Head of the Largest Republic in the World Greatly Resembles the Car in That He is Systematically Sought by Friends of the Enemy

United Press Service

PEKIN, June 11.—Hardly a day passes without the discovery of some plot to assassinate President Yuan Shi Kai, who is equally hated by the supporters of the fallen Manchus and by the republicans who believe he contemplates establishing a monarchy or dictatorship of his own.

The most formidable individual recently chosen to remove the Chinese chief executive was Tseng Kwang head on the republican "Iron and Blood" corps at Tientsin, who received, as the government rather indefinitely expresses it, a bribe of "several tens of thousands of dollars" from Ten Liang, a fanatical friend of the Manchus, to kill Yuan.

A day or two before Tseng was to have started from Tientsin for Pekin to earn his money, however, members of the corps discovered that he was provided with bombs, the purpose of which they did not understand, extorted a confession from him, and turned him and his three brothers over to the authorities.

All four were taken to Pekin for trial. They have since quietly vanished, as so many plotters against the president do, and the general impression is that they have been strangled in prison.

THE CITY COUNCIL WILL MEET TONIGHT

An adjourned meeting of the city council is to be held this evening. It is probable that some plan will be considered in order that the city will be enabled to begin improvement work. Appointment of street superintendent and other employes of the city may also be made this evening.

Excavation Work Starts

TESTED MATERIAL FOR HOME BUILDING

appeals to the conservative man because it offers a tangible basis upon which to reckon. Take lumber, for instance, and you can see evidence on all sides where houses that were built of wood have outlasted a generation, and are today (if they have been given proper care) as good as new. Wood has stood the test, and is utilized today as economically as any other material, considered from all points—appearance, durability and healthfulness. In its use you have precedence to go by. What others have done with it you can do, and the lumber we handle these days is the product of the best "quality" mills in the United States. It's a pleasure to show it as well as to talk its various uses, and we are at your service from 7 to 6 daily. Come in.

Heart Disease Almost Fatal to Young Girl

"My daughter, when thirteen years old, was stricken with heart trouble. She was so bad we had to place her bed near a window so she could get her breath. Our doctor said, 'Poor child, she is likely to fall dead any time.' A friend told me Dr. Miles' Heart Remedy had cured her father, so I tried it, and she began to improve. She took a great many bottles, but she is spared to me today, a fat, rosy child. No one can tell me the confidence I have in Dr. Miles' Heart Remedy." A. R. CANON, Worth, Mo.

The unbounded confidence Mr. Canon has in Dr. Miles' Heart Remedy is shared by thousands of others who know its value from experience. Many heart disorders yield to treatment, if the treatment is right. If you are bothered with short breath, fainting spells, swelling of feet or ankles, pains about the heart and shoulder blades, palpitation, weak and hungry spells, you should begin using Dr. Miles' Heart Remedy at once. Profit by the experience of others while you may.

Dr. Miles' Heart Remedy is sold and guaranteed by all druggists.
