Jobs to be Voted For

United Press Service
WASHINGTON, D. C., Dec. 4.—Popular primaries to determine the choice of collectors of internal revenue, postmasters, marshals and surveyors is the latest plan of the democrats when this session gets fairly started. Democratic congressmen who are besieged with requests for such appointments believe this plan will save them from political obliteration at the hands of disappointed office-seekers in subsequent elections.

The new scheme is advocated by Representative Humphreys of Mississippi and Beall of Texas. There is strenuous opposition, and a lively debate is already under way. Representative Robert L. Henry of Texas is an opponent of the plan.

CAPITAL STOCK TO BE REDUCED

KLAMATH WATER USERS ASSOCIATION WILL UNDERGO A CHANGE—ACTION OF GOVERNMENT BRINGS ABOUT MOVE

The question of reducing the capital stock of the Klamath Water Users Association is to be considered at a meeting of the stockholders of the organization to be held at 2 o'clock Friday afternoon at Houston's opera house. The matter is of great importance to the land owners of the entire Klamath project, and a large attendance is expected.

When the association was organized a few years ago the capital stock was divided into 100,000 shares, based upon all the land then embraced in the Klamath project. Since that time considerable land has been released from the project by the reclamation service, including tracts around Keno, the high lands between here and Olesse and near Poe Valley, and large tracts of swamp land.

On account of this the amount of authorized capital stock has become larger than necessary, and as the state laws require the representation of 50,001 shares of stock at a meeting to make a legal, it is the plan of the water users to reduce the number of shares of the capital stock to 50,000, in which case the legal majority would be much less.

Dem First in Roll Call

United Press Service
WASHINGTON, D. C., Dec. 4.—J. W. Abercrombie, newly elected member of congress from Tuscaloosa, Tenn., will bear the distinction of having his name first on the house roll, displacing John M. Adair of Indiana, who held the position for six years.

JOHNSON URGES LOWER FREIGHTS

NEW MANAGER OF THE KLAMATH DEVELOPMENT COMPANY SUGGESTS THE ORGANIZATION OF A COMMERCIAL BODY

The need of a united effort on the part of local business men to secure more favorable freight rates to and from Klamath Falls was brought up at a meeting of the directors of the Home Building and Realty company last night by Robert A. Johnson, the manager of the Klamath Development company, and he pointed out the results of such a move in other places that were similarly situated.

"Klamath Falls is at a great advantage regarding freight rates," said Johnson. "I understand that the rate on paper to this city amounts to nearly the cost of the paper, while it is known that the freight on coal from Marysville to Klamath is as high as from Pennsylvania to Marysville."

"There is one way to remedy this condition, and that is for the citizens of the town to get together through the Chamber of Commerce, or some other form of organization, and work hard. I would suggest the employment for a time of a traffic expert, who could compile statistics and place before the railroad sound reasons why this community is entitled to better freight rates. If as much of an effort was made by the people working together for the town as there is by the private concerns making better rates on different commodities, a great deal could be accomplished."

Indians Get Liquor; Here as Witnesses

Joe Wicks and Stanley Pedro Lodged in the City Bastle. Authorities are Seeking Bootleggers

That the practice of bootlegging or furnishing intoxicants to Indians has not been entirely eliminated in this city was shown last night when the police arrested Joe Wicks and Stanley Pedro, two Klamath Indians, for drunkenness. The Indians are here with other reds from the reservation, subpoenaed to appear before the grand jury in connection with the killing of Frank Jack near Fort Klamath.

As the police were unable to ascertain who furnished the whiskey to Wicks and Pedro, they were charged this morning by Police Judge Leavitt, after a severe reprimand. Pedro is under bonds pending his hearing before the federal grand jury on a statutory charge.
