

Allies Put Turks to Rout; Powers may be Mixed in War Actions for Damages may be Started Against Sam Evans

ATTORNEY'S NOW SEE CHANCE TO GET DAMAGES

WEEKLY DRAINER REPORTED TO BE REAL PAPER OWNER

Reports Are Current That Suits for Libel Will Be Started Against the Owners of the Northwesters—Attorneys Have Been Investigating Affairs of the Morning Newspaper, With View of Doing

That a series of libel suits will shortly be started against Sam Evans, editor of the Northwesters, and R. Hotelling, reported to be the financial backer of the erratic morning sheet, now appears certain. During the past month there have appeared in the morning paper numerous articles which were absolutely without foundation in fact, and which were calculated to do harm to citizens of Klamath Falls. These articles will be the basis of the legal actions which are now threatened.

Some time ago a suit against Evans was threatened, but at that time there did not appear to be any chance of recovering anything in the event of a verdict being rendered against him. It has since been established, however, that the pioneer San Francisco whiskey man, R. Hotelling, is in reality the owner of the paper, although it does not appear in his name, and there now seems to be a chance of recovering damages.

The financial affairs of the Northwesters have been under investigation by local attorneys for some time, with a view of recovering damages for clients for the libelous articles which have been printed in the paper, but it was believed that a judgment would not be worth the paper if it was written on, and this in spite of the fact that Sam Evans has made a sworn statement that he is the sole proprietor and that there are no mortgage holders, stockholders or others interested in the ownership.

ALDERMAN'S PLAN TO BE TESTED

HIGH SCHOOL TEACHERS WILL UNDERTAKE A SYSTEM OF SUPPLEMENTARY REPORTS TO PARENTS OF PUPILS

Following a state wide movement inaugurated by State Superintendent Alderman, the Klamath County High school has undertaken a system of supplementary reports to the parents of the high school students.

This is along the line of increasing the efficiency and usefulness of the high school in calling the attention to a few things which are matters of cultivation, and are of equal importance to others which the school commonly grades.

This is a matter in which the school can co-operate more closely with the home, in an attempt to serve its patrons.

The high school has not undertaken all the things undertaken by the state superintendent, preferring to begin in a smaller way and add or subtract from the list, as experience seems to justify. Among the things marked at the last report are the following:

General use of English, attitude toward work, posture, walk, economy, willingness to co-operate, manners, courtesy, industry and elements of leadership.

SUIT TO OUST PRINTER ENDED

ACTION WHICH HAS BEEN PENDING IN THE COURTS FOR A YEAR IS FINALLY ORDERED DISMISSED

SALEM, Oct. 26.—After it had been pending in court ever since September, 1911, Secretary of State Olcott has directed Attorney General Crawford to dismiss the suit instituted to oust State Printer Duniway from the Capitol building. The secretary of state in instituting the suit maintained that under the law the state printer was not entitled to an office in the state house, and declared that room taken up by the plant was needed by other officers entitled to office rooms.

The circuit court sustained a demurrer to the complaint, and the secretary of state appealed to the supreme court, where the case was pending. As it is figured that by the time it is decided the additional capital building will be completed and the state printer be able to move into it, it was decided to dismiss the case.

The federal government is going to insist that the law prohibiting liquor on Indian reservations be more vigorously enforced than ever, according to reports received here from Washington.

Acting Commissioner Abbott of the Indian bureau has issued orders to government employes to co-operate constantly in overcoming the great difficulties of keeping freewater away from the redskins.

"Employes must set the example," the letter says. "There cannot be one law in Indian country for Indians and a different law for white employes. In the future there must be no understanding and no possible ground to plead ignorance of the law and regulations."

MOTHER OFFERS CASH FOR SON

JUSTAV VAIL HAS BEEN MISSING FOR SOME TIME, AND HIS MOTHER FEARS THAT FOUL PLAY HAS OCCURRED

SAN FRANCISCO, Oct. 26.—Fearing that her son, Gustav Erby Vail, a youth of 26 years of age, who came here from Portland, Ore., a short time ago, and has been missing since October 10th, has met with foul play, his mother has offered a reward for any information as to his whereabouts.

The last trace of Vail is found when he called on John Weylton, at 5223 Mission street, and asked where he could invest \$500 in the plumbing business. This is the last seen of him by his friends, and his mother, who is living at the Dale hotel, is almost prostrated with worry over his continued absence.

Mrs. Vail has lived in Portland for the past forty years, and came here following her son's removal to this city. She is said to have been a prominent leader in Grange work in Oregon, and also in the woman suffrage movement. Friends fear that Vail had the \$500 with him when he disappeared, and that he was killed for his money.

GOVERNOR WEST ASKS MAYOR FOR AN EXPLANATION

STATE EXECUTIVE SENDS LONG TELEGRAM TO NICHOLAS

No Decision Has Been Reached Yet as to What Action the City Officials Will Pursue—Few People Believe That the Governor Intends to Come Here—Klamath Is Not Advised of Visit

As a result of representations made, it is charged, by Sam Evans, Governor West last night sent a telegram to Mayor Nicholas inquiring concerning the charges which have been made against police officers. Whether or not the mayor will answer the governor's message with a statement of the truth of the matter or will ignore the state executive's communication has not yet been decided.

Charges that have been made against the police will probably be taken up by the investigation by the grand jury which was expected to be announced by District Attorney Kayholland this afternoon in the event of Judge Benson completing the work of the court in Lakeview in a few days, the grand jury would be summoned to convene here immediately.

The first football game of the season between the Senior-Sophomores and the Junior-Freshman teams of the high school resulted in a draw battle. Neither side was able to score, and the game was called a draw.

During the first half the seniors had a slight advantage, but in the last half the Juniors came near scoring, the ball being within a short distance of the senior goal.

The game was replete with fumbles, and it was due to the juggling of the ball that the Juniors did not win the game.

UNIFORM WEIGHT TO BE ADOPTED

BOXING COMMISSION WILL ATTEMPT TO SECURE CO-OPERATION OF OTHER COUNTRIES TO PROPOSED PLAN

For the first time in the history of boxing in the United States, an official attempt will be made by the New York State Athletic Commission to fix an international standard of weights to govern championship bouts in the various classes.

The commission hopes to get its schedule recognized by the authorities governing the sport in England, France and Australia. The weight scale, drawn up by the New York commission is now on its way to the governing bodies in the three countries named, and it is expected to meet their approval.

Paperweight, 100 pounds; bantamweight, 115 pounds; featherweight, 125 pounds; lightweight, 135 pounds; welterweight, 145 pounds; middleweight, 155 pounds; light-heavyweight or "contender" weight, 175 pounds; heavyweight, 175 pounds and over. The commission in fixing the scale also stipulated that the various weight limits should be made at the ring-side. Weighing has many opponents in this country, and it is believed that a modification of this rule will be agreed upon later by the international bodies concerned.

The commission's schedule calls for a new class to include heavy to heavy to make 155 pounds standard, yet the light to compete on full-sized heavyweights. The idea is to do away with contests in which a man weighing 165 pounds meets an opponent carrying 20 pounds or more.

In addition to the weight program, the commission has entered into an agreement with English, French and Australian promoters by which uniform rules and penalties will be mutually recognized.
