AUTO NEGOTIATES MEDFORD ROAD

LOS ANGELES MAN MAKES FIRST TRIP OF THE SEASON FROM MEDFORD TO THIS CITY BY WAY OF CRATER LAKE

The first automobile to make the trip this season from Medford to this city by the way of Crater Lake arrived in the city Sunday night. It was the machine of J. J. Davis of Los Angeles, who was accompanied by Mrs. Davis and two sons.

"We left Medford Tuesday," said Mr. Davis. "On the other side of Crater Lake we encountered some snow, but had no difficulty in passing around it and reaching Camp Arant. The snow prevented our driving to the rim, but we made the trip on foot, and were amply repaid for our efforts by the magnificence of the sight presented to our view.

"It is a mystery to me why Crater Lake National Park is not better known to tourists. It is the most magnificent scenic spot I have ever beheld.

The road from Camp Arant to this city is very good. There was a little snow about three miles this side of the camp, but it is not difficult to negotiate."

Mr. Davis and family left this morning for Alturas. They will go on to Lake Tahoe, where they will spend some time.

The second auto to make the trip was that in which were Mr. and Mrs. J. C. Carey and Miss Lettie Carley of Sacramento. Mr. Carley is a real estate dealer in the Capitol City.

E. H. Dunham, Doc Powell, Mr. Peck and Will North left today by auto for Reno by way of Susanville, and will bring back three new Buick Fifth automobiles for local parties. Mr. Dunham sold four of these machines, but the factory was so flooded with orders that they could not furnish the machines before fall. The Portland and San Francisco agencies were also sold out, but finally he was able to get three machines from the Nevada agency at Reno. These cars have been bought by J. A. Maddox, W. Frank Arant and J. L. Cunningham.

J. A. White Injured
J. A. White, proprietor of the White Palace saloon of this city, sustained a broken leg Sunday afternoon while on a visit to Mt. Hebron. The injury was sustained by stepping into a rut, throwing him in such a manner as to break the bone of his right ankle. The injured member was dressed, and Mr. White was brought home on the evening train and placed in care of Dr. Atkinson.—Doris Advocate.

Mr. and Mrs. Chas. I. Roberts and son and Miss Hattie White left today for Spring Creek for a couple of weeks' outing.

WORK IS PROGRESSING ON EXPOSITION SITE

SEVENTY-FIVE STRUCTURES HAVE BEEN REMOVED AND DRAWINGS FOR FIRST BUILDING COMPLETED

Special to The Herald
SAN FRANCISCO, July 15.—In a report submitted by the building and grounds committee to the board of directors of the exposition, it was stated that the drawings for the Service building, one of the first structures to be erected on the exposition site, were practically completed, and that studies are under way for the grouping of minor buildings about the Fillmore street entrance and the entrance to the amusement concessions.

The report further showed that the engineering department is working on plans for the operation of the sewer system, which is to drain the exhibit palaces, and that these plans were three-fourths completed.

Working plans for the fresh water system and the fire protection system are under way. During the month of June about 350,000 cubic yards of material were deposited in the fill from the dredgers John McMullen and Oakland. During the present month material has been deposited at the rate of about 30,000 cubic yards per day.

The work of constructing a seawall has been completed, and the contractors have about completed the fill they have been making between Buchanan and Webster streets. Bids have been called for the filling in of lands in the Presidio and adjacent thereto, and these are to be received next Friday. Bids for the construction of a fence about the exposition grounds are to be received the same day.

Up to the present day seventy-five buildings have been moved from the exposition site at Harbor View. Laborers under the direction of John McLaren, landscape engineer of the exposition are now preparing trees for planting, and the water supply system for the nursery has been installed.

Bids will be received on July 23d for the construction of three greenhouses, one potting house and the heating plant in the Presidio.

The committee also reports that the city authorities have passed the necessary resolution to close the streets within the site of the exposition until January 1, 1917.

Returns From Portland
Mrs. S. E. Martin and two children and the two children of Mr. and Mrs. C. M. Ramsby returned yesterday afternoon from Portland and other points north, where they have been visiting. Mr. and Mrs. Ramsby stopped off at Eugene, where they will visit relatives for a few days.

Mrs. Ramsby and Mrs. Martin attended the Grand Lodge meeting of the I. O. O. F., held in Pendleton.

Nelson Rounsevell returned last evening from New Pine Creek. He will be here for several days attending to business matters.

Doctors Chilton and Hamilton report the birth Sunday of a 9 1/2-pound baby girl to Mr. and Mrs. Fred Houston. The mother is reported doing very well.

