TREASURER IS A MONEY SAVER

FIGURES RECENTLY COMPILED SHOW THAT OVER \$84,000 HAS BEEN SAVED BY FLAT SALARY LAW
SALEM, Oct. 14.—By figures being compiled by State Treasurer Thomas Kay for the biennial report of his office it is shown that the state is ahead just \$24,463.60 in this one office as a result of the flat salary law, which was introduced in the legislature by Mr. Kay when he was a member of that body. This is the amount collected during the last two years as interest on state money deposited in various banks. Under the old regime prior to the adoption of the flat salary law six years ago, this interest money went into the pocket of the treasurer.
In every department the treasurer's office shows a substantial growth in the last two years, which indicates a corresponding growth in the development of the state.

WOOD DEALERS MAY GO FREE

COUNTY MAY SAVE THE EXPENSE OF EXTRADITION—FORMER CITIZENS ARE EMPLOYED WITH TRAM IN B. C.
After a chase which took him to British Columbia, Sheriff Barnes returned home last night, leaving Geo. Anderson and A. D. Brier in New Westminster in the custody of Attorney C. F. Stone, specially appointed deputy sheriff. Whether or not the men will be brought back here to answer to a charge of removing mortgaged property has not been determined, but it is possible that some arrangement will be made whereby the county will not be required to go to the expense of extradition.
Brier & Anderson left this city with eight horses and two wagons, alleged to be under mortgage. They were traced by Sheriff Barnes to New Westminster, B. C., where both men had secured work. They were earning \$7 a day each when the sheriff arrived on the scene.
Attorney Stone represents the bank holding the mortgage. He proceeded at once to the scene of the arrest.
