JAPAN IGNORES CLAMORINGS OF STREET BATTLE

GOVERNMENT TAKES VIEW THAT WAR IS IMPOSSIBLE

Newspapers Take a Decided Stand With the Executive, Expressing an Opinion That the California Measure, if Passed, Will Not Be Rigorously Enforced—Street Demonstrations Continue in Tokio

United Press Service

TOKIO, April 9.—Despite the persistent clamor for war on the part of the frenzied people, the government has taken a conservative stand in the matter of the passage of the anti-alien land measure in California, supposed to aim particularly at Japanese.

The official view of the matter is that if the measure does succeed in passing the California legislature, it will not be strictly enforced.

Street meetings continue throughout the capital. Police and soldiers are keeping a watch on these gatherings.

George Deal is in from his Langell Valley home this afternoon. Mrs. Deal, who is in the Blackburn hospital, is rapidly recovering, and it is expected that she will soon be able to return home.

A TRIBUTE TO THE DEPARTED

OLD KLAMATH RESIDENT TELLS OF THE UPHILL FIGHT OF KENO MERCHANT WHO HAS JUST PASSED AWAY

By ROBERT A. KEMMITT

Henry L. Smith of Keno, Oregon, was born in Maine on August 30, 1856, and died April 14, 1913, being 56 years 7 months and 24 days old at the time of his death.

When a small boy he, together with his parents, moved to Siskiyou county, California, at a time when pioneer life, ruffianism and lawlessness was the rule, rather than the exception, and yet, with all the coarse and rough surroundings of society he developed into manhood with such force of character as made him one of the most honored and respected citizens.

About thirty years ago he removed to Keno, where he has maintained a residence, and from which time he has been my intimate personal and confidential friend. He has been in my employ, and I have been in his; always fair, just and prudent. I have known him in prosperity and in adversity, ever retaining that same even temperament.

He was my friend, and I was his friend, in truth and spirit.

About fifteen years ago he became totally blind, which affliction he bore with marked patience and cheerfulness unknown to others.

While attending the blind school at Salem, Oregon, he made the acquaintance of Miss Sadie B. Bristol, who was also blind, and in 1893 they were married at his house. To this union one son was born, who still survives. They were generally familiar and pleasantly known as the blind couple of Keno. Usually in such cases of blindness, the aid of charity is asked for and expected, but to the contrary, they were successful in business, and the family is fairly well provided for financially. His clear insight foretold of his early passing, and consequent settlement of all his business affairs to the satisfaction of relatives and family. In all my intimate associations with him, never a word of reproach, in my hearing, against a single individual, not even under the most adverse circumstances.

A warm hearted, tender, kind and indulgent father and husband; a generous, upright, public spirited citizen, grateful to his Creator, faithful to his country and loyal to his friends.

It is to be hoped that Providence and the people will be kind to his relatives, his brother, his wife and widow, his son and orphan, and that all, both relatives and friends, in their bereavement, will remember that Providence has decreed that all living beings must pass away and sink submissively into the will of that power that "knoweth and doeth all things well." May he rest in peace.

PEOPLE DEMAND LAND LAW, SAY LEGISLATORS

SANFORD SAYS DEMS ARE FULL OF URGING LETTERS

Protests That Are Coming in Will Be of No Avail, According to Leaders, Who Believe People Will Resort to the Initiative Process, Should the Legislature "Lay Down" on Pending Measure

United Press Service

SACRAMENTO, April 19.—The protests against the anti-alien land laws will not have any weight with the lawmakers, according to every opinion who will discuss the pending legislation.

Not one of these will admit that he will oppose the bill. They say that the people generally demand the measure, and that they will resort to the initiative in order to pass the law, should the legislature become supine.

According to Senator Sanford, the desks of all the members of the legislature are filled with demands for the passage of the exclusion bill.

"These demands come from every class in the state, and we are not going to act contrary to their wishes," said Sanford.

It is believed that action on the measure will be taken Monday.

