KLAMATH FALLS, OREGON

MONDAY, JULY 8, 1912

MISSIONARIES FOUND AMONG RIVER PIRATES

United Press Service

CANTON, China, July 8.—Missionary circles were shocked today at the discovery that a number of natives prominently identified with mission work are river pirates of the most desperate character.

The discovery followed a recent raid by republican troops upon a nest of the outlaws at Takking. These men had been having things so much their own way that Takking had been abandoned as a port of call by West River steamboats. Urged on by scores of merchants whose business was threatened with ruin, the soldiers seized the town, captured forty of the most desperate outlaws. Twelve of these confessed their guilt, and were summarily shot. The others are being shot as fast as they can be tried. So far there have been no acquittals.

Efforts made by some of the missionaries in their behalf revealed their identities. The horrified missionaries refused to attempt to interfere with justice, but offered all spiritual consolation possible to the culprits.

DEMANDS STATEMENT OF ROOSEVELT'S EXPENSE

La Follette's Weekly Asserts That the Colonel Had the Financial Support of Many of the Trusts in His Campaign for the Nomination

United Press Service

MADISON, Wis., July 8.—Renewed demand that Colonel Roosevelt publish his expense account of make a statement as to why he will not, is made by Senator La Follette in his magazine today.

La Follette declares that Roosevelt had the backing of the Harvester trust, the Steel trust and Perkins, Hannan and Munsey, and that his campaign has been characterized by a "vicious expenditure of money."

WORK OF CLEARING SITE IS PROGRESSING

Special to The Herald

SAN FRANCISCO, July 8.—Security buildings have been removed from the 1913 Universal Exposition site, and the work is still progressing. Within another thirty days there will not be a structure or an incumbrance on the site. Nine pieces of property west of Laguna street and east of Van Ness avenue are still to be acquired. Condemnation suits have been brought against all the owners, and the attorneys for the exposition are pushing these suits so that the buildings and grounds department will not be delayed in its important work.

Plans for the construction of the fence are prepared, and bids will be called for as soon as the city authorities close the streets on the exposition site. The work of the construction of the sea wall is almost completed—more than 10,000 cubic yards of stone have been hauled to the site by contractors.

HOPE TO MASTER THE STRIKE PROBLEM

United Press Service

MELBOURNE, Australia, July 8.—In the hope of mastering the strike problem a sweeping measure has been introduced by the government of Queensland. Among other things it provides that labor organizations must take a secret ballot of their active membership as a condition precedent, giving two weeks' notice to employees before quitting work.

Proposed changes, effective July 2, 1912, in Queensland, that will give the 13,000,000,000.

We have the very desirable property located in the city—Southwest—Klamath Realty Co.

TO INCREASE FARM PRODUCTS \$10,000,000

How Oregon Can Add to Her Wealth in the Next Five Years is Shown by Dr. Withycombe of the Oregon Agricultural College

Special to The Herald

CORVALLIS, July 8.—That the annual agricultural production of this state could be increased \$10,000,000 in five years without adding one square rod to the farm average was the contention of Dr. James Withycombe, director of experiment stations at the Oregon Agricultural College in a recent address on the value of demonstration farms. He advocated the establishment of a demonstration farm in each county under competent supervision, the superintendent to act as adviser to the farmers of his district, and to assist in the formation of rural organization for the improvement of educational, social and financial conditions.

"In many foreign countries the value of demonstration farms and special agricultural educational work is strongly in evidence," said Dr. Withycombe. "The little country of Denmark has made phenomenal agricultural progress under the system of demonstration instruction. With an area equal to but one-sixth of Oregon, Denmark supports 2,650,000 people, and exports annually over \$100,000,000 worth of butter, eggs and bacon. This is accomplished under adverse agricultural conditions, such of the country being so bleak that it is necessary to blanket the cows in pasture to keep them comfortable in summer.

"If such results can be secured under such unfavorable conditions, what results might we not justly expect from a similar system here in Oregon, where conditions for dairying and general farming are so favorable?"

PLANNING FOR SUCCESS OF VATICAN'S CELEBRATION

The Pope is Counting Strongly Upon the Catholics of the United States for the Thirtieth Anniversary Anniversary of Constantine's Victory

United Press Service

ROME, July 8.—It was today made known at the Vatican that the Pope is counting strongly upon the Catholics of the United States to make a success of the Vatican's celebration next year of the 1,000th anniversary of the victory of Constantine over Maxentius. The festivities are to last throughout the entire year, and it is the desire of the church to make their success a strong contrast to the failure last year of Italy's celebration of its unification anniversary.

