KLAMATH FALLS, OREGON, WEDNESDAY, MARCH 19, 1918

Price, Five Cents

United States to Aid Klamath Falls in Putting in Municipal Power and Light Plant on Link River

CONSTANTINE I. IS DESIGNATED RULER OF GREECE

MINISTERS TAKE ACTION FOLLOWING KING'S DEATH

How is Hurrying to Salonica on Board Russian Warship—Body of the Victim of Assassination Will Be Removed to Athens for Burial—Accomplice of Assassination Is Literally Torn to Pieces

Schinas a Socialist

United Press Service SALONICA, March 19.—When arrested it is reported that Schinas cried: "I am a socialist. I don't care what the consequences may be. We socialists do not care for kings."

Turkish and Jewish residents barricaded their homes, fearing a massacre.

United Press Service SALONICA, March 19.—Prince Nicholas is in command here, and is maintaining order. The soldiers are very bitter, and threaten violence to King George's slayer, who is being kept hidden away.

It has been learned that an unidentified man, supposedly an accomplice, was attacked by the mob as Schinas, the assassin, was led away, and was literally torn to pieces.

Wilson Wants Speedy Action on Tariff Law

President Confers With Chairmen of the Committees Having Charge of the Framing of Reforms

United Press Service WASHINGTON, D. C., March 19.—Congressman Palmer of the Ways and Means committee and Chairman Simmons of the senate finance committee, conferred with President Wilson today and outlined the principal features of the tariff reform bill.

The president hopes that the tariff measures will be cleared up early so that business men throughout the land will know early what to expect.

LOGGERS HAPPY OVER PROSPECTS

SECRETARY OF ALGOMA LUMBER COMPANY TELLS OF OPERATIONS DURING THE WINTER. OUTLOOK IS PLEASING

"The past winter has been one of the best for the logging business in Klamath county that we have known," said E. L. Grant, secretary of the Algoma Lumber company today. Mr. Grant and H. H. Edmonds, superintendent, are in the city for the day from Algoma, where the plant of the company is located.

The new sawmill of the company, which was built last year, will begin operations about the 1st of April, for a continuous run during the entire summer. It is expected to cut about 110,000 feet of lumber a day. The logging camps have been operating all

WILSON AVOIDS SUFFRAGE PLAN

PRESIDENT WILL MAKE NO RECOMMENDATIONS TO CONGRESS ON THE QUESTION OF VOTES FOR WOMEN

United Press Service WASHINGTON, D. C., March 19.—It has been learned definitely that President Wilson in his message to the special session of congress will not recommend the passage of the suffrage amendment or currency reform. His single recommendation will be relating to the tariff.

NEW FIRE BELL HAS ARRIVED

MEN ARE AT WORK INSTALLING NEW PURCHASE IN TOWER OF THE FIRE DEPARTMENT HEAD-QUARTERS

The fire bell to replace the cracked pile of scrap iron which has long adorned the bell tower in the fire department headquarters has arrived in the city, and men are at work today installing it. It is expected that it will be ready for service before night.

Mrs. O. L. Carter left Tuesday for Redding, Calif., to visit her daughter, Mrs. A. B. Livermore. From there Mrs. Carter will go to Susanville to visit her sister.

A number of prominent scientists are members of a German society for the elucidation of the diving rod.

If He Had Stolen a Million—What Then?

United Press Service COLUMBUS, O., March 19.—Governor Cox today pardoned William Welch, aged 35 years, who was sentenced to life imprisonment for stealing a piece of bacon. It is believed that Welch is hopelessly insane.

Anderson Matched for Another With Brown

Fear is Made that Bud Will Not be Able to Make the Weight. Each Boy Posts a Forfeit of \$500

LOS ANGELES, March 19.—Bud Anderson and Knockout Brown signed articles of agreement for a battle of twenty rounds at Vernon on the afternoon of April 12, or the evening of April 15.

The boys will weigh in at 133 pounds at 1 o'clock in the afternoon if the fight occurs in the daytime, or at 7 o'clock if the fight occurs at night.

Each of the boys has posted \$500 forfeit. The impression prevails here that Anderson will have a hard time to make the weight. For the last battle Anderson had a hard time to make the weight three hours before the fight. The articles signed today give him an hour less time.

LATEST AIRSHIP GOES TO PIECES

ZEPELIN IV. IS WRECKED WHILE THE CREW ATTEMPTS TO LAND AFTER A WIND STORM—WAS MILITARY CRAFT

KARLSRUHE, Germany, March 19. Zeppelin IV., the latest military airship, which the government accepted a week ago, was wrecked today while the crew was attempting to land after a wind storm.

Mrs. O. L. Carter left Tuesday for Redding, Calif., to visit her daughter, Mrs. A. B. Livermore. From there Mrs. Carter will go to Susanville to visit her sister.

A number of prominent scientists are members of a German society for the elucidation of the diving rod.

YOUNG MEN TO FACE CHARGES

DIGGS AND CAMINETTI WILL APPEAR BEFORE UNITED STATES COMMISSIONER IN SAN FRANCISCO MARCH 27.

SACRAMENTO, March 19.—Diggs and Caminetti are out of jail today on \$1,000 bonds each. They will appear before United States commissioner Krull in San Francisco March 27 to face two charges each of inducing girls to leave their homes, the men, it is charged, having obtained transportation for them to Reno, Nevada.

