SWAT THE FLY

## THE poor fly has been getting it so hard for so many weeks and weeks that it is a distinct relief to the general public, and must be to the fly, for our friend down the line to give the fly a rest for one day.

We presume that the mayor will be able to stand being swatted for a while, in view of the fact that some one else is getting a rest.

We were seriously considering taking the matter of "swatting the fly" to the supreme court, as we do not believe, "in the absence of a decision of the supreme court," as to whether our present charter is illegal or not, and in the present condition of our warrant indebtedness, and with no one willing to accept our bonds, that Sam Evans has any right to "swat the fly." At least, when no one knows whether we have any charter or not, although "we believe that it is legal and that the so-called commission charter which was subsequently adopted is without force or effect," what is the use of anyone doing anything?

Mr. Evans says that the mayor comes out with a lengthy interview. Now, all of the news stories of the Herald are solicited, and we secured a statement from the mayor because we had heard that he had the matter under consideration, and because there is a general demand among the people of Klamath Falls that some action be taken to protect their lives from this menace. If Mr. Evans will read the news columns of his own paper he will find that there is a general activity among all departments of the city in an effort to protect the health of the city, and rid it of unsanitary conditions. Dr. Trux, the health officer, has been working for days and days, and the chief of police and members of his force, as well as the mayor and members of the council, realize the danger that is damaging the city, and are determined to do everything in their power to make Klamath Falls a "clean city."

One would assume that Mr. Evans did not want the Ankyon canal cleaned up, and he tells the mayor that it cannot be done. Mr. Evans was mistaken once before, when he thought that Mayor Nicholas could not be elected, and it is just barely possible that he is mistaken again.

If the public sentiment will accomplish anything there should be no question about getting rid of the canal, for the people of Klamath Falls are beginning to realize the cause of the unhealthy condition of the city every spring. When the lives of our children and families are endangered, it should not be a matter of personal feeling or credit, but every resident of the city should join hands and back up any official who is willing to make the effort to remedy these serious drawbacks to the city's growth and prosperity.

## A Wonderful Tonic That Aids Digestion

Thousands are unable to digest certain kinds of food. In most cases it is not the fault of the food, nor the stomach. It is probable that the stomach has been abused. Many resort to pre-digested foods and various kinds of medicines to get relief from dyspepsia, indigestion and heartburn, but without permanent benefit.

If your stomach was in perfect condition, you would not need medicine to digest the foods you eat. Jumbo's Tonic Vermifuge is a stomach regulator. It gets the stomach in such a condition that it will digest food without other assistance. It overcomes the acidity and stimulates the eating of the stomach and intestines so that they will properly absorb and assimilate the nutriment from the food eaten. Sufferers from dyspepsia and indigestion will find permanent relief in a short time after beginning the use of the tonic. For children, the addition of a little sugar will make it most palatable.

Many forms of supposed indigestion are the result of intestinal parasites, for which Jumbo's Tonic Vermifuge is unsurpassed. Jumbo's Tonic Vermifuge is sold by druggists everywhere. Sold by J. B. Jumbo & Son, Philadelphia, Pa.

## A lady fly, coyly carrying two large juicy typhoid germs, was aeronauting along Main street the other day, when she met her cousin, who appeared to be in a great hurry.

"Good morning; have you been swatted yet?"

"No; and that is just what has been bothering me. I was up to see Lawyer Stone this morning."

"The man with the nice bald head?"

"Yes. Well, as I was saying, I went to consult him concerning the status in the supreme court of these swatters; but never again!"

Why, didn't he strike you favorably?"

"No; missed me a mile."

## PEOPLE YOU OUGHT TO KNOW

### .: RUNNING IS GOOD FOR LOW .:

Did you ever run for office? No? Well, it's lots of fun, that is if the running is good. Otherwise it's—Well, it's like somebody characterized war.

But Charlie Low is having a nice time of his race. He's running for sheriff, and the running is good. The other day he took a trip out in the valley to look over his fences—political, of course—and established a new record. He kissed 24 babies, whereas the best that Captain Lee ever accomplished in the same length of time was 12 babies and two school teachers. Mr. Low didn't kiss any school teachers this trip, but his record will stand, nevertheless.

Most every pioneer in the county knows Mr. Low. He came here so long ago that a giant tree has grown on the spot where he stood and first beheld the beauties of the Klamath country. He was a freight driver in the government service during the Modoc war, although he was but a lad, and that was the only time in his entire career that he was not on the string line whenever there was a string line to get on.

Mr. Low is a republican. Probably this fact has something to do with the smoothness of his stride.

Anyway, Mr. Low is well qualified to fill the office of sheriff. He has long been identified with police matters, and is conversant with the legal problems which constantly confront he will make good in the job.

## Mixing-Up

By Joe Bush

The legal limit is five fish to a person.

"How do you account for this apparent law violation?" one of the men was asked.

"There was no law violation. You see we carried down a line from the rim, and Bill stood up there and caught two fish. Here's a piece of the line he did it with."

Simple, after all.
