KIDS OF PAISLEY NEED A SCHOOL

PROBLEM IS PUT UP TO THE ATTORNEY GENERAL OF STATE. MORE SCHOOLS AND TEACHERS ARE NEEDED

HALEM, Oct. 11.—The Paisley, Ore., school is over-crowded, and there is an insufficient number of teachers. The directors put the matter up to the voters in a request for an addition to the building. The voters turned the proposition down. Now what are the directors going to do about it?

He advised the directors they could use for the employment of teachers or securing more room 15 per cent of the 5 mills school levy, but if more than that is needed the money can be had only by the vote of the electors. He advised them that they could hire as many teachers as they saw fit.

STATE ENGINEER TO INVESTIGATE

HEARINGS WILL BE HELD IN THIS CITY IN DECEMBER TO DETERMINE WATER RIGHTS OF MANY FARMERS

An important hearing to determine the rights of farmers in Langell Valley to the waters of Lost River will be held in this city December 7th by the state engineer. Notice to this effect has just been sent out.

For years the farmers of Langell Valley have used the overflow water of Lost River, but when the dam was constructed at Clear Lake the annual overflow was stopped, and now it will be determined whether or not the farmers are entitled to any of the stored water in lieu of the overflow water.

Two days before the hearing of the Lost River matter the engineer will start an investigation relative to the rights to the waters of Cherry Creek, a tributary of Upper Klamath Lake.

William Hall Pleads Guilty to Charge of Assault and Battery

District Attorney will Present Charges Against City Officials to the Klamath County Grand Jury Next Month. Indignation Wave Causes Smiles

According to the morning Wave of indignation, unless District Attorney Kuykendall issues warrants for the arrest of prominent city officials by tomorrow night, Governor West will be notified and the militia will be sent here at once. In the meantime the district attorney, according to his declaration this afternoon, will continue to conduct the affairs of his own office without regard to the mandates of the Big Wave.

This morning William Hall appeared before Justice Graves and entered a plea of guilty to a charge of assaulting H. Vance Hutchins, a reporter for the Morning Scream. Justice Graves imposed a fine of \$25 and costs.

Sam Evans, editor, managing editor, business manager and sole owner of the morning paper, called on the district attorney yesterday afternoon and demanded that warrants for the arrest of city officials at once be issued. A lengthy conference was held, and the district attorney as-

sured Mr. Evans that the same course would be pursued in these cases as was followed in the charges against Hunter Savidge, Herbert Savidge and J. F. Goeller, that is, the matter would be called to the attention of the grand jury for investigation.

"It does not appear to me that this is any different from the municipal graft matter as those cases were originally brought up," said Mr. Kuykendall. "All of the men who are accused with crime are well known here and there appears to be no danger of any one of them attempting to leave the city."

"I have but the word of Sam Evans and his newspaper of the charges against these city officials. According to his own statement, Mr. Hutchins is confined to his bed, and not able at this time to give testimony. However, if it should develop that any of the men who are charged with an offense attempt to leave the city, I would at once authorize the issuance of warrants, even on the unsupported word of Sam Evans."

The Klamath county grand jury will convene in this city during the last week of November. After several matters now pending are disposed of, the jury will be excused and a new jury will be drawn to convene during the first week in December. It will be this grand jury that will probably take up the charges against Mayor Nicholas, Chief of Police Smith and Officer Hall.

Mr. Evans' announcement of the issuance of an ultimatum to the prosecuting attorney caused considerable amusement on the streets today. Also it was recalled that when serious charges of graft had been preferred against city councilmen, Mr. Evans, through his newspaper, was strenuous in his defense of the accused. It was when a representative body of men composing the Klamath county grand jury returned indictments that he transferred his attacks to members of the Klamath Falls police force in an apparent endeavor to divert public attention.

United Press Service NEW YORK, Oct. 11.—The phenomenal pitching of "Smoky" Joe Wood, the 23-year old prodigy, put the Indian sign on the New York Giants again this afternoon. The Red Sox wonder had the heavy hitting Giants at his mercy, and, although eight safe bingles were marked up against him he was at his best when

hits meant runs for the local aggregation. Tessreau was taken out of the box in the seventh, after he had allowed six hits, passed two men and let one slip in on a wild pitch. Ames was substituted, but the hard-hitting Red Sox took three safe ones from his delivery, besides a base on balls. Gardner was the hitting star of the
