BEND HOLDS FIRST WOOL SALE AS RESULT OF R. R.

BEND, June 21.—Since the completion of the railroad to this point Bend has had many "firsts," and the initial wool sale in the town's history is scheduled to be held today. Wool began coming in the first of the week, and 500,000 pounds are now in the warehouse. This came from Lake county to the south and from South-eastern Crook county and the Harney county.

At the same time that the wool is going out by rail, sheep are being shipped in. This is also something new here, as well as to the sheepmen. The animals are being brought from the Antelope and Shantko country on their way to the mountains to graze during the summer. They are loaded on cars at points north of Madras and shipped here, the railroads having made rates low enough to make shipping cheaper than the sheepmen can trail the animals in the old way. There will be 25,000 to come in this way this season.

The unusually heavy spring rains have made grazing much above normal this year, and an abundance of wool and mutton is predicted this season.

is the finest your money can purchase. This does not imply that it need be very expensive or elaborate. Now that spring is at hand you should be ready for the summer heat, when a nice bathroom is more than a luxury. Modern sanitary methods have greatly lowered the cost of these necessities, and by getting in touch with Greeley, the Plumber, you will find the installation of an up-to-date bath is not a formidable undertaking.
