EGGS MAKE BEST ARTICLE OF FOOD

EDITOR OF POULTRY JOURNAL DECLARES THAT HEN PRODUCT IS HEALTHY, AND URGES PEOPLE TO GO IN BUSINESS

PORTLAND, Oct. 4.—"Eat lots of eggs and poultry," said A. F. Hunter, associate editor of the Reliable Poultry Journal of Quincy, Ill., who is in Portland as a guest of General Secretary Stone of the Y. M. C. A., on his way home from the Grand Army reunion at Los Angeles to Boston.

"Eggs are the best article of food obtainable, and I am interested in encouraging every suburbanite and every city man who has ten square feet of space to spare to get a flock of chickens and keep them," declared the veteran poultry man. "Keep them penned up so they will not annoy the neighbors and will not run off all their energy, but by all means, keep a few hens, anyway," he added.

BIG CROPS ARE NOW ASSURED

GRAIN IS COMING IN AND 50 PER CENT INCREASE OVER THE YIELD OF LAST YEAR IS NOW A CERTAINTY

The crop yield in the Klamath Basin this year will be 50 per cent in excess of last year.

This is the confident declaration of C. J. Martin of the Klamath Falls Roller mills, where practically all of the grain raised in this section is marketed.

For the past three weeks farmers have been bringing in their grain, and threshing has been entirely completed on the west side of the river in the vicinity of Keno. There are many threshing machines at work in other sections, and it is expected that the entire crop will be ready for the market in a short time.

"The increase in the crop this year over last is due to a better yield as well as to the fact that more ground is under cultivation this year than last. The average yield per acre is considered much better than last, but this does not account entirely for the increase of production.

The grade of the grain is about the same as last year. Wheat raised in the foothills is much better than that from the low lands, where frost did some damage. Barley and oats crops were better on irrigated land. The wheat raised on irrigated land, however, did not mature fast enough, and frost interfered.

The price paid for grain this year is about the same as last, and farmers are, as a result, highly pleased with the prospect of a prosperous winter.

MEDFORD ATHLETE LOSES HIS WIFE

EXTRAORDINARY EFFORT KEEPS THE NEWS OF THE DIVORCE OUT OF THE NEWSPAPERS FOR A COUPLE OF WEEKS

BOSTON, Mass., Oct. 4.—Superior Court Justice Connolly has granted a divorce to Mrs. Emily Johnson from James Goodwin Johnson of Medford, Ore., a former Harvard university ball player. The divorce was granted a fortnight ago, but extraordinary efforts on the part of lawyers kept the information exclusively in the court files until today.

The libel alleged cruel and abusive treatment, but no specific instances were named in the document. Mrs. Johnson is given the right to assume her maiden name, Emily Brown Mitchell. They were married in 1906, shortly after Miss Mitchell graduated from high school.

"Jimmy" Johnson, who was an all-around athlete at Harvard, and popular, was but one of many suitors for her hand, another being a wealthy young Canadian railway man. News of the divorce was received with much surprise here.

AGED MAN FAILS TO CROSS DIVIDE

AFTER DEATH HAD BEEN PRO-NOUNCED AND NOTICES SENT OUT HE REVIVES, BUT IS RAPIDLY FAILING AGAIN

BAKER, Oct. 4.—Pronounced dead Thursday night at 11 o'clock, a couple of hours later, when members of the family had been summoned, R. D. McCord, a pioneer resident, revived, to the surprise of all, and while death is a matter of only a few hours, an obituary appeared in a morning paper, and relatives who left what was apparently a deathbed were later summoned with the startling news that Mr. McCord was not dead at all. He appeared stronger for several hours, but is now failing fast, and the end is near.

TITANIC DISASTER IS NOW SHOWN ON FILMS

Realistic scenes incidental to the Titanic disaster will be shown in films at the Majestic theater tonight. The scenario of the films was prepared by Dorothy Gibson, who was a passenger on the ill-fated vessel at the time of the disaster, and was one of those who saved their lives by taking to the lifeboats.—Adv. 1t

MAN AND WIFE FIGHT TO DEATH

HATCHETS ARE WEAPONS SELECTED BY PAIR, AND THE STRUGGLE RESULTS IN DEATH OF ONE AND INJURY TO OTHER

VIENNA, Oct. 4.—An extraordinary duel between a man and his wife, armed with hatchets, is reported from Volosca. The pair, named Pilevitch, first locked themselves in their kitchen. The woman severely wounded her husband in the head, then the man chopped off his wife's arm and finally shattered her skull, killing her. He had barely enough strength left to crawl to a window and tell passersby what had happened before expiring.

Attorney Is Long-Winded INDIANAPOLIS, Ind., Oct. 4.—Attorney Miller expects to consume the whole day in outlining the government's case. The court has ordered the jurors kept together. The men will virtually be prisoners during the three months of the trial. They will be provided with sleeping quarters in the federal building. Miller's opening statement consists of 500 typewritten pages. He thinks it may require two days. It recites in detail the history of the dynamiting.

IGNORANT OF THE CONTRIBUTIONS

but the acceptance of a single dollar of this money will hurt Taft more than it will help him."

