### BENSON GOES TO LAKEVIEW SOON

ADJOURNED SESSION WILL BE STARTED MAY 5—REGULAR MAY TERM FOR LAKE COUNTY OPENS MAY 12TH.

Circuit Judge Benson is busily delving into authorities cited by attorneys in cases that he has taken under advisement, and he will dispose of several actions before his departure for Lakeview, to hold the May term of the circuit court in that city.

Judge Benson and Court Reporter Richardson will leave on May 2 or 3. On May 5, a number of cases adjourned from the last term will be disposed of, and on May 12th the regular term of court will open.

There are a number of important cases pending in Lake county.

Held for Insanity Peter Ziegler, a farm hand who has been employed at the Ross Sutton ranch for a short time, was brought to this city Thursday by Sheriff Low and Deputy Sheriff Brewbaker, to be examined as to his sanity. Ziegler is 55 or 60 years old, and came to this section from Nevada.

Hardly had the office boy arrived to sweep out the Herald office this morning when a bundle of clothing arrived for the family in need mentioned in Thursday's Herald.

Several telephoned to the office that they had donations ready for the city officials to deliver.

### HIGH SCHOOL TO PLAY BASEBALL

PRACTICE GAME WILL BE PLAYED TOMORROW MORNING WITH "MINNY" O'CONNELL'S PIRATE CREW

After an absence of two years, the baseball bug made another appearance at the Klamath county high school this spring, and he has been so active in inculcating the students that plans are already under way for a team, and the prospects of this or that aspirant for a berth on the nine has hogged the entire conversation of the students of male persuasion.

Merrill and Bonanza will be met, say the H. S. boys, and it is possible that a trip will be taken to Fort Klamath and the Klamath Agency. It may be arranged to play outside high school teams.

Among those trying for places on the contingent are Messer, Orem, Hurn, Feese, Haines, Boiler, McClure, Noel, Motchenbacher, Carter, Skelton, McCornack, Riggs, Nail, Case and Piel. M. A. McCall will coach the squad.

A short tryout was held last night, and some snappy work was shown. To determine who will be on the nine a practice game will be played tomorrow with a Yankian aggregation banded together by Maurice O'Connell.

George C. Clark is here from Algoma, where he has charge of the extensive construction work of the Algoma Lumber company.

### EULALONA TRIBE GETS "SOAKED"

HIGH SCHOOL GIRLS' HIKING CLUB CAUGHT IN A SUDDEN DOWNPOUR, SEEK REFUGE IN OLD SHANTY

Many were caught without umbrellas, rubbers and raincoats by the sudden rain Thursday afternoon, and many ladies, who had donned summer hats and party raiment were marooned far from home until the force of the storm passed, but the worst experience was that of the Eulalona Tribe, a club composed of high school girls with E. P. Weston proclivities. They were caught by the storm far from home, and were compelled to seek shelter in a deserted shack.

The club, chaperoned by members of the high school faculty and armed with provisions, sallied forth early yesterday afternoon for a tramp along Upper Lake, traversing the sparsely settled West Side region. They had stepped off several miles when the storm broke.

The force of the downpour made it necessary for the fair pedestrians, who, unfortunately, did not equip themselves with boots and slickers, to seek shelter, and the fighting of a deserted shanty was the occasion for a general scurrying through the mud in the direction of the structure. Here Eulalona Tribe held council, passed resolutions condemning such sudden atmospheric changes, and prepared supper. After the rain ceased, the undaunted hikers waded back to town through a sea of mud.

Sheriff Low and Deputy Sheriff Brewbaker, who went to the Sutton ranch in an open automobile for a man supposed to be demented, were caught by the rain, and their haste to get home to dry clothes resulted in many perilous skiddings.

SAN QUENTIN, April 19.—Warden Hoyle is leading a rigid search of San Quentin prison for 100 sticks of dynamite that have been stolen from the powder magazine. No trace has been found.

Hoyle says he does not believe anyone in the prison stole the powder, but he is making the search as a precaution to avoid an explosion.

### Speaker's Daughter is a Student

Miss Genevieve Clark, daughter of the speaker of the house of representatives, will sail for Europe in a few days to study government there, she says. Mrs. George Harvey, wife of the New York publisher will chaperone her. Miss Clark, though less than 18 years of age at the time of the Baltimore convention, was one of her father's most ardent champions in his ambition to be the democratic nominee for president. At one time she demanded of his managers that they send to Washington for him. She believed he would have stamped the convention at the moment.

