The supreme court has denied the appeal of George and Charles Humphrey, sentenced to death for the murder of Mrs. Eliza Griffith in Benton county, June 2, 1911.

But two counties in the state, Klamath and Union, have more female school children than male.

Mr. and Mrs. George Bradley left Wednesday for Portland, where Mr. Bradley will purchase additional stock for the Bradley Harness company. While in the north the Bradleys will spend several days visiting at Mr. Bradley's old home, Oregon City.

E. V. Coffin and F. D. Schrupp are among the Medfordites spending the day in Klamath Falls.

## THE NEW YEAR

It is a good time of the year to meditate, to think a little about the past and more than a little about the future. The past cannot be undone, but the future is ours to mould as we will. The year 1913 will be largely what we make it. If we are dissatisfied, it may be that the fault lies with ourselves, and it might be well to turn a page and plan something different for the new year. Come in and get the rest of the story.

## Klamath County is Heralded in Pamphlet

### Details of Opportunities Here are Set Forth in Publication Issued by Immigration Commission

"The Oregon Almanac, an official pamphlet, has just been published for the information of homeseekers, settlers and investors by the Oregon State Immigration commission. Klamath county is thus set forth in the pamphlet:

South Central Oregon; east slope Cascade mountains.

County seat, Klamath Falls.  
 Population, 8,554. 89 per cent American born. Of the foreign born about one-half are German and the remainder is made up principally of Canadians, Scandinavians and English.

Transportation—The California Northeastern railroad (Southern Pacific), which connects with the main line at Weed station in California, penetrates the southwestern portion of the county inland to Klamath Falls 19 miles. Extension of Oregon Trunk and Deschutes railroads, with present termini at Bend, Crook county, is projected to Klamath Falls, but is only in the prospective stage to date.

Water—Klamath River, Sprague River, Williamson River, Wood River, Lost River, Deschutes River (in the northern portion), Klamath lakes and numerous other small streams, provide an abundance of water for domestic and irrigation purposes. The Klamath River and Lost River combine a total of about 300,000 latent horsepower capable of development, while in the vicinity of Klamath Falls 240 horsepower only has been developed and utilized on the Link River above Klamath Falls.

Roads—Good county roads are maintained by taxation and subscription.

Timber—Natural forest growth of yellow and white pine, yellow and white fir and Juniper. About one-half of the area of the county is covered with timber of exceptionally fine merchantable quality.

Minerals—Soda, niter, borax and potash exist in the Eastern Central portion of the county.

Fuel—Wood is principal fuel, cost about \$5 per cord.

Scenery—Grand on lakes and mountains; fish and wild game abound in lakes and streams, and wild game is plentiful in mountains. Crater Lake, nature's masterpiece in the creation of scenic splendors and wonders, is in this county, and has been set aside as a national park reserve.

Lands—Surface: Level, rolling and mountainous. Soils: In the lake and river valleys is an exceptionally rich soil of decomposed granite and lava formations. Fertile and lasting. Marsh land soil made up largely of volcanic tuff and diatomaceous earth, heavily charged with vegetable matter. Light in weight and color, and responds readily to cultivation. Staple crops: Alfalfa, timothy, hay, grain (wheat, oats, barley and rye), small fruits and vegetables. Average value farm land \$20.18 per acre, cultivated and uncultivated (U. S. census 1910).

Industries—Dairying, farming and stock raising. Cattle, horses, hogs and sheep are raised extensively.

Wool is an important product. With the development of the available water power, manufacturing will be prominent feature of the resources. The government irrigation and reclamation project in process of construction is prepared to supply water to 30,541 acres of irrigable land; 27,692 acres are irrigated (June 30, 1911), principally under private ownership. Thirty-two acres of the entire project (embracing a total of 72,000 acres), are withdrawn from entry, and 40,000 acres under private ownership. Government has established 40 acre experimental farm within reclamation reserve north of Klamath Falls.

Size of farm needed: 40 to 80 acres irrigated and improved; 160 to 320 acres non-irrigated and dry farming, respectively.

