"CALIFORNIA IS FOR WHITE RACE"—KENT

CALIFORNIA CONGRESSMAN ANALYZES PEOPLE'S VIEWPOINT

California Congressman Analyzes People's Viewpoint... says Japanese is less an economic value than the Chinaman...

United Press Service

WASHINGTON, D. C., April 17.—The following interview regarding the proposed anti-alien land law in California was given out today by Congressman Kent:

"The Chinese exclusion bill was based upon social and economic reasons. He kept out white labor by working at a lower wage, and thus demoralized the social status."

"The same objection applies to the Japanese coolie. He is much less valuable as an economic quantity than the Chinaman, while from the social attitude he is much more offensive."

"California, thus far is a white man's country. It is the intention of the people of California to keep it so. It is curious, the way the Japanese persistently deny that the race"

NO KONSTABLE IN THE VILLAGE

No protection for Klamath Falls people—save the sheriff's deputies and the police department—no process server for strong arm of the law for Linkville district.

This is the state of affairs brought about today by the resignation of William Snow as constable of the local justice district. Snow was elected at the November polling, and was elected on the socialist ticket.

As yet no successor has been named for Snow's vacated position. Until an appointment is made a deputy sheriff will attend to the constabulary duties.

Mrs. W. L. Albright, wife of one of the owners of the Mickler & Albright ranch, left Wednesday for a visit in San Francisco.

John Matney was among the Klamath county farmers who visited the county seat Wednesday. He has a ranch near White Lake.

R. C. Hamaker and Dan Driscoll, well known residents of Bly, will return home tomorrow, after an extended visit here.

MRS. ZINK NOT IN THE FIGHT

PETITION OF WOMAN CANDIDATE FROM FOURTH WARD IS NOT ACCEPTED BY CITY RECORDER LEAVITT

Holding that he can find nothing in either the city charter or state election laws sustaining their viewpoint, City Recorder A. L. Leavitt has returned to the socialist local their petition, asking that Mrs. Maude Zink's name be placed on the municipal ticket as a candidate for the council from the Fourth ward.

This seems to eliminate the only woman candidate, and the only avowed socialist candidate in the field. Ben S. Owens is left unopposed for a second term of office.

The petition was filed by the socialists under a provision of the state election laws, which, they hold, entitles them to nominate a candidate by convention.

PONTIFF SHOWS SIGNS OF MUCH IMPROVEMENT

PAPA GROWS MORE CHEERFUL. VITALITY IS AMAZING

After Closely Approaching the Portal of Death, the Aged Pontiff Revives, and Physicians Now Say That It is Impossible to Foretell His Condition for the Next Twenty-Four Hours.

United Press Service

ROME, April 17.—The pope is a great deal more cheerful today than he has been at any time since his first relapse. His vitality is astonishing.

The government this afternoon made a direct demand for a true statement of the pope's condition, intimating that the outer world has been, to a greater or less degree, kept in ignorance of the true state of affairs existing within the Vatican.

The physicians replied that it was impossible to forecast what the next twenty-four hours would bring, but that this afternoon the pope seemed to be in a better shape than at any time within the last sixty hours.

Heavy hypodermic injections are being administered to stimulate the action of the heart.

Friday Ready to Leave

NEW YORK, April 17.—Senator Charles McNary said today that he is ready to call for home when informed of the death of Pope Pius X. He also said that he had received no direct messages from the Vatican regarding the condition of the pope, but was depending upon the newspapers.

Might Live Another Week

ROME, April 17.—Dycentory cannot last night's crisis in the pope's condition. This has continued this morning to a lesser degree. The physicians admitted this afternoon that they feared exhaustion would kill the pope, but they admitted that he might live for a week.

BEAST-MAN TO BE HUNTED OUT

RIGHTY KILLING BY MAN RURNING AMUCK IN WASHINGTON AROUSES THE ENTIRE COUNTRY-SIDE TO ACTION

MONTESANO, Wash., April 18.—The killing of Louis Blair and Charles Lathrop in the Wynooch wilderness by John Turnow, the "beast man," who is terrorizing that section, brings the list of his victims to eight.

The countryside is thoroughly aroused at the depredations of the wild man, and Sheriff Matthews and a posse left this morning with the avowed intention of continuing their hunt until Turnow is killed or captured. Deputy Sheriff Quinby engaged in battle with Turnow late last night, but was unable to effect a capture.

Hawxhurst Loses in Supreme Court Case

Circuit Judge Benson is Again Sustained by Higher Tribunal. Action to Recover a Meat Bill

The supreme court of Oregon has affirmed the ruling of the local circuit court in the action of J. W. Hawxhurst against the Meadow Lake Lumber company. Interested attorneys have just received word from Salem that the appellant was unable to secure a reversal of the decision. The case was commenced in the circuit court by Mr. Hawxhurst to recover for certain meat alleged to have been purchased by the lumber concern, while Hawxhurst was conducting a meat market in this city.

At the trial it was brought out the meat had actually been delivered by the Klamath Falls Timber and Logging company, but had been charged to the Meadow Lake Lumber company. Judge Benson, who heard the case, held that the evidence showing this transaction was not sufficient to bind the corporation that had been sued. Hawxhurst then appealed to the supreme court, and that court has just sustained the lower court. F. Stone was attorney for the lumber company.
