DOCTOR DROWNS IN THE UMPQUA

FISHERMAN WADES TO THE MID-
DLE OF STREAM AND LOSES
HIS FOOTING WHEN COMING TO
THE SHORE

ROSEBURG, Oct. 16.—Dr. R. P. Smick, a well known Roseburg physician and a member of the medical firm of Drs. Seely, Sether, Stewart and Smick, was drowned while fishing in the Umpqua River, thirteen miles west of Roseburg. The body was recovered fifty minutes after he sank. The doctors worked over the body for more than an hour, but could not induce respiration. He was 33 years old, and a son of Rev. and Mrs. W. A. Smick of Roseburg.

Smick has often fished in the vicinity where he lost his life. He went there with two other Roseburg men. He waded to the middle of the river, as was his custom, and after fishing for some time started to return to the shore. He lost his footing and was carried by the swift current to deep water below.

Smick was a fine swimmer. He started to swim up the river, but the current was too strong, and he could make no headway. One of his companions threw him a fishpole attached to a line. He grasped this, but as the man started to pull him in he let go and sank.

The place where the accident occurred is below the confluence of the North and South Umpqua Rivers, and the water was very cold and ran like a mill stream.

Dr. Smick was to have been married in about six weeks to Miss Elaine Bell, daughter of Weather Observer Bell. She is at present touring in the East.

DETECTIVE IS UNDER ARREST

CHARGE IS MADE THAT HE GAVE
MONEY TO WITNESS TO PER-
SUADE HIM TO KEEP AWAY
FROM A TRIAL

TACOMA, Oct. 16.—Charged with bribing a witness in the case of the government against Sarah and Samuel Levy and Henry Suwol, now on trial for alleged conspiracy to defraud creditors of the woman, when she went through bankruptcy proceedings, Emerson C. Belding, manager of a Seattle detective agency and a well known political worker, was arrested in court here by United States Marshall Doten. The arrest of Belding caused a halt in the trial.

Belding is accused of giving C. P. Adams, a witness, \$50 to leave his home in Aberdeen and hide until the case was settled.

MANY STALLIONS REFUSED LICENSE

CORVALLIS, Oct. 16.—The first annual report of the stallion registration board of Oregon, prepared by the secretary, Professor E. L. Fetter, of the Oregon Agricultural College, is now off the press, and is full of interesting facts.

Besides a complete directory of all the licensed stallions and jacks in the state, classified by counties, with the names of their owners and a statement of their breeding and any special defects, there is a table showing just how many of each breed there are in each county, how many are grades, mongrels or pure blooded. Another table classifies the animals as to breeding and soundness, showing the number of each breed having spavin, roaring, and other defects, a total of 9 per cent unsound out of 17,135 animals.

The total number of applications received was 1,238, and of these 1,135 have been granted licenses, 103 being held up, some because no fees were paid, some because of the death or sale of the horse, lack of inspection, necessity of further information, or other cause. In some cases the pedigree was found to be entire fictitious, or to have dates changed or to be forgeries. Certificates of registration were refused them, as were also certificates issued by the American Horse Register, American Percheron Register, American Pacing Register, Standard Jack and Jennet Register, the Dominion Draft Horse Association and the Hartman Stock Farm Registry Record company. In the latter case pure bred licenses were issued.

It is interesting to note that Idaho has registered three stallions in the Oregon register, California four and Washington nine. Of these six are standard bred, one shire, one Percheron, one Clydesdale, two mongrel, one German Coach, two Belgian, one grade-trotting and one grade-Percheron. They are used along the Oregon line.

SECOND CROP PEARS COME

HOOD RIVER FRUIT GROWER REPORTS UNUSUAL YIELD—PHENOMENON OCCURS FOR SECOND TIME IN THREE YEARS

HOOD RIVER, Oct. 16.—Oscar Vanderbilt, Hood River apple king, and owner of the famous Vanderbilt orchards, is now harvesting his second crop of pears. Mr. Vanderbilt stated that the trees bloomed the second time in July, and the fruit is now being picked and is of excellent quality. Three years ago the same phenomenon occurred, when Mr. Vanderbilt harvested a second crop.

YOUR GRAY HAIRS
QUICKLY VANISH

A HARMLESS REMEDY, MADE FROM GARDEN SAGE, RESTORES COLOR TO GRAY HAIR

A feeling of sadness accompanies the discovery of the first gray hairs which unfortunately are looked upon as heralds of advancing age. Gray hair, however handsome it may be, makes a person look old. We all know the advantages of being young. Aside from the good impression a youthful appearance makes on others, simply knowing that you are "looking fit" gives one courage to undertake and accomplish things. So why suffer the handicap of looking old on account of gray hairs, when a simple remedy will give your hair youthful color and beauty in a few days' time.

Most people know that common garden sage acts as a color restorer and scalp tonic as well. Our grandmothers used "Sage Tea" for keeping their hair dark, soft and luxuriant. In Wyeth's Sage and Sulphur Hair Remedy we have an ideal preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp and thin, weak hair that is split at the ends or constantly coming out. A few applications of this valuable remedy will bring back the color, and in a short time it will remove every trace of dandruff and greatly improve the growth and appearance of the hair.

Get a fifty cent bottle from your druggist today, and notice the difference in your hair after a few days' treatment. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

A Clean Scalp And Healthy Hair

Many of your friends have found that a luxuriant growth of
hair—soft and glossy—and a scalp free from dandruff, will result
from the use of

NYAL'S HIRAUTONE

This is the procedure—
Wash the hair with warm water and a pure soap—rinse thor-
oughly—rub the scalp with a stiff brush—apply Hirauteone—rub it
in well and dry the hair before combing.

Please understand that Hirauteone is not merely a hair wash—
it is a tonic—a food.

While it thoroughly cleanses, it also protects bac-
terial action—nourishes and stimulates the roots of the
hair—removes all dandruff prevents its return—and
preserves the natural beauty and color of the hair.
Nyal's Hirauteone should be on your dressing table.
It sells at 50 cents and \$1.00 the bottle.
