

MUST HAVE NEW CONSTITUTION

VICTOR BERGER SOUNDS SOCIALISTIC KEYNOTE

Says Capitalists Are as Willing to Deal With Democrats as With the Republicans—Robinhood's Famous Assemblage of Outlaws Has Nothing on the Gang Rallying Around Roosevelt

WASHINGTON, D. C., July 18.—Victor Berger in the house sounded the socialist keynote when he said today in part:

The capitalists are as willing to deal with the democrats as with the republicans. The latter are conservative, the former reactionary. A glance at the honest "progressive," setting out to purify politics, demonstrates that Robinhood's famous assemblage of outlaws had nothing on the gang rallying around Roosevelt. Wilson's election will perpetuate the bosses in power to inaugurate another era of "prosperity" for men like DeMont, Ryan and others. It is unnecessary to explain where Taft stands. It is natural for a man of his type to be allied with Root, Crane, Guggenheim and Hammond. We must have a new constitution or a bloody revolution.

DENVER, Colo., July 18.—Harriett Platt will marry Caldwell Martin in Denver July 31. It was the dying request of Mrs. Decker, the noted club woman, and mother of the bride-to-be, that the wedding occur on the date set, and in spite of her demise.

INDIAN MARRIAGE RIGHTS AS TO PROPERTY UPHeld

Indian marriages are upheld by the courts so far as property rights go, but will continue to be a point of persistent attack by the moral forces working among the tribesmen. In a decision of the circuit court of appeals at San Francisco, settling the long litigated Parr case, the law is finally decided, and any cohabitation which is recognized by tribal custom will be sufficient to attach property rights. For several years the office of the United States district attorney has been burdened with suits to establish rights to land allotments. The lower court sustained the tribal marriage, but to get a final settlement, the case went on to the circuit court of appeals, and that tribunal has sustained the lower court.

RANCHERS ARE WELL PLEASED

CROP SHOW THIS YEAR IS BETTER THAN IN MANY YEARS—LUMBER CROPS IN THE RULE IN THIS SECTION

POLICE SAID TO HAVE MURDERED

WITNESSES DECLARE THAT AT LEAST ONE OF ROSENTHAL'S MURDERERS WAS MEMBER OF NEW YORK POLICE FORCE

NEW YORK, July 18.—Libby and Shapiro, held in connection with the murder of Rosenthal, the gambler, are expected to make a complete confession to District Attorney Whitman soon. Aaron Levy, their attorney, admits that Shapiro drove the murderers to the scene of the murder, admitting that he did so when a gun was placed at his head.

Shapiro and Libby claim that Jack Rose, Police Lieutenant Becker's personal friend, hired the automobile.

District Attorney Whitman has been given a close description of every one of the murderers, and he is now examining the numerous gamblers regarding the deal with the police and the gamblers by the terms of which protection money was paid.

Mayor Gaynor is also personally investigating the matter. Whitman examined Rose for two hours. Shapiro says that while the murder was proceeding, he tried to delay the murderers' escape. Levy says one murderer told Shapiro to "get away quick. The cops are all fixed, and know what's being pulled off. Everything is arranged for a clean get-away. So get busy." Rose was arraigned today and remanded to the Tombs without bail on a charge of complicity in the murder of Rosenthal.

Private detectives are investigating the situation independently of the police and additional arrests are expected soon.

The funeral will occur tomorrow morning from a local undertaking parlors.

Country Looking Fine

Attorney W. H. Shaw made a professional trip to Malin yesterday. "I never knew we had such a country," said Mr. Shaw this morning. "I presume there are a good many people in Klamath Falls just like myself, who haven't taken time to go out through the farming section. It will pay them to make the trip, as I never realized what a farming country we had until yesterday. The roads are excellent, and the crops on all sides look simply great."

MURDERS GIRL; COMMITS SUICIDE

MURDERER CONFESSES TO FATHER AND THEN FLEES

The Body Is Found by the Police in a Vacant Tenement House—Father Admits That He Ordered His Son to Commit Suicide After Confession—Young Man in Note Declares He Is Insane

NEW YORK, July 18.—Nathan Swartz, the slayer of little Julia Conners, was found dead in a tenement house today. A hose was attached to the gas jet, and the other end was in the mouth of the dead man. It was tied to the head with a handkerchief.

