fixes the date of the hearings.

LAND GRANT BILL FAVORED BY SENATORS

The Measure Provides How Land Reverting to the Government Shall Be Patented—Bourne Bill Reported Favorably

WASHINGTON, D. C., June 11.—The senate public lands committee has authorized a favorable report on the Bourne bill, supplementing an act instructing the attorney-general to institute Oregon and California land grant suits. The bill ratifies the claims for forfeiture instituted before proceedings to invalidate the grants. It provides that lands reverting to the government shall not be subject to state selection or scrip filings, but be disposed of under the general land laws, and that lands purchased from the Oregon & California railroad by bona fide purchasers shall be patented to them upon payment to the United States of \$2.50 an acre, these benefits not to apply to lands aggregating 2,360,000 acres involved in the suit pending in the district court of Oregon against the Oregon & California, the Southern Pacific, Stephen T. Gage and the Union Trust company.

Company Agrees to Arbitrate

United Press Service. BOSTON, June 11.—The Rapid Transit company has agreed to submit the carmen's strike to the state board of conciliation.

TROUBLE ANEW AT SAN DIEGO

DOZEN INDUSTRIALISTS ARRESTED—THREATEN TO START A MOVEMENT TO DISRUPT STATEHOOD OF CALIFORNIA

United Press Service. SAN DIEGO, June 11.—Trouble is simmering again following the arrest of a dozen industrialists. Three of these say that Detective Captain Jos. Myers told them he was a member of a secret organization which plans to "wipe you fellows off the map."

Myers denies the statement. The vigilantes threaten to start a movement to separate the statehood of Southern California as a result of Governor Johnson's interference.

TWO MILES AND A HALF OF FENCE AROUND EXPOSITION

Special to The Herald. San Francisco, June 11.—It is estimated that the fence that is to enclose the exposition will be two miles and a half in length.

At a meeting of the building and grounds committee held a few days ago it was decided to have it nine feet high, and not to permit advertising on it. The board of supervisors of the city and county of San Francisco have also been petitioned to close all the streets within the exposition site.

ASKS RELIEF FOR VOLCANO SUFFERERS

United Press Service. WASHINGTON, D. C., June 11.—Delegate Wickersham of Alaska introduced in the house today a joint resolution appropriating \$50,000 for immediate dispatch to the revenue cutters at Kodiak for the relief of the volcano sufferers.

BARNES HOLDS STAGE CENTER

TAKES A HAND IN CHICAGO CONVENTION

New York Man With Uninstructed Delegates Is Commissioned to Defeat Roosevelt, Even if It Is Necessary to Eliminate Taft—Root Is Mentioned as Compromise Candidate—Bolt Talk Ridiculed.

United Press Service. CHICAGO, June 11.—William Barnes Jr. of New York occupies the center of the stage. The Taftites have commissioned him to defeat Roosevelt, even if it is necessary to eliminate Taft. The Taftites are certain he will control the convention, nominate Taft and dictate the platform. If it develops that Taft's nomination is impossible, Root will probably be substituted.

Barnes asserts that Root's election as temporary chairman is certain.

The Rooseveltites ridicule the Root talk, and insist that Hadley will be temporary chairman.

The situation today is as follows: Uncontested delegates instructed for Taft, 201; Taftites national committee has been seated; 84 contests remain undecided and 170 uninstructed. Both sides are claiming the 166 uncontested delegates. The Roosevelt crowd claims 411; La Follette 26, and Cummins 10.

Roosewater and other Taft committeemen are preparing to prevent Flynn's plan to storm the convention hall and the convention refuse to recognize the temporary roll. If they do it will result in wholesale ejections. Talk of compromise candidates has been renewed by the Cumminsites. They expect La Follette and Cummins delegates to deadlock the convention, and prevent the nomination of Taft or Roosevelt. Joseph Keating of Indiana, the may be the compromise candidate.

The Taftites assert that Taft controls the convention credentials committee 22 to 21. Borah insists that Rooseveltites control the convention. He said: "I think the bolt talk is premature, as most of our delegates have not arrived. Until we get together on the convention floor it is impossible to tell what will be the purpose of the delegates."

The committee today considered the Kentucky contests. The fight centered in the redistricting of the state by the legislature. Rooseveltites also allege fraud and intimidation.

The committee voted 38 to 11, to seat four Taft delegates-at-large from Kentucky.

The committee seated Taft delegates from the First and Second Kentucky districts.

Because of the slow progress in the contests, the committee has decided to start night sessions Thursday, desiring to complete temporary roll by Saturday noon.

CUBA PLEADS FOR MORE TIME

SENATE COMMITTEE OPPOSES INTERVENTION ALLEGING SUGAR TRUST FOMENTED REBELLION TO FORCE ANNEXATION

United Press Service. WASHINGTON, D. C., June 11.—The battleship Rhode Island and the cruiser Washington, with Rear Admiral Osterhaus commanding, are in Havana harbor. Speaker Ferrera of the Cuban house, is here pleading for more time. President Taft arrived at noon, and the Cuban situation was immediately discussed.

Senators Nelson, Root and Bacon are heading the senate opposition to intervention, alleging the sugar trust fomented the rebellion to force annexation.

Osterhaus has been instructed to land marines when Gomez needs assistance to stop street fighting.

WOMAN to do general housework; good wages. Phone Sub. 97, Ash-groey ranch. 11-04
