

## Attorneys Urge the Need of Woman Police Officer in Klamath Falls to Correct Evil Habits of Youths

### SUPREME COURT WILL HEAR THE GRIFFITH CASE

NOTICE OF APPEAL FILED BY IRWIN

Klamath Water Users Association Will Go to Higher Court in an Effort to Dissolve the Injunction Secured by Poe Valley Rancher Last Summer, Regarding the Payment of Fees

The question of the right of the Water Users Association to collect membership fees from owners of land included in a government reclamation project when the acreage on which the assessment is levied is not receiving water for irrigation is to be brought up in the supreme court by the Klamath Water Users Association, which corporation seeks to dissolve an injunction issued last summer at the request of S. H. Griffith. Notice of appeal to the supreme court was filed today by John Irwin, attorney for the Water Users Association. Griffith owns a farm in Poe Valley, which is to be watered by the second salt lateral, now being constructed. Last summer he commenced action against the Water Users Association through Kaykendall & Ferguson, and he asked for a permanent injunction to restrain the association from levying membership assessments against

### TWO JUDGMENTS AGAINST CONCERN

VAN RIPER BROS. AND KLAMATH FALLS IRON WORKS GET DEFULT ORDERS AGAINST FIRM OF SCHULTZ & BEHN

Van Ripper Brothers were this afternoon awarded a verdict for \$569.20 against Schultz & Behn, who operated a sawmill near this city. A verdict against the same firm was Monday given the Klamath Iron Works. The amount in this action is \$231.30.

Peter Hubert and wife, who have been in charge of Harriman Lodge this winter, came in Monday for a short visit.

### ONE EQUITY CASE SET BY BENSON

MAJORITY OF CASES PENDING ARE NOT YET AT ISSUE, AND THERE ARE SEVERAL INSTANCES OF CONTINUANCE

Only one equity case was set for trial by Judge Benson this morning. The action is that of the Big Basin Lumber company against H. J. Winters, to foreclose a mortgage, and it will come up Monday morning.

There are a large number of equity cases pending, but the most of them are not at issue. Parties concerned in others are absent from the city, and in several cases there are stipulations as to continuances.

### Closest Combination in Baseball History

Johnny Evers, Frank Chance and Joe Tinker, as they appeared in Chicago recently. When the Cubs were in their prime these men used to operate a system somewhat similar to the cash carriers in a department store, none the less accurate because

of the absence of wires. Tinker started the machinery by scooping up a grass singer and tossing it to Evers, who did not hold the ball until his palms were sweaty, but pushed it along to Chance. And the next morning the loyal fan risked his eyesight by reading the line print under the

box score, where the following appeared: Double play, Tinker to Evers to Chance. But the line will never appear again, for with Tinker in Cincinnati, Evers in Chicago and Chance in New York, there would be too much strain on the throwing wings to make the play worth while.

### CITY COUNCIL TO BE ASKED TO HELP IN PLANS

EXPERIENCED WOMAN FROM A CITY IS REQUIRED

Policemen Unable to Cope With the Situation at the Present Time—Informal Meeting of Attorneys May Bring Good Results—Suggestions Are Now Being Sought by Authors of the Plan

If plans which originated at an informal meeting of attorneys this afternoon materialize, Klamath Falls will soon have a woman on the police force. Her duty will be particularly to observe the conduct of young girls and attempt to correct evils which it is known are prevalent here. It is claimed that it is impossible for policemen to handle the present situation, and the need of an experienced woman is believed to be great. The plan at the present time is to send to one of the big centers for an experienced woman police officer, who will be established here at a salary commensurate with her qualifications.

The local police have taken up the delinquencies of girls here with the parents, but little good has resulted. It is believed that an experienced woman police officer could not only present the matter to parents in an effective manner, but could work for great good with the girls themselves.

Several attorneys who attended the meeting this afternoon requested that their names not be mentioned in connection with the movement at this time. They stated that until definite plans had been agreed upon it would be best to hear from others who may have some better plan.

"The Klamath County Bar Association, I am sure, will co-operate with any movement started along the lines mentioned," said one prominent attorney this afternoon, "and I believe that the woman police officer is the best."

A few days ago a particularly flagrant case was called to the attention of one of the attorneys by a local business man. The attorney asked for additional details, with a view of calling the attention of Judge Benson to the matter, but the business man declined to give sufficient details on which action might be taken.

It is proposed to give the plan as much publicity as possible in the newspapers and then take some definite action by presenting the matter to the city council.

