TAXPAYERS URGE WEST TO SIGN

BILL CREATING THE OFFICE OF CLERK OF THE CIRCUIT COURT WAS HURRIED UP TO THE GOVERNOR

House bill No. 116, introduced by W. O. Smith of this city, and providing for the creation of the office of clerk of the circuit court, has passed the senate, and is now up to Governor West. At a recent meeting of the bar association, a resolution was adopted, urging the governor to sign the bill, and today a petition signed by heavy taxpayers here, and urging the passage of the measure, was forwarded to Governor West.

BILL COMPLETES RECALL MEASURE

MEASURE PASSED BY SENATE TENDERS MACHINERY FOR ELECTIONS — PROVIDES FOR EXPENSE OF CANDIDATES

SALEM, Feb. 13.—A bill providing complete machinery for recall elections was passed by the senate this week, this being a committ report of the original Joseph bill on the subject. It provides that 25 per cent of the voters must sign a recall petition and that the signers must write the date of signing after their names. No name is to be considered valid if obtained more than sixty days before the petition is filed.

The bill also provides for payment of the expense of a candidate sought to be recalled, and for the publication of an official pamphlet containing statements of rival candidates. Circulators of recall petitions are forbidden to receive pay for their work.

If it's worth having, it's worth insuring. See Chilcote, 632 Main St. Phone 60.

SUBSTITUTE FOR REVOLVER BILL

MEASURE REQUIRES PERMIT FOR GUN-TOTING, AND PROHIBITS WINDOW DISPLAYS—BELIEVED IT WILL PASS

SALEM, Feb. 13.—Senator Neuner from the committee on revision of laws, has returned a favorable report to the senate on a bill striking at the deadly revolver. The bill is in the form of a substitute for Senator Perkins' bill on that subject, and is less stringent that the original bill, which met the disfavor of the senate two weeks ago.

The principal provisions of the bill are to require a permit for carrying a revolver, registration of all sales, and a prohibition against display of pocket weapons in any store. A permit may be obtained from a justice of the peace in the country districts, or the recorder or municipal judge of a town upon the applicant presenting an affidavit signed by two freeholders vouching for his good moral character.

Merchants are prohibited from displaying pocket weapons or from selling except upon exhibition of a permit. When a weapon is sold, the name of the purchaser must be taken, along with the number and description of the gun. Sales are to be reported on the 1st and 15th of each month to the sheriff or chief of police.

The bill is modeled on a bill pending in the Washington legislature, the state senate at Olympia recently passing by unanimous vote a measure on much the same lines. Objections of the country members have been largely met in the new draft, and it is thought the bill has a good chance for passage.

NEW METHOD OF "BEATING" ROAD

GERMAN FARMER HAS HIMSELF NAILED UP IN BOX AND SHIPPED AS FREIGHT—MUST FACE PRUSSIAN COURT

United Press Service

BERLIN, Feb. 13.—Karl Korrelhaus, a farm hand of Koenigsberg, is in jail awaiting trial for an unsuccessful attempt to beat his way on the Prussian state railway to Garmiah by shipping himself as freight. He had himself nailed up in a packing case which was properly ventilated, as well as supplied with enough sausages, beer and bread to last for a two-days' journey. The ruse would probably have succeeded had not the depot master's dog at a way station scented the sausages and set up a furious barking, whereupon the box was opened and Korrelhaus turned over to the police.

Tom Richardson was in the county seat Wednesday from his ranch in North Poe Valley.

WOMAN LAWMAKER A HARD WORKER

Mrs. Frances S. Lee

The women members of congress in Colorado are stating an excellent example in industry for the men. Invariably the lady solons are first at their desks. They listen attentively to all the speeches, take liberal notes, wear serious faces when doing committee work, and altogether give every indication of earning their salaries. The photograph shows Mrs. Frances S. Lee a prominent member of the house of representatives.

SPECIAL DEVICE FOR LADY PASSENGERS IS SOLD ON SWEDISH STREET CARS — OFFENDERS CAN BE EJECTED

United Press Service

STOCKHOLM, Feb. 13.—Under a new law which has just gone into effect, street car conductors throughout Sweden are provided with rubber tips which they are expected to sell to women passengers wearing unprotected hat pins. Anyone refusing to buy a protector is ejected from the car. The law was enacted as the result of an accident in a street car at Malmo. A woman was bending down to pick up her boy, when her hat pin ran into his eye, destroying his sight.

"Let's circulate."

Thereupon Sammy and Scoop proceeded to do so, and, passing back and forth in the crowd which had collected about the fire, they were just in time to see one man hit another in the head with an axe. But the peculiar part of the entire situation was that they alone witnessed the terrible deed.

And then came the episode which had a bearing on the life of our hero.

JAP DISPLEASURE FEARED BY KNOX

WASHINGTON LEGISLATURE HAS RECEIVED LETTER FROM SECRETARY ASKING THAT MEASURE BE HELD UP

United Press Service

OLYMPIA, Wash., Feb. 13.—That the state department is making every effort to prevent any Pacific coast state from offending the Japanese is shown here in a personal communication received by Governor Lister from Secretary of State Knox. He requests that the amendment to the constitution covering the ownership of lands by aliens, just passed by the house, and similar legislation be held up until it can be passed on by the state department. The present constitution of Washington prevents all aliens from holding land, and the amendment would lift the embargo.

OPIUM TRAFFIC TO BE STOPPED

RUSSIAN GOVERNMENT TAKES STEPS TO WIPE OUT SPREAD OF HABIT IN SIBERIA—CHINESE ARE RESPONSIBLE

United Press Service

ST. PETERSBURG, Feb. 13.—The imperial council is drafting a measure to be submitted to the duma, forbidding the raising, preparation and sale of opium in all parts of the Russian empire. Since the opium edict in China, hundreds of Chinese have started opium cultivation in Siberia, just across the frontier, as a result of which opium smuggling into China and opium smoking in Siberia have spread to such an extent that the government feels that it calls for drastic action.
