### REBELS HOLD UP TRAIN, KILL SIX AND TAKE MONEY

BULLION OWNED BY AMERICAN MINING COMPANY

Two Express Messengers and Six Passengers Killed in Fight to Get Possession of the Express Car—Seven Hundred Troops Under Pancho Villa Conducted the Raid on the Passenger Train

United Press Service  
CHIHUAHUA, April 11.—Led by General Pancho Villa, a force of 700 constitutionalists today held up a passenger train on the Mexican and North-eastern railroad, near San Andres.

Two express messengers and six passengers were killed during the fight for possession of the express car. The rebels took 122 bars of gold bullion from the train. This was the property of the Dolores Mining company, and was being shipped out of the country.

Naco Harassed  
United Press Service

### European Dancer Returns Disgusted

La Napierkowska, the European dancer, who has interested many persons in New York who love that kind of dancing, has gone back to Paris disgusted with the people of the United States. Madame did not have sufficient clothing during her dance at a New York theater to satisfy the bluecoat who saw her. She was hauled off to court. But there a magistrate who had a greater eye than the bluecoat for the artistic, let her go. The feelings of the dancer, however, were so badly hurt that she at once announced that she would no longer dance for the Americans. The humiliation for an "artist" to be dragged into court on such a charge was more than she could stand.

### KLAMATH RED KEEPS FAITH WITH COURT

WILLIAM MOORE HAS HUGH HOUGH THERE ON TIME

Friend of Confessed Bootlegger Asked Latter's Release, Promising to Have Him in Court When Wanted. Pair Arrived in Portland This Morning, With Hough in Handcuffs.

United Press Service  
PORTLAND, April 11.—William Moore, an influential Indian from the Klamath Reservation, kept his promise to produce the man in the federal district court when wanted, by appearing before Federal District Attorney Johnson this afternoon with Hugh Hough, a confessed Indian bootlegger.

The man was sentenced to serve nine months on McNell's Island and pay a fine of \$200.

Hough was brought to this city from Red Bluff, Calif., by Moore, and he was fettered with leg irons and handcuffs. Both were exhausted. Some time ago, Hough asked to be released from prison in order to attend to some business interests. Moore promised the court that he would see that Hough would be in court when wanted.

Although Moore made no comment today, it is believed that Hough was attempting to escape, when he was apprehended by Moore. The utter exhaustion of both men and the iron on Hough indicate that there were repeated struggles.

Hugh Hough, referred to in the foregoing, has figured in a number of escapades on the Klamath reservation. He was arrested some time ago on a charge of introducing whiskey on the reservation, and he entered a plea of guilty.

The home was one of the finest country places in England. In connection with attacks of this kind Mrs Emmeline Pankhurst, leader of the suffragettes, who admitted she had counselled this course in connection with attacks on other property, was sentenced to three years' penal servitude on April 24.

### FAILURE TO PAY CITY TAXES IS TROUBLE CAUSE

CALIFORNIA-OREGON POWER CO. IN LIMELIGHT

Visit of Legal Representative of Concern From San Francisco Arouses Much Speculation as to His Object. Property of the Company May Be Seized Upon if Settlement is Not Made

Has the California-Oregon company a franchise to operate in the city of Klamath Falls?

This is a question concerning which there appears to be some dispute. A. J. Roseburg, San Francisco attorney for the company, declared this afternoon that the company has a franchise which provides that a portion of the profits of the company shall be returned to the city in the shape of current.

An examination of the city records fails to show that the company has ever made any return to the city, and it is impossible to find in the records where the company has any franchise at all.

Mr. Roseburg's visit to Klamath Falls at this time is more or less a mystery. It is believed, however, that he came in order to attempt to devise some way by which the trouble between the county and the company relating to taxes might be settled.

It appears that the power company has neglected for some time to pay its taxes, as other concerns doing business here are required to do, and the problem now confronting the company is to get out of paying anything at all.

It has been threatened that unless the company speedily pays the taxes due, particularly the school tax, the law will be allowed to take its course and the property of the power company will be levied upon, just as would be the case if the offender were an ordinary citizen.

Mr. Roseburg arrived in the city last night, and since has been in almost constant consultation with the local attorney for the lighting combine.

George Keefe and wife returned to their ranch near Midland Thursday afternoon, after a visit in the county seat.

### Anderson Again is Favorite in Wagers

Northern Lightweight Will be on the Long End of Bets as to Result of Mix With Kayo Brown

By JAY DAVIDSON  
LOS ANGELES, April 11.—Bud Anderson is fast developing into a very robust favorite over Kayo Brown for their return match Tuesday night of next week, and indications are favorable for a lopsided set of odds by the time they enter the ring to finish the job they started last month, but did not complete. General opinion among the fans is that Anderson was shy of condition, stale or overworked, and therefore was unable to put the finishing touches onto the German from the Atlantic shores. The nice rest the Medford citizen has enjoyed since that battle, and the manner in which Manager Donald is

going about the task of preparing him for a better battle next week have impressed the observing fans to a considerable degree, and as a rule Anderson is credited with being a logical and legitimate favorite. That he will be in better condition, probably the best of his career, next Tuesday night appears certain.

Anderson has been hitting up a healthy lick in training this week, and will keep it up until next Monday. Six days is sufficient for him to whip himself into condition, says Donald, and that is all he will do. Perfect condition and a knowledge of Brown's tactics gained in their first fight, should

### Democratic Caucus is Thorough in its Work

Consideration of the Tariff Revision Measure Continues Very Slowly. Metal Schedule is Up Today

United Press Service  
WASHINGTON, D. C., April 11.—The consideration of the tariff revision bill by the caucus of the democratic members of the house of representatives is to be thorough, according to the leaders. So far only twenty-six of the 217 pages of the measure have been considered.

The caucus, which is in session several days, will probably continue all of next week.

Today the caucus took up the discussion of the metal schedule under the new bill. This cuts heavily into the former duties, and includes all metal ware.

Backers of the low tariff principle are resisting every effort to revise this portion of the measure.

### LaFollette Says Wilson Has Been Duped by Wall Street

"Battle Born" Signed Article Bewails the Appointment of Williams as Assistant to Head of Treasury, Calling Him Tool of Interests, Misrepresented

MADISON, April 11.—Editorial in La Follette's paper bewails the appointment of Robert Williams as assistant to the head of the treasury department. The fact that Robert Dooley of Virginia was not named for the position given to Williams is lamented by La Follette in his editorial. The article concludes with the following: "Williams has qualifications which would be recognized anywhere on Wall street as admirably fitting him for the position. "It is believed that the president has been imposed upon in this instance. Let him beware. The special interests never sleep!"