Swartz left a letter penciled on a soiled linen collar. It read:

"I am guilty. I am insane. This was caused by the beautiful make-up of a woman that had set me very passionate. I felt sorry just two minutes after I did it, so don't cry for me."

Samuel Swartz, father of Nathan Swartz, acknowledged yesterday to Assistant District Attorney Nott that his son had confessed to him that he had killed the child.

He said he had told his son to go out and commit suicide. The father said he believed the boy had done as he was told.

GREEN REPORTER CAUSES ANXIETY

RUMOR OF PRESIDENT'S ASSASSINATION IS HOAX—STORY OF INFERNAL MACHINE CAUSES MESSAGES TO POUR IN

WASHINGTON, D. C., July 18.—Veteran White House reporters, in an attempt to hoax a green reporter, caused the report of an infernal machine being sent to President Taft, which was printed in morning papers all over the country.

The new reporter, on entering the White House executive offices, was asked: "Did you get the infernal machine story?" He said he had not. The hoaxers told circumstantially the details, and later the reporter was told it was a joke, but the report had spread.

The White House was deluged with messages, and the wildest rumors developed. In the original report Assistant Secretary Allen was said to have burned his hands extinguishing the fuse. His hands did not exhibit a scar today.

Newspaper men were asked to circulate the declaration from the White House that the president did not wish to dignify such an absurd report by an official denial.

WOMEN TO RAISE MONEY FOR FUND

MOVEMENT ON FOOT IN CITY TO ASSIST IN RAISING FUNDS FOR MONUMENT TO THOSE WHO DIED ON TITANIC

A movement is on foot among the club women of Klamath Falls to raise money to swell the fund for the monument to the heroes of the Titanic.

It is planned to raise \$500,000 and to build a white marble arch that shall be a lasting monument to the chivalrous men who died that women and children might live.

Mrs. Howard Taft contributed the first dollar to the fund, which has been augmented at the rate of \$300 a day ever since, some of the large contributions of \$5,000 or more coming from relatives of men who lost their lives. Most of these large amounts have been contributed confidentially.

HAS BEEN HERE 42 YEARS TODAY

"It is just 42 years ago today," said Hon. R. A. Emmitt, "since I first arrived in this city. I got here about 5 o'clock in the afternoon, and came with a band of sheep from Roseburg. Since that time I have never been without a job, and have always had plenty to eat, and have never regretted my move."

Mr. Emmitt has taken a prominent part in the history of Klamath county, both in the line of development and politically. Shortly after his first arrival he returned to Roseburg, where he was married and came back with his bride, to make his home in the then unsettled country of South-eastern Oregon.

"There was then only three houses in Linkville," continued Mr. Emmitt. "I crossed the old bridge near the present one. There was an old shack near the bridge used for a hotel, a little store across the street and a log blacksmith shop near where the brewery now is. There were two or three houses scattered down the valley between here and the California line. I don't believe there were over 75 white people in the county outside of the soldiers at Fort Klamath."

POLICE AFTER AUTOMOBILISTS

CHIEF OF POLICE NOTIFIES OWNERS OF MACHINES THAT THE STATE LAW WILL BE RIGIDLY ENFORCED AFTER TOMORROW

Automobile owners who, after tomorrow, fail to comply with the state law, are very likely to find themselves out of luck.

Chief of Police Smith this afternoon personally called at the different garages in the city and notified the proprietors that the state law relative to automobiles would be rigidly enforced in this city.

During the past few days the police have notified individuals on the streets of the intention to enforce the law, but many have appeared to ignore the warning, and it is the intention of the police to hale offenders into the police court after tomorrow.

The principal offenses of the auto owners are the driving of cars without license numbers properly displayed and the driving at night without lights. Besides there are cars on the streets with 1911 licenses.

Within the city limits the law requires that no greater speed shall be attained than one mile in six minutes. This feature of the law will also be rigidly enforced.

"Some auto owners who have not now licenses have made application for the same," said Chief of Police Smith this afternoon. "They should secure a receipt from the notary public before whom they made application, and this will answer for a license number until such time as the application for a license has been granted."