Official announcement was made today that already Cardinal O'Connell of Boston and the Apostolic Delegate to Canada have organized committees in their respective cities for promoting the celebration at Rome. It was also stated that Pope Pius is expecting every bishop and archbishop in the United States to appoint similar committees, as a result of which thousands and thousands of American Catholics are expected to visit Rome next year for the celebration.

Certrude's MILLINERY

Just received another shipment of "Turkish Towel" hats. In most the great demand and search in the market we have succeeded through the telegraph wire and express, to get our good styles. These are in the popular derby shape, and some with rolling brim, soft narrow trimmed with grosgrain ribbon or cord and lined.

Prices \$1.50 to \$2.50.

LANDS OPEN TO ENTRY

The interior department has granted the petition of settlers in Township 28 south, Range 14 and 15 east, for the designation of their lands as subject to entry under the provision of the enlarged homestead act. These lands will be open to entry on July 22d.

INFLUENCING A BOY'S LIFE

REFORM SCHOOL EXPERT FROM THE EAST TALKS TO O. A. C. SUMMER SESSION TEACHERS ON ENVIRONMENTAL INFLUENCE

Special to The Herald

CORVALLIS, July 8.—"How far is the bad physical or mental life of a boy or girl a force pushing them into an unfortunate life?" asked J. Adams Puffer, expert in problems of delinquency and reform, in a lecture before the teachers of the summer session at the Oregon Agricultural College.

"I believe that, with few exceptions, it is the environment which is the greatest force in producing either good citizens or criminals," he continued. "With right environment any one can change their own personality entirely within a year. Although all are born with certain qualifications or the lack of them, there are four things which can be inculcated in every boy and girl: obedience, prudence, honesty and industry."

Mr. Puffer gave interesting statistics from studies made while he was in charge of an Eastern reform school. Of 100 boys there were 15 per cent below the average in height, weight and lung capacity, compared with boys outside. There were three above grade in school, eleven at grade and thirty-eight a grade or two below, while forty-eight were three or more grades behind. Three years of proper care, food and training worked wonders, a large number doing exceedingly well, and but twenty being advanced, when they became of age, to other penal institutions.

MIXING UP

By Joe Bush

Wearing a self-satisfied smile, a young man sauntered down Main street Saturday night. He seemed interested in the manner and looks of the young women he met, but his interest did not seem to be reciprocated, at least, not until he had reached a point between Fifth and Sixth streets. Then he was gratified to notice a charming young lady smiling in his direction.

"Some one has taken notice of me at last," murmured the young man. The young lady approached, still wearing the smile.

"She's all dolled up, too," noted the young man. "Wonder where the sweetest ice cream joint in town is located?"

"Pardon me, sir," spoke the young lady, "but I am running in a voting outfit for an automobile, and if you will buy your clothes at the"

But the young man did not wait to hear the rest. He started on a Marathon.

The "musical temperament" was responsible for an impromptu combination of wrestling and fistic contest on the corner of Main and Fourth streets Saturday night, and subsequently the enrichment of the city treasury by \$10. The participants were R. Sawyer, a cornet player, and C. F. Kline, manager of the Pavilion. It appears that a wordy battle was precipitated by the arrival of the musician of unpaid fees for services rendered in the Pavilion orchestra. Mr. Kline denied the debt, and won thereafter the men clinched. After wallowing around on the sidewalk and street for a time an officer appeared and arrested both men.

They were given a hearing in the police court Sunday and assessed \$5 each.

Lands Open to Entry

The interior department has granted the petition of settlers in Township 28 south, Range 14 and 15 east, for the designation of their lands as subject to entry under the provision of the enlarged homestead act. These lands will be open to entry on July 22d.

A Clean Scalp And Healthy Hair

Many of your friends have found that a luxuriant growth of hair—soft and glossy—and a scalp free from dandruff, will result from the use of

NYAL'S HIRAUTONE

This is the procedure—Wash the hair with warm water and a pure soap—rinse thoroughly—rub the scalp with a stiff brush—apply Hiraoutone—rub it in well and dry the hair before combing.

Please understand that Hiraoutone is not merely a hair wash—it is a tonic—a food.

While it thoroughly cleanses, it also prevents bacterial action—nourishes and stimulates the roots of the hair—removes all dandruff—prevents its return—and preserves the natural beauty and color of the hair.

Nyal's Hiraoutone should be on your dressing table. It sells at 50 cents and \$1.00 the bottle.

UNDERWOOD'S

STANLEY TOOLS

The standard in carpenter tools since the "Stone Age" has had Stanley's brand on them. Your grandfathers used them, and they are better than ever now.
