The Perfect Way

Scores of Klamath Falls Citizens Have
Learned It

If you suffer from backache,
There is only one way to cure it.
The perfect way is to cure the kid-
neys.

A bad back means sick kidneys.
Neglect it, urinary troubles follow.
Doan's Kidney Pills are made for
kidneys only.

Are endorsed by Klamath Falls
people.

N. Marchand, Warden ave., Klam-
ath Falls, Ore., says: "About two
years ago I first noticed symptoms of
kidney trouble. My back pained me
intensely, and I was obliged to arise
many times at night, owing to too
frequent passages of kidney secre-
tions. Often my back was so weak
that I had to quit work. Doan's Kid-
ney Pills were finally brought to my
attention, and I began using them.

They restored my kidneys to a nor-
mal condition and removed the pains
in my back. I give Doan's Kidney
Pills credit for my cure, and highly
recommend them to other kidney suf-
ferers."

For sale by all dealers. Price 50

MONDAY, AUGUST 5, 1913

3 YEAR HOMESTEAD LAW RULES ARE ISSUED

WASHINGTON, D. C., Aug. 5.—
Following is a synopsis of the instruc-
tions issued by the secretary of the
interior for the administration of the
new three-year homestead law:

Period of residence reduced from
five to three years, to count from the
time actual residence is established.
Proof must be submitted within five
years of date of entry.

Cultivation of not less than one-
sixteenth, beginning with the second
year, and not less than one-eighth, be-
ginning with the third year and until
final proof. Mere breaking is not
sufficient; seed must be planted in
good faith. Grazing not accepted ex-
cept as to certain lands opened to en-
try under special acts providing there-
for.

Secretary will not reduce the re-
quired area of cultivation because of
any physical or financial disabilities
of the entryman, but only where ex-
action of the statutory area is unrea-
sonable on account of peculiar condi-
tions of soil; applications for such re-
duction must be made during first
year on forms furnished by local land
offices. These applications are passed
upon by the commissioner, with right
of approval to the secretary.

Soldiers and sailors must reside on
entries one year before receiving
credit for service; must show cultiva-
tion of not less than one-eighth for at
least one year.

Entrymen cannot receive considera-
tion from the commissioner of applica-
tions to extend beyond the ordinary
period of six months, the period al-
lowed for establishment of residence,
but the homesteader's rights will be
adjudicated when the question is
raised. Homesteaders must go upon
the land as soon as a hindering cause is
removed.

Absence for five months in each
year allowed, but continued residence
as to the other seven must be shown.
Two five-month periods of absence,
although in different years of the entry
will not be allowed; six months' ab-
sence renders entry subject to con-
test. Extended periods of absence
only respected in final proof or con-
tests, where notices of such absence
have been given, both at beginning
and upon return. Former laws as to
absence not repealed.

Where an entryman dies his widow
or legal successor may make up the
three-year period, residence not being
required of the widow or other heir,
and only cultivation being necessary.
Proof of non-compliance made against
the entryman before his death will
cancel the entry, however.

Unless an application to make proof
under the old law is made on or be-
fore October 4, 1913, the entry be-
comes subject to the provisions of the
new law; the required residence is
thus reduced to three years, but spe-
cific cultivation requirements of the
new law must be shown. Proof must
be made within five years.

Any hardship resulting from this is
eliminated by the ruling that one hav-
ing an entry under the old law may
show cultivation of required areas
named in the new law for any two
successive years. Other hardships
possible to arise under failure to
elect are to be adjudicated by the se-
cretary of the interior and attorney
general.

Where the price of a tract is re-
quired to be paid, installments falling
beyond the period of residence re-
quired by the new law, proof may be
submitted as in other cases, but final
certificate will not issue until all in-
stallments are paid.

Entries under section 6 of the en-
larged homestead (lands in Utah and

PEOPLE YOU OUGHT TO KNOW

SAVIDGE SELDOM FROWNS

Far be it from the intention of the writer to intimate that Hunter Sav-
idge habitually wears a frown. Also far be it from the intention of the
editor to perpetuate an unusual
characteristic of Mr. Hunter. But the
fact remains, nevertheless, that the
exalted ruler of the local lodge of
Elks was a little bit inclined to be
peevish at the time the picture was
"took."

Savidge Lumber company, but there times, you know, when anyone is
apt to be a little bit out of sorts.

(Idaho only) law must still be cultiva-
ted as before—one-eighth the second
and one-fourth the third, fourth and
fifth years, with seven years for final
limit of proof.

The new act applies to entries un-
der reclamation acts and to Kinkaid
entries in Nebraska, except as to cul-
tivation.

Persons having entries made before
June 6, 1912, are warned that it may
not be to their advantage to have
their entries adjudicated under the
new law, and are urged to consider
the matter carefully. Desiring to sub-
mit proof under the laws under which
their entries were made, they must
notify the local land office by regis-
tered mail before October 4, 1912.

Mix 'n' Up

By Joe Bush

Speaking about boosting home in-
dustry, wonder who's going to build
Sam Evan's new building?

Turrible excitement!
Two men air lost in the woods!

C. F. Stone and D. B. Campbell left
camp on the track of sum deer.
They missed the deer, but night
overtaken them, and they concluded to
lie out over night, rather than to try
to climb through a big pile of under-
brush and take a chance of missing
the trail.

Early in the morning they returned
to camp.

There is great excitement!
The companions of the lost men,
W. P. Shive and Charles Graves, have
gone into hysterics. Fourteen dock-
ets and three (3) autoloans (not
shotguns) have been sent to the dread-
ful scene.

All of the parties mentioned are
well known in this city, and will
laugh when they read this.

The Chewaucan Press intimates
that an eye specialist is in Paisley for
repairs.

The next time the Northwestern re-
porters lose anyone it might be wise
to get them far enough away from tel-
ephone lines and auto roads to make
the story good for a week, anyway.

And what makes a Sunday excu-
sionist angry is the impression which
prevails that he has had a rest.

Or was it simply a scheme to ad-
vertise a summer resort?

would be required to look up authori-
ties as to the admissibility of a dicta-

MOORE-ETHIER COMPANY COMING THIS WEEK

Manager Houston has just received
word from Fred Moore that he will
be here from Lakeview this week with
the Moore-Ethier company. The com-
pany is billed for three nights at the
opera house. Both Mr. and Mrs.
Moore have a host of friends in Klam-
ath Falls who will be greatly pleased
to meet them again. They had the
reputation of having the highest class
and best show company which ever
played in Klamath Falls before this
city was on the railroad, and reports
from all of the towns they have
played on this tour are very flattering
and unanimous in the opinion that
they have a better company than ever
before.

The Alturas Plaindealer has the
following:
During the past week citizens of
Alturas have been delighted and en-
tertained by the Moore-Ethier com-
pany. This is by far, and we speak
advisedly, the best and most evenly
balanced theatrical company that has
ever visited Modoc county. And not
only that, but the plays are new, care-
fully selected, clean and have a moral
trend that render them unobjection-
able as well as instructive.

Mr. Frederick Moore and his esti-
mable wife are no strangers to Modoc
county, but during the past four years
have been conducting a theater in Salt
Lake City, and with marked success.
They represent in their lives, on and
off the stage, a contradiction to the
generally accepted theory of the de-
moralizing tendency of stage life. And
the entire company is composed of
quiet, reserved, refined ladies and
gentlemen, not always found in the
ordinary barn stormers that afflict
rural communities. Indeed, represen-
tatives of the latter class would not
be tolerated in Mr. Moore's company.

Their entertainments have been
well patronized, and the fact that
each evening by increasing numbers
is the very best recommendation we
can give the company. To our friends
everywhere we can most heartily re-
commend the Moore-Ethier company.

A Clean Scalp And Healthy Hair

Many of your friends have found that luxuriant growth of
hair—soft and glossy—and a scalp free from dandruff, will result
from the use of

NYAL'S HIRAUTONE

This is the procedure—
Wash the hair with warm water and a pure soap—rinse thor-
oughly—rub the scalp with a stiff brush—apply Hirautone—rub it
in well and dry the hair before combing.
Please understand that Hirautone is not merely a hair wash—
it is a tonic—a food.

While it thoroughly cleanses, it also prevents bac-
terial action—nourishes and stimulates the roots of the
hair—removes all dandruff—prevents its return—and
preserves the natural beauty and color of the hair.
Nyal's Hirautone should be in your dressing table
it sells at 50 cents and \$1.00 the bottle.