Montana Senator Is Reported to Be Opposed to the Third Party Movement—It Is Said That He Favors Fighting the Differences Within the Ranks of the Republican Party Instead

WASHINGTON, D. C., July 18.—It is persistently reported here today that Senator Joe Dixon of Montana will not follow Roosevelt in the third party movement, although he is still strongly progressive.

This report has it that Dixon thinks that the differences within the republican party may better be fought out through the republican party.

It is rumored that Colonel Roosevelt has induced Dixon to remain at the head of the third party movement until the progressive convention is held August 5th.

Senator Works of California, in writing a letter answering the progressives who have suggested his resignation, said today:

"I shall not resign. The people who asked for my resignation are not even republicans."

C. L. Halliday, the Langell Valley rancher, is transacting business here.

McNAMARA IS NOT BEHAVING

LOS ANGELES DYNAMITER PUNISHED BY BEING CONFINED IN THE INCORRIGIBLE WARD IN SOLITARY CONFINEMENT

SAN QUENTIN, Calif., July 18.—Jim McNamara is in the incorrigible ward in solitary confinement as a result of insubordination. He refused to line up in the prison yard.

Warden Hoyle characterized the prisoner as a "bad actor, sneering and malicious."

"He refused to do his stunt in the jute mill," the warden said, "and now he will stay in a cell until he behaves. John McNamara is all right. He is a good prisoner."

J. F. Morrill, a wealthy resident of Medford, arrived in the city in an auto last night. He was accompanied by J. C. Holt and R. A. Flynn. They are here to meet the Pathfinder party.

DANGER FROM FOREST FIRES LESS THIS YEAR

REPORTS FROM DIFFERENT PARTS OF THE STATE INDICATE THAT CONDITIONS HAVE BEEN BETTER AGAINST FIRES

Although the time for care with forest fires is now here, little fear is expressed of there being any serious conflagration this year. The long wet spring, with intervening dry days, has given ample opportunity to clear up slashings and put everything in readiness for the dry spell.

There has never been a summer in Oregon when the fire season arriving found such good previous preparation to meet it as this year. With the support and help that should come from those who are going into the mountains, logging, operating railroads or building wagonroads through the timbered sections, 1912 can be made a banner year so far as fire loss is concerned.

There are now about 200 men engaged in patrolling the state. More will be put on as conditions require it. The work of these men will this year be more efficient than ever before, because of the additional telephone lines, trails and roads which have been built, making the securing of help in some cases a matter of hours instead of days.

G. X. Wendling to Erect Big Sawmill on Coast

MARSHFIELD, Ore., July 18.—G. X. Wendling, timber and railroad operator, has purchased the properties of Warren P. Reed of Reedsport, including the timber and upland holdings. The intention of Wendling is to erect a sawmill and a by-products plant, with a capacity of 500,000 feet of lumber daily.

All the timber owned by Wendling and his associates on the Siuslaw will be cut at Reedsport. The intention is to have the mill ready to operate by the time the Willamette Pacific railroad reaches that point. The harbor facilities about Reedsport are good, and not much dredging is required. The deal is one of the largest completed in this section for a long time.

Mr. and Mrs. O. E. Willey are in the city at the Baldwin from their homestead on the Upper Lake.

OLDER TELLS INSIDE STORY

SAN FRANCISCO EDITOR GIVES IMPORTANT TESTIMONY IN DEFENSE OF CLARENCE DARROW, THE CHICAGO ATTORNEY

LOS ANGELES, July 18.—Fremont Older, the San Francisco editor, was recalled today for cross-examination in the Clarence Darrow case. The prosecution attacked the testimony of the witness that all arrangements for the McNamara's confession on the very day the alleged bribe money had

Older swore that the original plans provided that Jim McNamara plead guilty and take life imprisonment, while John would be freed of the other charges, all cases against him to be dismissed.

It is now predicted that an early ending of the Darrow case is impossible, and the trial will likely drag into September.

The stiffest cross-examination of Fremont Older was unable to make him weaken his testimony of the McNamara's guilty plea being arranged before the bribe money passed. Older was then excused.

Harrington denied that he had told a reporter that Darrow was innocent. It is expected that Steffens will be called before night to tell fully of the agreement to close the McNamara's trial.
