WORK ON DITCH STARTED AGAIN

RECLAMATION SERVICE ENGINEER WILL SOON COMMENCE LOCATION OF SUB-LATERALS AND DRAINS

The rise in temperature of the past two weeks has caused the snow to melt sufficiently on the north side of Poe Valley to allow one of the sub-contractors under Maney Brothers to resume work of excavating the North Poe Valley lateral of the second unit. Unless cold weather sets in again other sub-contractors will soon be at work on the ditches.

Engineer William Sargent of the reclamation service plans to leave for the field next week with his party to commence the work of locating the sublaterals and drains for the second unit of the project.

opinion of tax matters in this county," said Judge Drake this morning, "and the taxes to the amount of about \$18,000 will be paid in a few days and in cash."

Employees of the Klamath Development company are now engaged in checking over the tax rolls, and it is understood that payment will be made promptly, but advantage may be taken to use county warrants.

Mr. and Mrs. Charles Wood Eberlein arrived Thursday night from San Francisco to spend several days in Klamath Falls. Mr. Eberlein is president of the Enterprise Land and Investment company.

BASKETBALL GAME AT RINK TONIGHT

CENTRAL POINT TEAM WILL ARRIVE THIS AFTERNOON OR ON TONIGHT'S TRAIN FOR TWO GAMES WITH LOCALS

The Central Point high school's basketball contingent failed to arrive last night as expected, but the visiting players will be here this afternoon or tonight at the latest for two games with the Klamath county high school's team. The games will be played this evening and tomorrow evening at the Pavilion.

Much interest is being taken in the game, as the two opposing teams are well matched. The locals were defeated by a close score after a hard game at Central Point, but they will strive hard to even matters by taking both games from the visitors.

E. V. Morrison, coach of the local quintet, will referee tonight's game.

Mrs. C. W. Arnold, who has been the guest of Fruitvale friends for some time, returned to Klamath Falls Thursday.

"Bad Man" in Our Midst

Life in the Gem State in the early days is portrayed at the Star theater by Gilbert & Covington in a clever skit, "The Bad Man From Idaho." The dialogue is bright, the situations are dramatic, and scenic and electrical effects add to the realism of the piece.

In My Window Today—

The newest creation in the brooch, handkerchief or skirt line. Hand-painted, each enamel pine. Prices \$1.50 and \$1.00.

ARNOLD BEATS PORTLAND BOY

JIMMIE BODINE FINISHES SECOND TO LOCAL SKATER IN TWO MILE RACE AT THE ROLLER RINK

Gaining half a lap on his opponent in the first mile, Clair Arnold had no difficulty in defeating Jimmie Bodine, the Portland skater, in last night's race for the two mile roller championship of the Pacific Coast. In the final sprint Arnold increased his lead, and crossed the wire ahead of Bodine.

Incidentally, Arnold clinched his title to the coast championship. He won a medal and this title at the Piedmont (Calif.) rink three years ago, but his title was disputed by Bodine, who was awarded the same title at the close of a race at the Oaks rink in Portland.

A preliminary race was held last night with local skaters as contestants. Clarence Montgomery finished first and Clarence White second.

LOCAL PLAY TO BE REPEATED

"THE LAWYER VS. THE GIRL" IS TO BE GIVEN AT HOUSTON'S OPERA HOUSE FOR THE SECOND MONDAY EVENING

Owing to the numerous requests for a reproduction of the play written and staged here, "The Lawyer vs. the Girl" will be repeated on next Monday evening at popular prices.

The play as produced last Tuesday evening proved a success as well as being a surprise to all those who attended the initial production.

