## WEST TO FAVOR MANY MEASURES

BETTER REGULATION OF THE LIQUOR TRAFFIC WILL BE IMPORTANT PART OF GOVERNOR'S CAMPAIGN

SALEM, Dec. 28.—Governor West has announced the tentative outline of his program for better regulation of the liquor traffic and control of vice conditions and sale of drugs, which he will take before the next legislature. This program includes measures that touch nearly every phase of the vice conditions against which the governor has been waging vigorous warfare.

"There won't be anybody who won't have some measure to fight," laughingly declared the governor, when he had finished the outline.

Heading the program will be two measures to make the "tin plate" and bonding ordinance, enacted by the Portland city council, statewide in their application. These measures will govern every public building and hotel and lodging house in the state.

The "tin plate" law will require the name of the owner to be placed on all public buildings, so the responsibility of the character of any questionable building may be placed by the public and officials. The bonding law will provide that all owners or lessees of hotels, lodging houses, etc., will have to give bonds to maintain reputable establishments.

Another measure will provide for abolishing the sale of liquor outside of incorporated cities and towns, regardless of whether the district is "wet" or "dry." This is to be effected by taking from the county court the power to grant licenses to liquor establishments in rural precincts. The governor pointed out that much trouble to peace officers and annoyance to the public are caused by grog shops being established in remote districts.

Important in the program will be measures bearing down on the breweries and transportation companies that ship liquor from wet to dry territory in the state.

"I've been waiting to see how much help we could get from the transportation companies in stopping the shipment of liquor into dry districts," said the governor, "and I not only know of where express companies are handling liquor billed for dry districts, but I know of a case where an express agent in secreting packages when he receives them. These packages are unmarked, and the company is violating the assurance given this office that all packages would be marked correctly. The action I took before was to see how much co-operation we would get from the companies, and now I have some laws to propose."

Governor West said he knew of liquor houses sending out notices to patrons in "dry" districts, assuring them that it would ship liquor in unmarked packages. "There is evidently an understanding somewhere," he said.

The governor's program will also reach the druggist, and he proposes to present a measure providing for more stringent action on the license if he is convicted of bootlegging, or if convicted of selling cocaine, morphine or other drugs of this nature.

Another bill, already made public, but which will be part of this program will give the chief executive power temporarily to remove district attorneys, sheriffs and constables, and appoint others in their places when such action is needed to secure better enforcement of laws.

Edwin Wilson, one of the Indian police force, is in from the Agency today.

## American Wife of Diplomat

(Copyright by Harris & Ewing)

Mme. Ibrahim Zia Bey, wife of the secretary of the Turkish embassy, is undeniably and frankly American, with the charm of youth and the poise and dignity of the well-bred woman. Before her marriage she was Miss Carrie Fellows of New York. Mme.

Zia is the first woman of the Turkish embassy to assume the duties of hostess, which she has done most charmingly. She speaks French, German, Italian and Spanish quite fluently, and has mastered the language of her husband's country. She is unusually well informed on the questions of the day, and is an inveterate newspaper reader.

## THREE KLAMATH-MEN HONORED

DELEGATES TO THE OREGON IRRIGATION CONGRESS TO BE HELD IN PORTLAND NEXT MONTH ARE APPOINTED

James Pelton of Fort Klamath, W. O. Smith and Frank Ira White of this city are the Klamath county delegates to the session of the Oregon Irrigation congress to be held in Portland January 9, 10 and 11. They were appointed today by Secretary Oliver of the Klamath Chamber of Commerce, and all will attend the convention.

The session this year is of more than usual importance, as a great deal of attention will be given to the irrigation laws, and recommendations regarding them will be prepared for the legislative session commencing January 13 in Salem.

On account of the trips through Oregon that were taken by the delegates to the session of the Central Oregon Development League in Lakeview, a good idea of the present status of irrigation was obtained, and the delegates were able to take the matter up with the water users and farmers of the different communities, and thus learn the general opinion regarding this or that proposed change.

A. B. Schroeder, who operates one of the largest cattle ranches in the Silver Lake country, is here attending to business matters. He will make a visit to outside cities also.

Emmett M. Keever is here from Medford on a business trip.

Mrs. Wm. Bassett returned from Portland Sunday night, and is stopping at the Oregon house.

## LAKE COUNTY SHEEP HEALTHY

THE ACTING STOCK INSPECTOR MAKES TRIP TO THE "DESERT" COUNTRY AND IS PLEASED WITH CONDITIONS

County Stock Inspector D. P. Maloy and who is acting in the capacity of government inspector since the death of Wm. J. Proudfoot, last week returned from a tour of the sheep on the "desert," says the Lakeview Examiner. He states that conditions in general are favorable in that section, but in a few instances wildfire exists. This is a disease of the skin, but is not considered seriously dangerous. However, dipping, he says, is the only means of permanently eradicating it. Mr. Maloy states that about three inches of snow fell on the "High Desert," which affords ample water for the sheep and camp purposes. Feed is good also, he says, in many places there being an abundance of bunch grass available for the sheep to graze upon.

The British bark Torrisdale has been wrecked on the Grays Harbor bar. All of the crew were saved.

## A GOOD HOME

Is the object of every right-thinking man and woman. Home building is the great occupation of the American people. Why not buy a lot on easy terms and lay the foundation for your home? I'll sell you one in Nichols Addition, close in and desirable, for the small sum of \$375.00 only \$100.00 cash. Another good one in Second Hot Springs at \$325.00, only \$100.00 cash. Come in and talk it over.

Houses and lots in all parts of the city. And I'll take you back to the farm, if you care to go.

## THE NOSE A FILTER TO STRAIN THE AIR

CATARH CLOGGED NOSTRILS A BREEDING PLACE FOR DEADLY GERMS

The nostrils are perfect "air filters" and, when kept in a clean, healthy state, strain every bit of air we breathe, catching all dust particles, foreign matter and germs. The air is full of germs. You cannot dodge them, but you can safeguard yourself against catarrh and other diseases contracted in the process of breathing by keeping the nostrils clean and healthy. Catarrh germs will sometimes get in their work, and you may mistake the symptoms for an ordinary cold.

Don't take any chances. If you have a stuffed up feeling in the head, or if your throat is sore or filled with phlegm, just grease the nostrils with a little Ely's Cream Balm, draw the pure aromatic fumes back in the head and you will be astonished at the effect. In a few minutes you will feel a loosening up in the head, the nasty discharge will soon be stopped, the soreness gone, and you will feel a sense of genuine relief.

Ely's Cream Balm not only wards off catarrh, but will quickly cure even a chronic, long-standing case of catarrh. It takes the trouble right where it starts, in the nose and throat, cleanses, heals and strengthens the raw, sore, inside skin or membrane, and in this way drives out catarrh and makes you proof against this filthy, disgusting disease.

Colds which often hang on for weeks can be quickly cured with this cleansing, healing, antiseptic balm. All druggists sell it for fifty cents a bottle, and the one bottle is generally all that is needed to effect a complete cure. Try it today.—Adv.