Early Arant was in Thursday from the Arant ranch at Pine Grove, purchasing supplies.

ROME, April 19.—Pope Pius X slept well last night, except for an occasional fit of coughing.

At noon he chatted with his brothers and sisters for some time, and took nourishment. He is feeling cheerful, and asked permission to arise, which, of course, was denied.

The doctors say it will be a week before the danger is passed, but they are much discouraged.

### AMERICANS ARE BEING CLOSELY GUARDED TODAY

MINISTERS TELEGRAPH THAT THE SITUATION IS ALARMING

SENATOR SANFORD WANTS THEM INFORMED THAT CALIFORNIA CAN ATTEND TO ITS OWN AFFAIRS, WITHOUT HELP

Secretary Bryan is in Close Touch With Both Japan and California. President Wilson Will Confer With Congressman Baker Tomorrow Regarding the Text of the Bills Pending in California Legislature

United Press Service TOKYO, April 19.—The anti-American sentiment is growing at an alarming rate throughout the empire. This follows the announcement that the California legislature is about to pass the anti-alien land law.

Count Okuma is greatly alarmed at the situation. He announced that it may be impossible to prevent war, should the measure pass in California. (Continued on Page 4)

### Wilson Wants a New Ambassador in Japan

Secretary Lane Believes Measure Will Pass and Oregon and Washington Will Follow the Lead

WASHINGTON, D. C., April 19.—On account of the present situation arising in the relations of this country and Japan, President Wilson is anxious to send to Tokio an American ambassador who can be depended upon to carry out the wishes of the democratic administration.

The president expects the California legislature to pass the anti-alien land bill. As this is sure to make Americans most unpopular throughout the Nipponese empire, Wilson wants a man there who is thoroughly capable of handling a most delicate situation.

Franklyn K. Lane, secretary of the interior, who is a native of California, told Baron Yasuya Uchida, the Japanese ambassador extraordinary today that he is confident that the measure objectionable to Japanese will be adopted in California.

He also stated that he expects Oregon and Washington to copy the legislation.

Ex-Mayor Guthrie of Pittsburg has been suggested to Wilson as the man to handle the Japanese situation. No action has yet been taken toward an appointment by the president.

### Petitions for the Recall of Worden Are in Circulation

Following a Canvass of the City, it is the Intention of Those Behind the Movement to Circulate Petition Throughout the County. Secrecy Maintained

Petitions are being circulated for the recall of County Judge Will Worden. Thursday the petition was passed around in this city, and it is the intention by those who favor the movement to start work among the farmers throughout the county before making a persistent campaign in Klamath Falls.

county clerk, asking him to call a special election. Parties back of the movement state that they only desire to give the people of the county an opportunity to express themselves as to whether or not they are satisfied with the management of the county business by the present county judge.

There is much secrecy attached to the circulation of the petitions in town, and inquiries among interested parties as to the charges made in the request for the recall do not receive satisfactory answers.

As the attack on the county court has always been along the line of reckless handling of the county's finances, and the building of the court house, it is safe to conjecture that these two features predominate the recital of the alleged wrong doings of Judge Worden.

### Mexican and Japanese Ambassadors Resign

Delicate Relations With Two Foreign Nations Rendered More Complicated for the President

WASHINGTON, D. C., April 19.—American difficulties with Japan and Mexico have become even more complicated, because only temporary officials are in charge of the embassies.

Lars Anderson, who has been the ambassador to Japan, has returned from that empire, and he is in Washington today.

Ambassador Wilson of Mexico has tendered his resignation to President Wilson. No successor has been named in either case.

The anti-American agitation in Japan is causing some concern in the capital, but President Wilson insists that California is privileged to enact whatever legislation the state desires.

### Going After Ankeny Ditch Matter Again

Another effort is being made by the citizens of Klamath Falls to have the Ankeny ditch closed and filled before the summer advances, and a petition is being circulated asking the council to take action at once.

The petition is being freely signed. In it there are several suggestions that might tend to expedite the work. Following is the wording of the paper: "We, the undersigned residents and taxpayers of the city of Klamath Falls, respectfully petition your honorable body to take prompt action toward closing and filling up the nuisance commonly known as the Ankeny canal."
