FIREMEN WORK FOR BIG DANCE

EIGHTH ANNUAL HOP ON ST. PATRICK'S DAY WILL ECLIPSE ALL PREVIOUS EFFORTS, SAY THE LOCAL VOLUNTEERS

Although St. Patrick's Day is over a month away, the members of the Klamath Falls fire department have already commenced to formulate plans for the success of their eighth annual dance, which will be given on that date at Houston's opera house. The annual firemen's dance has always been a big social success in the past, and the members of the department are determined to eclipse all previous efforts this year.

Already there is a demand for tickets from the business men, who are glad each year to contribute in this way to the organization which gives all of its efforts for the protection of local property, and receives no compensation. The majority of the members of the fire department are not property owners, so their work is not prompted by selfish motives.

Which One of the Two are You or Why Is Sam

By JOHNATHAN S. ILLY

CHAPTER III.

The sun crept slowly over the horizon as the two men boldly wended their way toward the towering tower, and as they stepped on the broad pavement of the city's streets there was but the answering echo of their firm tread. The tranquility of the scene was not even broken by the falling of a leaf, for there were no leaves to fall.

"Tis here our duty calls us. 'Tis here we shall perform the benevolent obligation by stirring up things."

The words rolled easily from our hero, an Napoleonic, he stood with his right arm encased within the folds of his \$400 overcoat.

And thus was the first intimation given of the stirring, but 'twas not until later that the unsuspecting populace was aware of what was in store.

Assurance of Accuracy

The first consideration in selecting a watch is to get a reliable time keeper. It makes no difference how little you spend for a watch if it is money wasted unless you can depend on it to keep somewhere near accurate time.

In the manufacture of a watch one of the chief expenses is the final adjusting and regulating. There are, however, inexpensive watches of real merit. These are constructed along simple lines and are dependable time keepers. Other cheap watches are put up in a showy way are not worth caring.

We have learned by years of experience to distinguish between the good and poor makes, and we will not sell a watch at any price that we cannot guarantee to be an accurate timepiece. Yours for service, FRANK M. UFF, Watchmaker, Jeweler and Engraver, S. F. Watch Inspector, Willis Building.
