TESTED MATERIAL FOR HOME BUILDING

appeals to the conservative man
because it offers a tangible basis
upon which to reckon. Take
lumber, for instance, and you
can see evidence on all sides
where houses that were built of
wood have outlasted a genera-
tion, and are today (if they
have been given proper care)
as good as new. Wood has
stood the test, and be utilized
today as economically as any
other material, considered from
all points—appearance, dura-
bility and healthfulness. In its
use you have precedence to go
by. What others have done
with it you can do, and the lum-
ber we handle these days is the
product of the best "quality"
mills in the United States. It's
a pleasure to show it as well as
to talk its various uses, and we
are at your service from 7 to 6
daily. Come in.
