DELAYS ARE DANGEROUS

Are you awake? Are you alive to your opportunities? It is not necessary to urge you to save money; that is your impulse.

Stand not on the Order of going, but go at once. Quick action is imperative. The cost of the necessities of life is constantly advancing. The values offered at the sale will in a few months be more than double what is now asked. Here prices will strike the very bottom before this Great Sale ends, and it requires no great amount of wisdom to see the advantage of buying NOW.

ABSOLUTELY FREE TO FIRST TEN MEN

Entering the store on Saturday morning, June 29th will be presented with a pair of 50 cent suspenders.

Bargain Tables

On our bargain tables, conveniently displayed for quick selling, you will find hundreds of useful articles at prices that are actually an insult to the quality of the goods. This is not an idle boast, but plain unvarnished truth which will emphasize the importance of this noteworthy and marvellous sale. We will not, and do not want to make a farthing of profit during the 15 days. What we must do is to sell the goods, even at a big loss of money, in order to make room for our Fall and Winter stock. "It's an ill wind that blows nobody good." Our loss will be your gain. Come and assist in the distribution of these astonishing bargains. Come and enjoy this sumptuous bargain festival. Remember the opening day.

The thrifty will be quick to see and grasp the opportunity. It will fill the soul of the tight wad with ecstatic joy, and make even the careless and indifferent sit up and take notice. One passing inspection will convince the most skeptical. Come in, make your own selection, name your own price—almost—and stock with an eye to future needs.
