HATCHERY BILL COMES UP AGAIN

(Continued from Page 1)

sions of Section 2624 of Lord's Or-
gon Laws as amended by the Legis-
lative Assembly of the State of Or-
gon for the year 1911.

"Passed by the Senate, February
-3, 1911.

"(Signed) BEN SELLING,
"President of the Senate.

"Passed by the House February
17, 1911.

"(Signed) JOHN P. RUSK,
"Speaker of the House."

When shown the foregoing bill this
afternoon State Fish and Game Com-
missioner Stone said:

"I am rather inclined to the opin-
ion that this measure would seem-
ingly place Governor West in the atti-
tude of opposing a trout hatchery at
Spring Creek. Such is not the case.
The governor explained at the time
of vetoing the bill that a law had
been enacted providing for a fish
and game commission that had full
power to establish the hatchery, and
the only reason this has not been
done is that the commission has been
unable to get the title to the site from
the federal government. The reen-
actment of this bill will not facilitate
the purchase of the land. Every
member of the commission is ready
and willing to establish the hatchery
just as soon as title to the site may
be secured. We have the money to
make the purchase, and the only
matter in which this bill may help
will be the appropriation that it car-
ries. This will add the sum of \$9900
to the trout hatchery fund, and will
give the commission that extra
amount. For that reason I trust the
governor will see his way clear to
approve the bill, but I have grave
doubts on this score."

underwent an operation at the Black-
burn hospital, was yesterday dis-
charged from that institution.