Fire Causes Loss
WHEELING, W. Va., July 15.—Fire destroyed the business district of Mannington, a town of 4,000 population.

PEOPLE YOU OUGHT TO KNOW REALTY MAN CATCHES BANTAM FISH

And now the fish stories are commencing to come in. The first, strange to relate, does not concern heavyweights of the fly tribe, but diminutive specimen.

E. M. Chilcote, the well known real estate man, returned from a fishing trip to Williamson River rapids Saturday night, and with him he brought the story of the bantam-weight fish. According to Mr. Chilcote, this fish, although less than two inches long, had all of the markings of a toothsome trout and an appetite that did not falter at tackling hook and bait intended for the largest fish found hereabouts.

Mr. Chilcote was accompanied on the trip by D. Moheu and Earl Waddoes. They found excellent fishing at the rapids, and met a number of fishing parties.

Before returning to the city the party crossed the reservation and inspected some land in the northern part of the county. The roads, Mr. Chilcote said, are in very good shape, and good time is possible in a machine.

DARROW WINS IN IMPORTANT RULING

Court Decided to Admit Important Testimony for Defense in the Trial of the Chicago Attorney on Charge of Complicity in Bribery

United Press Service
LOS ANGELES, July 15.—Clarence Darrow won a big victory today when Judge Hutton ruled to admit the testimony of Colonel Tom Johnson, the attorney who acted as counsel for Franklin following the latter's arrest on a bribery charge. Franklin pleaded guilty.

It is expected that Johnson will testify that Franklin told him that Darrow was guilty of complicity in the bribery operations.

Colonel Tom Johnson, Franklin's attorney, testified that Franklin believed that Darrow was not connected with the bribery deal. He testified that Franklin offered to produce the "dark, mysterious stranger," who was the real man. When Attorney Ford rejected the proposal Franklin said: "Oh, yes; I know I am expected to say Darrow did it."

WILSON PICKS HIS CAMPAIGN LEADER

McCombs Elected Chairman of National Committee—Conservatives Fought in Attempt to Block Election of Progressive Secretary

United Press Service
CHICAGO, July 15.—The democratic national committee in executive session today elected McCombs chairman. Joseph E. Davis was elected secretary, and John I. Martin of St. Louis sergeant at arms.

Davis was Wilson's choice. The conservatives attempted to block Davis' election and re-elect Urey Wilson.

WIFE GIVES UP HER LIFE FOR HUSBAND

San Francisco Woman Succumbs Because She Insisted That Her Husband Be Given Medical Attention First—Both Were in Wreck

United Press Service
CHICAGO, July 15.—Coroner Hoffman, the Illinois state railroad commissioner, and the railroad are making three separate investigations of the wreck on the Chicago, Burlington & Quincy, in which thirteen people were killed and fifty injured.

Blame for the wreck lies between George Bronson, engineer of the mail train, who died with his hand on the throttle, and James Woodruff, flagman of the Overland Limited.

Many think that the dense fog made it impossible to see the signals. E. G. Pehlman of San Francisco was seriously but not fatally hurt. His wife, who refused doctors' aid until after her husband had been looked after, died on her way to the hospital.

Elks Take Side Trip
J. J. Parker and Herman Force are the only two of the Elks' delegation to Portland from Klamath Falls who have returned home. A number went to Seattle to attend the Potlatch and others remained for a few days to visit friends in the valley.

G. W. White returned last evening from a business trip to San Francisco.

About 100 excursionists took a trip on the steamer Winema Sunday. They stopped at Rocky Point and Pelican Bay, returning to the city about 6:30 p. m.

TRADE FAILS AND SUIT THREATENED

Exchange of an Automobile for a Team of Horses and a Wagon May Result in Two Well Known Klamath Falls Men Engaging in a Legal Battle

As a result of mixing horses and an auto in a trade, there promises to be litigation between two Klamath Falls men, W. H. Wynett, proprietor of the Fairview grocery, and O. O. Bunch.

It appears that some sort of a trade was made Saturday, whereby Mr. Wynett secured an automobile in exchange for a couple of horses and a wagon. Mr. Bunch had the horses shod, and then left them in a local livery stable. Mr. Wynett tried out the auto, and found it would not work as a well regulated machine should. Then he went to the livery stable and took back his team.

Mr. Bunch claims a trade was actually made. Mr. Wynett claims the trade was made conditional on the automobile proving satisfactory.

Duncan & Merryman have been retained by Mr. Bunch to secure possession of the horses.