The Colonel declared that some of those he sent for in the interest of his services while in the White House were Jim Hill, John L. Sullivan, "Batling" Nelson and Dr. Lyman Abbott.

The witness said that Sullivan and Nelson wanted to see him about a question of public policy. Here Roosevelt grinned, and the committee smiled.

Roosevelt flatly denied ever having said that corporations did not contribute to the 1904 campaign. He admitted the contributions, asserting that the democrats had raised funds in a similar manner.

"My denial was that no contributions were raised by blackmail," he said. "It was legal for corporations to contribute. There was a law passed against it during my last term. In 1896 the trust contributions were blazoned broadcast."

As an evidence of his patriotism he asserted that neither Harriman nor Archbold had complained of his administration, and then he read a letter sent to Ormsby McHarg March 4, last. The concluding paragraph read: "I should like your personal assurance that you did not by patronage or money try and get delegates for me in the South."

He then read McHarg's answer: "I did not say that I had used either money or patronage. I know that you would repudiate such action."

The witness then suggested that Charles D. Hillis, republican national committee chairman, and Representative Bartholdt be called to face the committee to substantiate the charges that the progressives had spent \$2,000,000 in the present campaign.

PRIESTS ACCEPT THE INEVITABLE

NOT LESS THAN 800 CHURCHMEN IN PORTUGAL ACCEPT PEN-SIONS PROVIDED BY THE NEW REPUBLICAN GOVERNMENT

ROME, Oct. 4.—Not less than 800 Catholic priests in Portugal have accepted the pension provided for them by the new republican government following their acceptance of the law separating state and church.

The receipt of the official news to this effect caused a profound sensation at the vatican today, where it had been hoped the clergy of Portugal would resist the enforcement of the separation act to the last.

FITZGERALD TO GET LIBERTY

After a consultation between United States Commissioner Ferguson and Deputy United States Marshal Beatty, the release of L. Fitzgerald from the county jail was authorized this afternoon.

Fitzgerald, who is well known in this section, was suspected with having sold whiskey to Indians. He was arrested during the fair here with an Indian who was held as a witness.

PORTLAND WATER PLANT IS CONSIDERED EXPENSIVE

PORTLAND WATER SYSTEM COST A LOT OF MONEY, ACCORDING TO OFFICIAL REPORT, WHICH HAS BEEN FILED

PORTLAND, Oct. 4.—A report filed with the city water board by Superintendent F. T. Dodge of the water department shows that the total cost of establishing the present water system, including both Bull Run pipe lines, has been \$9,323,431. This figure includes all installations.

More than 55 miles of water mains of all sizes have been laid this year, according to the September report of Assistant Engineer Randlett.

The board adopted the recommendations of a special committee that the town of Linnton be permitted to use Bull Run water. Work of extending mains to the city limits to connect with a supply main from the down river suburb will be commenced as soon as possible.

It will cost the Linntonites a pretty sum, however, to avail themselves of Portland's pure water supply. The board fixed an annual rental of \$1,200 to be paid by Linnton over and above a sum equal to 8 per cent on the cost of extending mains to connect with the Linnton system.

BEAUTIFUL HAIR AT SMALL COST

A SIMPLE REMEDY BEAUTIFIES THE HAIR, CURES DANDRUFF, STOPS FALLING HAIR

What a pity it is to see so many people with thin, wispy hair, faded or streaked with gray, and realize that most of these people might have soft, glossy, abundant hair of beautiful color and lustre if they would but use the proper treatment. There is no necessity for gray hair under sixty-five years of age, and there is no excuse for anyone, young or old, having thin, straggling hair, either full of dandruff or heavy and rank smelling with excessive oil.

You can bring back the natural color of your hair in a few days and forever rid yourself of any dandruff and loose hairs, and make your hair grow strong and beautiful by using Wyeth's Sage and Sulphur Hair Remedy. For generations common garden Sage has been used for restoring and preserving the color of the hair, and Sulphur is recognized by scalp specialists as being excellent treatment of hair and scalp troubles.

If you are troubled with dandruff or itching scalp, or if your hair is losing its color or coming out, get a fifty cent bottle of Wyeth's Sage and Sulphur from your druggist, and notice the improvement in the appearance of your hair after a few days' treatment.

Peevish Children Suffer With Worms

Don't be angry with your child, because he or she is continually irritable. In ninety-nine out of one hundred cases you will find that the trouble is worms.

Among the common symptoms of the presence of round worms are nervousness, which often leads to epileptiform attacks; dizziness, vertigo, capricious appetite, restlessness, itching of the eyes and nose, nausea and often hysteria. Round worms are several inches in length and inhabit the stomach. Occasionally several hundred are found in a single person. Round worms are smaller, often not longer than a quarter of an inch. The symptoms denoting their presence are about the same, but in this case the child has no appetite. Jayne's Tonic Vermifuge is unsurpassed in removing worms. Not only will it destroy them but its tonic effects will restore the stomach to healthy activity. As Jayne's Tonic Vermifuge seldom purges, the indications of its beneficial effects will be the improved condition of the system using it. Millions of mothers have praised this medicine for more than fifty years. Insist upon Jayne's Tonic Vermifuge, and accept no other. Sold by druggists everywhere. Dr. J. C.