The play is a work well worth any one's time and consideration, inasmuch as it portrays a situation which leaves a strong dramatic impression, bringing out a moral that will be long remembered after the play is forgotten. Mr. Hamilton, the author, has by a careful study, woven into the lines of his new play one of the chief reasons leading to much of the unhappiness now experienced in many modern homes. To make the play more entertaining and interesting the author has succeeded in working into it two clever parts that keeps the audience laughing from start to finish. Along with this there will be clever specialties between the acts by those who made a big hit last Tuesday, Johnnie Hubbard, the popular tenor, leading in song, assisted by a chorus of pretty girls, as follows, Miss Violet Spradling, Josie Low, Marie Rambo and Opal Donart.

WILEY SAYS LAW TO BE ENFORCED

PURE FOOD APOSTLE SAYS NEW ADMINISTRATION WILL WORK TO KEEP OUT ADULTERATED GOODS FROM THE MARKETS

United Press Service
PENDLETON, March 7.—That the Wilson administration will effect a decided improvement in the enforcement of the pure food laws is the opinion of Doctor Harvey W. Wiley, former chief chemist in the department of agriculture, who is on a lecturing tour of the Northwest. Dr. Wiley stated that he expected to see the Reimsen board legislated out of office. He also declared that he has no desire to return to his former position.

GEORGE NORTH IS GIVEN CHARM

LOCAL MAN IS HONORED BY THE GRAND LODGE OF OREGON OF THE KNIGHTS OF PYTHIAS. SERVICES ARE APPRECIATED

As a token of appreciation for services rendered the lodge in this section, George T. North has received a handsome gold watch charm from the Grand Lodge of Oregon, Knights of Pythias.

Mr. North is a pioneer of this section, and is deputy grand chancellor.

GOVERNOR DUNNE WILL SEE FIGHT

ILLINOIS SOLONS HAVE RESERVED SEATS FOR THE McFARLAND-BRITTON CLASH AT NEW YORK TONIGHT

United Press Service
NEW YORK, March 7.—The Dunne party of Illinois legislators who attended the inauguration of President Wilson will be at the ringside when McFarland and Britton clash tonight. The members of the party say they want to see how the Frawley law operates, as a similar bill is pending in the Illinois legislature. McFarland is a favorite for the mill tonight. The odds are 10 to 8.

WATER USERS MAY BE SUFFERERS

(Continued from Page 1)

the reclamation act did not authorize the collection of such payments.

2.—An appeal from said decision was filed in the supreme court of the United States, and, on motion made by the attorney general, the case is now set for hearing on April 7, 1913.

3.—The law officers of the government do not acquiesce in the decision in this case, but in order to avoid litigation and in view of the complications which will arise in case the government refuses to furnish water pending consideration of the case by the supreme court, the following order is hereby promulgated:

4.—The engineers of the reclamation service are hereby authorized to deliver water to any water user without payment of the portions of the installment on account of operation and maintenance, as required by public notices and orders heretofore issued and pending action of the supreme court of the United States upon the condition that the water users shall promptly pay all portions of the installments for operation and maintenance which should have been paid under such public notices and orders before the furnishing of water, unless the supreme court in the case now pending renders such judgment as to prevent the secretary of the interior from collecting said installments for operation and maintenance.

5.—In case of failure of any water user to make payment as provided above within ten days after public notice of decision by the supreme court of the United States in the case above noted, the water supply for his land shall be promptly shut off and so remain until payment has been made of said charges, and also of any other charges due at that time in excess of one full installment of the charge for building, operation and maintenance.

6.—The shutting off of water hereunder is not to be considered as in any way relieving the water user from any other payments required by the public notices and orders in the time and manner therein specified.

8.—This order applies only to the charges on account of operation and maintenance as required by public notices and orders. It does not apply to water rental or water carriage charges, and no water shall be furnished in such cases unless the payments required by contract or order are duly made.

"The case was twice decided in favor of the government in the federal district courts, and there is every reason to believe the supreme court will sustain these decisions," said an official of the reclamation service today. "My advice to the farmer is that he take steps now to pay back 'O. & M.' charges, rather than risk having water shut off, perhaps in the season it is most needed."

If it's worth having it's worth insuring. See Chilcote, 623 Main St. Phone 62.
