ENTER PLEAS OF NOT GUILTY IN BRIBERY CASES

COUNCILMAN GOELLER REQUESTS IMMEDIATE TRIAL

Judge Benson Will Make Announcement Tomorrow When Cases Will Be Tried—On Account of October Term of Court in Lakeview in Two Weeks Cases May Have to Wait for a Time

Pleas of not guilty were entered in the circuit court this morning by Hunter Savidge, Herbert Savidge and J. P. Goeller to the indictments found against them by the grand jury. The charge against the former is extortion, and against the two latter of accepting and receiving a bribe. Demurrers were filed by their attorneys against the indictments, without argument. Judge Benson announced that the demurrers would be overruled.

C. F. Stone, attorney for Mr. Goeller, informed the court that his client wished an immediate trial, and he would like to have the case set just as soon as possible. Judge Benson stated that in two weeks he would have to go to Lakeview to open the October term of court in Lake county, and he was unable to say at this time whether the case could be tried before that time or not. The date of trial will probably be set when the court meets again at 10 o'clock tomorrow morning.

WOMEN DECIDE TO FIGHT CASES

LANDLADINGS OF HOUSES IN RESTRICTED DISTRICT ENTER PLEAS OF NOT GUILTY THIS MORNING

Attorneys for the four landladies of houses in the restricted district asked the court this morning for permission to withdraw the motion filed Monday to quash the indictments against the four women. Not guilty was the plea then entered by the attorneys for their clients, and Judge Benson stated that he would make announcement of his decision when the cases would be tried, tomorrow morning at 10 o'clock. The women were then remanded to the custody of the sheriff until that time.

RICH HAS BRIEF TERM OF LIBERTY

AFTER PUTTING UP CASE BAIL THE AMOUNT OF BONDS INCREASED AND HE IS RETURNED TO JAIL

Attorney C. F. Stone returned last evening from Grants Pass, where he had been as the attorney for L. B. Rich, who is held in the county jail there on a charge of bigamy. Mr. Stone has also been to San Francisco to gather material for the defense.

There was no preliminary hearing held, as the grand jury was already in session, but bail was placed for Rich at \$750, which was furnished. Rich made preparations to go to San Francisco, but just before leaving the bail was raised to \$5,000, and Rich was returned to jail, where he will await the result of the investigation by the grand jury, which is considering the case today.

The Rogue River Courier has the following to say of the case: L. B. Rich, in the county jail with a charge of polygamy hanging over his head, enjoyed a few brief minutes of freedom Thursday night, when he was released from bondage on the strength of \$750, which has been telegraphed here by his father in San Francisco.

On being released Rich made all arrangements to leave on the night train for San Francisco, but even after his ticket had been purchased he found liberty again snatched from his grasp, and today is as much behind the bars as ever, the California ticket unused, all because, as Rich looks at it, of the perversity of a jealous woman.

At the eleventh hour a telegram (Continued on Page 4)

William Jennings Hammers Teddy in California Tour

Declares that Roosevelt's Trust Policy is the Most Dangerous Political Heresy Preached by Any Public Man for More Than 100 Years

United Press Service
HANFORD, Calif., Sept. 24.—W. J. Bryan left here at 9 o'clock this morning after a big reception. He will travel through the San Joaquin Valley by way of Fresno, Merced and Stockton to Sacramento, where he will address the Democratic state convention at 3 o'clock. Then by special train he will go to San Francisco, where a great meeting of democrats is planned. There will be special trains from all of the adjacent cities.

He hammered Roosevelt during his speeches throughout the day, declaring that he was a trust beneficiary, and that only Wilson could be fairly looked to for a remedy for the injustices done by them and the tariff which breeds them. He declared Roosevelt to be a belated reformer, who did not assist the progressives until they had stirred up a revolt in the republican party. Of his trust policy he said:

"It is the most dangerous political heresy that has been preached by any public man in a hundred years."

POLITICIANS ARE FIGHTING HARD

TWO BIG CONVENTIONS BEING HELD IN CALIFORNIA WILL NOT BE ABLE TO FINISH UP THEIR WORK TODAY

United Press Service
SACRAMENTO, Sept. 24.—Little prospect appeared this afternoon that either the democrat or republican conventions would be able to finish today. The progressive and democrat caucuses are on. The southern and central delegations voted to support Caminetti, thereby insuring his election as chairman.

All night caucuses led by Wolfe, Wright and Hogue decided that no compromise to Taft's claim of republican designation would be permitted.

The progressives assume that the next assembly will be theirs, and the contest is hot for the speakership between Benedict of Los Angeles, W. A. Sutherland of Fresno, L. D. Bennett of San Jose and C. C. Young of Berkeley.

MERRILL WILL HAVE EXHIBIT

QUITE A NUMBER ARE COMING TO FAIR THIS WEEK BUT MANY WILL BE TOO BUSY AT HOME TO ATTEND

County Commissioner C. G. Merrill is in the city today. He states that all of the farmers in the Merrill section are busy with their crops. The greater portion of the grain has been headed, and some of it is already in stack, but threshing has not yet commenced in that section.

The Merrill people began yesterday collecting exhibits for the county fair, which will be brought to the grounds here tomorrow. Quite a number of people are coming from the Merrill country to attend the fair, according to Mr. Merrill, but the necessity of looking after the immense crops will keep many from attending.

POWER COMPANY CONNECT WELLS

CITY OF KLAMATH FALLS NOW BEING SUPPLIED WITH A MILLION GALLONS OF PURE WATER A DAY

The California-Oregon Power Co. made direct connection Monday with their pumps to the two new wells recently bored on the former Reaman place on Conger avenue. This assures Klamath Falls of an ample supply of pure water. The wells are seventy-five feet deep, and are cased with 12-inch riveted pipes the entire depth, so that there is no possible chance of contamination of the water.

According to Superintendent Brennan these two wells are supplying 750 gallons of water a minute. It now takes close to a million gallons of water a day to supply the city of Klamath Falls, and this can be secured with an average of twenty hours a day pumping. In case more water is needed at any time, this amount can be increased by continuous pumping.

It is the intention of the company to drill additional wells so that the supply can be increased when needed. It is believed by officials of the company that the question of pure water has been solved, and that the people of Klamath Falls will have no reason for complaint in the future.