Average daily wage, skilled labor, \$4; unskilled, farm hands, \$2 and board; herdsmen \$30 to \$40 per month; vacqueros, \$40 to \$60.

## M'CARTY HAS A WIFE BACK EAST

NEW HEAVYWEIGHT ASPIRANT REFUSES TO DISCUSS HIS MATRIMONIAL EXPERIENCE—HAS NO PLANS FOR FUTURE

United Press Service  
 VENICE, Calif., Jan. 2.—Luther McCarty, aspirant for championship pugilistic honors, admitted this morning that he has a wife in Moorhead, Minn. He refused to discuss the report that she works in a restaurant, or tell the facts of the marriage.  
 The fighter spent the morning on the beach with Promoter McCarey. Crowds followed him. He declared that he had no plans for the immediate future.

## COMMISSION MEN GET A ROASTING

SACRAMENTO VALLEY FARMER DECLARES HIGHWAY ROBBERY HARMLESS PASTIME ALONGSIDE OF BUSINESS DEALS

United Press Service  
 SACRAMENTO, Jan. 3.—"Ninety-ninths of the commission business in the state of California is worse than highway robbery," says Paul Steude, prominent Sacramento Valley farmer, speaking for a group of ranchers, in a letter to Governor Johnson, asking him to exert his influence for free market legislation, and correction of other evils set forth.  
 "There is no one to examine the books of the commission men," says Steude, "and they would be fools if they didn't rob the farmer."

## MURPHY WILL BE BUD'S OPPONENT

SEASONED FIGHTER FROM NEW YORK WILL GIVE VANCOUVER LAD A CHANCE TO TRY FOR CHAMPIONSHIP HONORS

Bud Anderson will soon get a chance to mix with a near champion. He was slated to meet the winner of the Burns-Murphy fight in San Francisco, and, unless Manager Coffroth changes his plans, Bud will face Harlem Tommy Murphy in the squared ring soon. As a result, Klamath Falls will be given a place on the pugilistic map, as it was in this city that the Vancouver lad achieved so much fame.

Murphy had very little trouble in disposing of Burns yesterday. The Oakland lad was game, but he did not show the class. Murphy is a seasoned scrapper, and if Bud is able to dispose of him it will be clear sailing for the popular boy to get a chance for the championship.

## BABIES BOUGHT AND SOLD CHEAP

DESIGNING WIVES WHO WISH TO DECEIVE THEIR HUSBANDS, DECLARES WOMAN

United Press Service  
 NEW YORK, Jan. 2.—Admitting that she supplied the demand for babies at from \$3 to \$10 each, Mrs. Dora Remmlin, a German widow, disclosed here today the existence of a widespread traffic in infants, which is being investigated by the health department.

Mrs. Remmlin said that the main demand for babies came from wives wishing to foist infants upon unsuspecting husbands. Prospective customers, she said, were not required to give a reason for their purchase, were asked for no references, nor made to promise to care for the infants properly.

## EASY AND SURE WAY TO CURE COLDS

DON'T NEGLECT A COLD. ELY'S CREAM BALM WILL STOP IT IN THE SNEEZING STAGE

A cold generally attacks the weakest part, affecting the eyes and ears in some and producing nasal catarrh and throat troubles in others. A cold is due to an inflammation of the membrane lining the air passages, and may be promptly cured with a little Ely's Cream Balm, which immediately relieves the inflammation and all the distressing symptoms, such as sneezing, coughing, running at the nose and eyes, hoarseness, sore throat fever and headache. One reason why this is pure, antiseptic balm acts so quickly is because it is applied directly to the tender, sore surfaces.

Even in severe, chronic cases of catarrh, Ely's Cream Balm never fails to quickly and effectually check the poisonous discharge which clogs the head and throat, causing the disgusting hawking, spitting and blowing of the nose. This remedy not only drives out the disease, but heals and strengthens the weakened membranes, thus ending catarrh.

Catarrh is a filthy, disgusting disease. Don't put up with it another day. Get a 50 cent bottle of Ely's Cream Balm from your druggist, and see how quickly you will be relieved. It is perfectly harmless.
