WAIST SPECIALS

Fully four hundred new waists have been received the past ten days, and for tomorrow you may choose from a large assortment at less than regular values. You will find a number of excellent styles priced at \$1.29, values some stores would consider remarkably good at \$2.00.

\$1.50 Special

Don't fail to see the new waists in all the leading styles of today, including All Pure Linen; also Hand-Embroidered Voiles, White and Colors, that will be offered tomorrow as a special inducement for Easter shoppers at the low price of \$1.50.

\$3.90 for Silk Waists worth \$5.00

Compare the Silk Waists we have to offer you at \$3.90 tomorrow with others you will be asked \$5.00 for in other stores. Note carefully the class of workmanship, the new and attractive styles, and we'll venture to say that you won't be long in deciding that this is the one place in Klamath County to buy your new Waist.

Silk Petticoat Special

Forty-three new Silk Petticoats just received from New York City, most any shade you would desire, and at our regular low price of \$2.90 each are excellent values, but for tomorrow only you may choose from the lot, and as many as you want, at the low price of each \$2.50.

New Skirts, New Coats and New Dresses received yesterday, values that should and will appeal to you when taking into consideration that they are every one a New, Nineteen-Thirteen Style, and that you could not find better values or more up-to-date styles in New York City.

NEW EASTER MILLINERY HERE

Your Easter Hat can be bought here with the same assurance of style you would get in any city store, and, as usual, you won't have to pay as much by fifty per cent as you would when buying from an exclusive millinery store.

Remember, don't fail to visit the store tomorrow. Take your time and look through the many departments. You will find a larger assortment of dry goods than usual, and you'll find the prices no higher, in many instances less than heretofore.

SCHOOL DEBATE FINAL MAY 8

KLAMATH FALLS, NORTH BEND, ST. JOHNS AND SPRINGFIELD ARE STILL IN THE RUNNING FOR HONORS

EUGENE, March 30.—Under the stewardship of R. W. Prescott, assistant instructor in public speaking at the University of Oregon, the final contest of the Oregon High School Debate League, at which the championship of the state is to be decided, will be held at Eugene Thursday evening, May 8th. This championship contest will be one of the features of the program of Junior week end. All the gala days at the University have been placed in the Junior week, which is annually scheduled for the middle of May. Baseball games, an intercollegiate track meet with the University of Washington, and one in which the teams from all the high schools of the state participate, are among the events of this spring.

Heretofore the preliminary debates in the Oregon High School Debate League have lasted until late in May, and prevented the holding of the final contest during Junior week. This year all but the semi-final debates have been held all ready. The last preliminaries will be held at North Bend and Springfield early in April. They will be between Klamath Falls of the Southern Oregon district, and North Bend of the Coos Bay district, and St. Johns and Springfield of the Columbia River and Willamette Valley districts respectively.

The winners of these contests will fight for the state championship in the final debate at the university. They have shown themselves to be the best of the thirty-five high school teams entered in the league.

The Oregon State High School Debate League was founded through the efforts of Professor De Cou, head of the department of mathematics at the University of Oregon, five years ago. The schools winning the state championship have been as follows: Lebanon in 1908; Grants Pass in 1909; Pendleton in 1910 and Albany in 1911. A handsome cup is given to the state championship team.
