Mix 'n' Up
 By Joe Bush
 Seems as if we quit swatting the fly too soon.
 As long as the fish are biting what's the use of worrying?
 The man who doesn't own a garden is the only person who should not participate in the City Beautiful movement.
 Anyway, no one can accuse Dr. Chilton of favoring race suicide.
 If the price is any indication, vegetables must be scarce, reports to the contrary notwithstanding.
 Ecker Lecture
 In spite of inclement weather, a few people listened to Wm. Ecker, a wondering sleight of hand performer, lecture in court house square last night. The lecture was a surprise to many, who found the speaker quite interesting.

 Around all day with an aching back;
 Can't rest at night;
 Enough to make any one "give out."
 Doan's Kidney Pills have given renewed life to thousands.
 They are for kidney backache.
 For other kidney ills.
 Here is convincing proof of their worth:
 M. Powell, 263 Oak street, Ashland, Oregon, says: "I suffered a great deal from kidney trouble and backache and sometimes I could hardly get around. On arising in the morning I was stiff and lame, and the kidney secretions annoyed me by their irregularity in passage. As soon as I commenced taking Doan's Kidney Pills I improved, and I am now in good health. I still use Doan's Kidney Pills occasionally, however, but more as a preventative than anything else. Always insist upon Doan's Kidney Pills, for no substitute could be as effective as they."
 For sale by all druggers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

WEED HATCHERY IS LARGE ONE
 NEIGHBORING CALIFORNIA INSTITUTION HAS DEVELOPED UNTIL IT IS ONE OF LARGEST IN THE COUNTRY
 While Klamath Falls may not be aware of it, the California fish hatchery near the neighboring city of Weed is the largest of its kind in the world, and has thousands of visitors annually. The institution was established in 1888, and has constantly grown and been a subject of betterments, until now the state owns seventeen acres of land there, on which are four buildings, 145,242 feet, containing 100 troughs. In connection with the hatchery the state owns 700 inches of water rights. For the culture of fish there are 46 ponds, and the equipment includes an electric lighting and heating plant.
 It is claimed that the commercial value of the striped bass alone, which fish was introduced by the commission from Eastern states, would more than repay the taxpayers for all money expended in bringing in and developing all other specimens of the finny tribe.
