WANT HELP FOR CELEBRATION

FOURTH OF JULY COMMITTEE CITY-COUNCILMEN OPPOSED TO USING FUNDS FOR PURPOSE

The Fourth of July committee of the local Lodge of Redmen last evening presented a petition to the city conucil asking an appropriation of \$250, and other concessions, and asking the mayor to prohibit the use of preworks within a certain district in the city. The matter caused considerable discussion, and was finally referred to a committee composed of McGowen, Crister and Alford, who are to report at the next meeting of the econcil on Monday night.

Expressions from a number of the councilmen were in opposition to any money appropriation, as it was argued that the city had no money. The members favored using any money they might be able to raise on improvements, rather than for celebrations. Some of the members favored turning on the string lights during the Fourth, and possibly permitting TO STRENGTHEN the revenue from concessions to go the revenue from concessions to go to the committee.

The petition was as follows:
