### CONGRESS TO PROVIDE FUNDS

GOVERNMENT ENGINEER DECRIES WORD OF ACTION

In Short Time \$642,000 Will Be Available for Improvement Work in National Park—Work will be started this summer, and \$100,000 each year will be spent until the work is completed.

Word has been received from Washington that ample funds will soon be available for improvements of Crater National Park.

The civil sundry bill, carrying with it a large appropriation for the park, has been passed, and the funds will soon be available.

Major Morrow, United States engineer, has received word of the passage of the measure, and is prepared to start to work as soon as official confirmation is received.

An appropriation of \$642,000 was asked for building roads in the park, and according to Major Morrow's advice, the whole amount has been allowed, together with an appropriation of \$45,000 for water tanks and supply pipes. The money is appropriated under the continuing appropriation plan, the bill allowing \$100,000 for the work this year, and the same amount each year until the entire sum is spent.

As soon as Major Morrow receives word officially that the bill has been signed by the president, he will start on the work. The season is so far advanced that it will not be possible, however, to do much more than the preliminary work of providing plant and shelter buildings.

The bill provides funds for building thirty-six miles of road around Crater Lake, five miles to the pinnacles and four miles to the eastern boundary of the park.

### DRUNKEN WOMAN GETS SHELTER

FOR THE FIRST TIME IN HISTORY A WOMAN UNDER THE INFLUENCE OF LIQUOR IS SHELTERED IN COUNTY JAIL.

For the first time in the history of Klamath county, a drunken woman occupied a cell in the county jail last night. She was released this morning, and no formal charge was placed against her.

About 10 o'clock last night Police-man Hall was called to a local restaurant to subdue a drunken woman. Deputy Sheriff Wheeler walked to the scene of the trouble with the policeman.

It was what is popularly designated as a "crying jag" that the unfortunate woman had accumulated. She grieved over the death of her mother's great-grandmother, and could find consolation only in dropping the restaurant crockery on the floor.

The two officers took the woman to the hotel where she had engaged a room, but the hotel people refused to allow her to go to her room, refunding the money she had paid.

The officers were in a quandry. The city jail was not considered a proper place, so the woman was escorted to the county jail. No effort was made to ascertain the identity of the unfortunate, but it has been learned that she came here from Wood.

### TO KILL COURT OF COMMERCE

United Press Service WASHINGTON, Aug. 7.—Yielding to 19, the senate today accepted the budget bill containing a provision abolishing the commerce court and distributing the judges now on the bench to the various circuit courts. ### COURT HOUSE CASE SETTLED

SUPREME COURT REAFFIRMS DECISION CONFIRMING PROPOSAL TO BUILD COURT HOUSE IN HOT SPRINGS ADDITION

The state supreme court has sustained the decision of Judge Cole in the circuit court in the famous Klamath county court house case, and now the construction of the new county building in Hot Springs addition may proceed without fear of interruption.

News of the decision was received in the city last night and aroused considerable interest. The controversy over the location of the proposed new court house has waged for a long time and has been bitter at times.

The court held that the question of whether or not the Hot Springs site was within the limits of the original townsite was not vital to the case, and numerous authorities were cited.

The court called attention to the old constitutional provision which required that all state institutions be located at the state capital.

Under this provision, said the court, the asylum, penitentiary, state training school, the blind school and other state institutions, have been located at Salem. The asylum, training school and penitentiary are all outside the limits of the city at the time the constitutional provision was enacted. But it was conceded that, even though they were at some distance from the city, those institutions are located sufficiently near to the state capital to come within the purview of the constitutional provision.

### Herald Owner Calls Court's Attention to Graft in City Advertising Contract by Bringing Civil Action

Judge Benson late Tuesday afternoon signed an order which will prevent for a time, at least, the looting of the city treasury by the present council on the advertising proposition.

The proposed robbery was called to the attention of the court by an action which was started by W. O. Smith, proprietor of the Herald, against the officials of Klamath Falls. After consideration of the facts set forth in the complaint, Judge Benson issued a restraining order directed against the city, Mayor Nicholas, Acting Mayor Crisler and Police Judge Leavitt.

This order provides that "until further orders in the premises, the defendants and all agents, officers or employees of the defendant, the City of Klamath Falls, Oregon, be enjoined and restrained from entering into or executing any contract or agreement for doing the official city advertising for the city of Klamath Falls, Ore-

Mr. Stone is showing a pair of badly blistered hands today. He went with Mr. Campbell in his automobile, and according to his story Campbell tried to climb every tree along the road, and while Mr. Campbell was busy making repairs Mr. Stone put in his time pumping tires, until his hands are so swollen that he will be unable to play solo for a week.

Fortunately for Mr. Shive, Judge Graves did not have as much trouble with his machine, and there wasn't any tires to pump.

### WARRANTS ARE GOOD FOR CASH

WARRANTS DRAWN ON COURT HOUSE FUND SHOULD NOT BE DISCOUNTED, AS THERE IS PLENTY OF MONEY TO PAY

Several local business houses, not knowing that Klamath county new court house warrants were worth par, have been discounting the warrants offered by workmen employed on the new court house, and complaint has reached this office.

At present time there are four classes of warrants issued by Klamath county. They are designated: Klamath County New Court House. Klamath County High School. Klamath County Road. Klamath County General.

Warrants drawn on the new court house fund are worth dollar for dollar. There was originally about \$62,000 in the fund. About \$3,000 has already been drawn, \$1,500 for attorney fees for fighting the suit brought to prevent the building of the new court house in Hot Springs addition, and the balance for work done on the new building. So the fund is still almost intact, and persons holding these warrants are assured of their money at par.

The Klamath County high school warrants are at par, but the road warrants are now being discounted. A short time ago these were at par, but the fund has recently been overdrawn. The general fund warrants, of course, are being discounted.

### "PROGRESSIVE" IS PARTY NAME

GREAT ENTHUSIASM GREETS THE ATTEMPT

United Press Service CHICAGO, Aug. 7.—Amid great enthusiasm, Theodore Roosevelt was nominated for the presidency on the progressive ticket, the name decided on by the delegates now in session in this city.

The nomination was made by acclamation at 5:40, Chicago time. After the withdrawal of Judge Lindsey there was no opposition to Governor Johnson of California for second place on the ticket.

At the height of the demonstration following Roosevelt's nomination Mrs. Roosevelt entered the convention hall. She was given the distinguished salute.

The convention met after a recess at 1:30. The report of the nominating committee was adopted after changing it to read that representation should be one delegate for every 5,000 progressive votes, and that the name of the party be Progressive, with the approval of action of the states adopting other names.

At 1:50 Comptroller Prodergast of New York placed in nomination Theodore Roosevelt for President. Henry Allen of Kansas and Jane Addams of Chicago seconded in brief speeches.

### SUFFRAGE WILL ENLARGE VOTE

MORE THAN A MILLION BALLOTS WILL BE ENTITLED TO VOTE IN THE STATE OF CALIFORNIA NEXT NOVEMBER

United Press Service SACRAMENTO, Aug. 7.—That more than a million men and women will be entitled to vote in California in the November election is the statement made public by State Printer Richardson today, after securing an estimate from each county by correspondence with the county clerks.

The total figure is 1,007,880. His reason for securing this data is the provision of law which compels him to publish one and a half times as many leaflets setting forth the proposed initiative measures and constitutional amendments with arguments for and against each, as there are registered voters in the state.

Los Angeles county leads with an estimated 250,000, while San Francisco has 104,000 and Alameda county 90,000. Alpine county counts 150 persons capable of voting this year.