The two girls are still in seclusion. One of New York's largest stables has been converted into a garage accommodating more than 300 automobiles.

The officials of the reclamation

NEW CHARTER OPENS FIELD OF ENDEAVOR

SUPERVISING ENGINEER GIVES ENCOURAGEMENT TO PLAN

Government Will Sell or Lease Power Site on Favorable Terms to City. Different Plans of Operation Are Suggested by Reclamation Official. Old Power and Light Company May Be Shut Out Entirely

The United States will co-operate with Klamath Falls in the establishment here of a municipal lighting system.

This was the declaration of H. G. Hopsan, supervising engineer of the reclamation service, who arrived in the city last night. He is of the opinion that the new city charter will make it possible for the city to take advantage of the government's offer.

"One of the most important business arrangements between the United States and the city of Klamath Falls is that relating to the power of Link River," said Mr. Hopsan.

"The government has available undeveloped power at this point of a minimum of about 2,000 horsepower, and a possible maximum of three or four times that amount. This power lies right in the heart of the city, and a comparatively small expenditure will permit of its utilization by the public of Klamath Falls. Already a large part of the work of development has been accomplished by the United States, and little more remains to be done than to install the necessary machinery.

"The officials of the reclamation

Wilson Favors Chinks According to Bryan

Secretary of State Arrives in His Home Town on a Visit. Refuses to Discuss Mexican Troubles

United Press Service LINCOLN, Neb., March 19.—Secretary of State Bryan arrived here this morning. He predicted that the friendship between the United States and China will be fostered as a result

of the attitude of President Wilson. Bryan declared that he heartily approved of Wilson's statement, and he refused to discuss the situation in Mexico. Governor Dunne accompanied Mr. Bryan.

Crater Lake to Get Additional \$75,000

Ex-Senator Bourne is Confident that Both Democrats and Republicans Will Aid Measure in Congress

Hopes of securing an additional appropriation of \$75,000 for Crater Lake has not been abandoned. Ex-Senator Bourne, who is still in Washington, has taken a deep interest in the effort to secure an additional appropriation, and in a telegram Tuesday announced his belief that the measure will go through.

"I have assurances from leaders of both parties," wires Bourne, "that justifies me in assuring the friends of Crater Lake that the bill carrying with it an appropriation of \$75,000 for Crater Lake will be enacted before the middle of next May.

Big Basin New Mill Site is One of Best on Upper Lake

Johnson Tells of Plans of Big Lumber Concern. Band Saw Will Replace Rotary Now in Use. Available Water Front Has a Great Capacity for Logs

"I believe we have the best mill site on the Upper Lake," said R. A. Johnson, general manager of the Big Basin Lumber company, today, speaking of the plans of the company for the removal of their West Side mill. The company has secured property surrounding the site of the Long Lake mill, and has 1,000 feet of water front

and a 1,200 foot loading track, which will accommodate twenty-five cars at one time. The company will operate the West Side mill in its present location this summer, and it is figured that by fall the balance of the timber owned by the company near Keno will be cleaned up. The mill is to be moved this fall, and when rebuilt on the new site

on the Upper Lake, will be remodeled and improved. A band saw will replace the rotary now in use, and other modern machinery installed. The company already owns a box factory on the Shippington site, and a planing mill is to be erected. It is estimated that the water front affords sufficient room to easily hold 10,000,000 feet of logs.

Colonel Wilkins is Seeking Place on 'Frisco Fair Board

Local Democrat May be Appointed to Help Spend the \$75,000 Appropriated by Oregon Legislature for an Exhibit at the Panama-Pacific Exposition

Colonel M. G. Wilkins of this city may be appointed one of the commissioners to have charge of the exhibit of the state of Oregon at the Panama Pacific Exposition in San Francisco in 1915. There are five commissioners to be appointed, and it is expected that two of these will be from Eastern Oregon. The legislature made an appropriation of \$175,000 for the Oregon building and exhibit at San Francisco fair, and this is to be handled by a commission of five members. This commission is to be appointed by a board consisting of the governor, the secretary of state, state treasurer, president of the senate and speaker of the house. Colonel Wilkins has filed his petition with the members of the board, and has been working industriously for some time in securing endorsements from prominent people of the county as well as from other parts of the state. It does not appear that there will be any other candidate for the honor from this section, so Mr. Wilkins should stand a good show of securing the appointment.

Educational Bills Are Legislative Favorites

Fourteen Measures Affecting School Children are Passed by the Last Session of the Legislature

Fifteen bills effecting educational matters were passed at the session of the legislature just closed. They are as follows: (1)—To allow districts to have free text books, to be decided by the vote of the district.

(2)—To make Lincoln's birthday a holiday and requiring that the schools remain in session and hold proper exercises on that day. (3)—To provide that after June 1914, an applicant for a teacher's certificate.

Criminal Cases to be Started in the Morning

State Against Marcho Will be First Case Called. Defendant is Accused of Selling Other's Steer

Judge Benson will take up tomorrow the trial of criminal cases. In the morning the case of the state against W. H. Marcho will be called. Marcho is charged with having sold a steer to which he did not have title. He was indicted at the last session of the grand jury, and is now out on bonds. Fred Mills is his attorney. This morning Judge Benson granted a motion for a continuance until the June term of the case of Hunsaker. This action with the assurance that another case would be settled out of court, but the criminal cases will be called.