### D. M. M'Leomore Ships Band of Mules to Southern Country

Two Car Loads Start for Markets this Afternoon and More will Follow. Stockman Advises Farmers to Give the Business More Attention

Two carloads of mules, said to be the best ever shipped out of this section, started for the California markets at 1 o'clock this afternoon. They are shipped by D. M. M'Leomore, who bought in different parts of Klamath county during the past two months 117 of the very finest specimens of the Missouri staple livestock crop.

and the two car loads form a portion of the band.

A few days ago a representative of a Hawaiian firm arrived here to negotiate for the entire band of mules, but he was a little slow in making up his mind and Mr. M'Leomore was able to make a better sale before the Hawaiian had spoken.

"Klamath county is ideal for mule raising," said Mr. M'Leomore this afternoon. "I have buyers for mules in all parts of the country, but unfortunately the class of stock ordinarily found is not up to the standard required. I was especially fortunate in getting together the 117 mules which I am now shipping out."

"It seems to me that if stock raisers here would devote a little time and study to raising mules it would be vastly profitable to them."

Advices from Southern California are to the effect that Jack Linkenbach, known here as "The Fighting Dutchman," is making good in the welterweight division. Following his showing in a preliminary to the McCarty-Palmer mix on New Years he has been taking some of the best of them.

Stanley Yokum, who was held to be invincible by the Venice fans, was taken to a defeat by Linkenbach, and the Klamath Falls welter is now hailed as a comer. He may soon be matched with Kid Dalton.

### FOOTBALL MEN GET NUMERALS

TWELVE OF LAST YEAR'S SQUAD ARE PRESENTED WITH HIGH SCHOOL LETTER BY PROF. E. V. HAWLEY

Ten inch "K's" were presented to members of last year's football squad by Prof. E. V. Hawley, faculty manager of athletics late Monday afternoon. E. McCormick was also given a letter for his work on the track last spring.

The twelve awarded the "K" are Joe Skelton, Hardin Carter, Edwin Cox, Robert Riggs, Forrest Piel, Leonard Haines, Theodore Case, Harold Fesse, Fritz Marchwardt, L. McClure, Henry Stanley and Leon Bolter.

DENVER, Jan. 21.—Willie Ritchie, lightweight champion, can pick up \$15,000 cash money for a bout in New York with Joe Rivers next month. This was the announcement here of Billy Nolan, Ritchie's manager. Nolan declared a New York club wants to stage the bout the latter part of February.

### HELEN'S DRESS TO BE COSTLY

ARRANGEMENTS ARE WELL UNDER WAY FOR NOTABLE WEDDING—WEDDING TRIP IS A SECRET FROM FRIENDS

United Press Service  
TARRYTOWN, N. Y., Jan. 21.—Helen Gould and George Shepard secured a marriage license this afternoon. They then went to Lyndhurst to rehearse for the wedding.

But seventy-five people will attend the wedding. They will include members of both families. The itinerary of the wedding trip is not known. The bride's gown will be ivory white satin, cut princess, with a long train, high neck and long sleeves. The trimmings will be rare old rose point lace, costing about \$1,000. Scores of gifts are arriving.

### Danger of Epidemic is Past, Says Doctor

Health Officer Says that Precautionary Measures at Merrill Were Means of Preventing Spread

"I do not believe there is any danger of an epidemic of diphtheria in Merrill," says Dr. F. M. White, who investigated there in the interests of the health board. "The only instance of the disease in the town is at the Grabel home, where one of the daughters died last week, and this family is being kept in quarantine. The action of the Merrill author-

ities in closing the school and prohibiting public gatherings was a movement wisely taken, as it prevented any possible spread."

Dr. White states that the health officers of Siskiyou county, California, have made an investigation in the northern part of that county, just over the state line, and are prepared to quarantine at the first intimation of diphtheria.

### Water Users' Wishes Included in Petition

Only Alteration Made is the Limit of Time for Extension of Payments. Sure of Memorial

Not only were all the recommendations of the Klamath Water Users Association included in the petition of the Oregon Irrigation congress for a memorial to congress, but the time extension of twenty years asked for payment was increased to twenty-five years. A letter to this effect has just been received by Secretary Albert E. Elder

of the association from Wesley O. Smith, representative of the Twenty-first district. Smith was a member of the resolutions committee of the irrigation congress, and he is also a member of the house irrigation committee of the legislature, and he is confident that the memorial asked will be passed and submitted to congress.