PRACTICE DRILL OF ODD FELLOWS

TEAM FOR MEDFORD WILL MEET TOMORROW AFTERNOON TO PRACTICE MANEUVERS UNDER NEW CAPTAIN

F., will be unable to continue with the practice of the team owing to his being employed at night in the power house of the California-Oregon Power company, Captain Fell was last night chosen to take charge of the team to complete its preparation for the exhibition drill to be put on before the Grand Lodge at Medford in May.

Captain Fell has called a meeting for 2 o'clock tomorrow afternoon, and desires all interested, whether members of the team or not, to be on hand at Odd Fellows hall promptly at that hour. It will be necessary to begin the work promptly in order to accomplish anything, and the captain respectfully requests all to remember the hour, 2 o'clock, sharp.

Two New Congressmen to Make Names for Themselves

Stanley Bowdle of Cincinnati, the man who beat Nicholas Longworth, son-in-law of former President Roosevelt, in the race for congress last fall, is expected to become more famous than his predecessor. He can talk and he has a fine line of humor which is likely to convulse the house at times.

"Heaven scaped Nick Longworth," said he on the stump, referring to the bald head of his opponent, "but I am going to skin him."

He won—largely with his humor. His friends say he will soon become one of the most popular men of the house.

Peter Goetz Gerry, the new member of the house from Rhode Island, is one of the wealthiest men in congress. He is also a representative of New York, Newport and Washington society. Gerry is said to be a young man of ability. Mrs. Gerry was Miss Mathilda Townsend, daughter of Mrs. Townsend of Washington, one of the leaders of society in the national capital.

WAR SCARE NOT BOTHERING MR. WILSON AT ALL

PRESIDENT HOLDS THE STATE'S RIGHT SUPREMACY

No Action Will Be Taken in the Anti-Alien Legislation Matter Until the President Learns That the State is Exceeding Her Rights—In Dismissing the Matter With California Congress Members Today

United Press Service

WASHINGTON, D. C., April 19.—The state's rights are supreme.

This is the position taken by President Wilson in regard to the anti-alien land legislation pending in California legislature, but he hopes to avoid an open break with Japan.

The president saw no visitors today. Even Bryan was excluded. He devoted the greater part of the day to the matter.

No fear of war is felt here, but Wilson is determined there will be no mistakes.

The anti-American agitation in Japan and the agitation here and abroad will not cause President Wilson to admit that there is any existing reason for a Japanese war scare.

This was emphasized by the executive today when he decided to meet a delegation of Californians, who are here to "explore" their reasons for wanting the land bill passed.

Wilson is also keeping in touch with developments in Tokio and Sacramento. The state department has been instructed to watch closely all meetings in Japan having any bearing on the matter.

Wilson has agreed to outline his position to Baker of the California congressional delegation. He deprecates the war scare attempt.

From the trend of Wilson's talk on the matter it is certain that he will not interfere with the legislation of the Sacramento lawmakers until he is thoroughly satisfied that the proposed laws are in violation of the federal constitution.

He firmly believes in the doctrine of state rights, and has asked the Californians to hurry through the pending legislation, so he can decide at once whether or not he should repudiate them.

Abel A. J. is here from Midland attending to business matters.

BRYAN ASKS FOR CHANGE

TELEGRAPHS GOVERNOR JOHNSON OF CALIFORNIA ASKING THAT "INELIGIBLE" BE OUT FROM THE BILL

United Press Service

SACRAMENTO, April 19.—Secretary of State Bryan telegraphed to Governor Hiram Johnson today, asking that the words "ineligible to citizenship" be not included in the land law. This, he says, is urged by President Wilson.

The telegram was read in the legislature, and ordered printed in the Journal. No comment was made.

Governor Johnson refused to make any statement regarding the telegram other than that he had not answered it as yet.

Shaft Beats the Life Out of a Millhand

Miller at Algoma Sawmill Catches His Clothes in Revolving Shaft and Dies Shortly Afterwards

(Special Correspondence)

ALGOMA, April 19.—Getting his clothing caught in a revolving shaft at the plant of the Algoma Lumber company this morning, B. A. Dodson, aged 60 years, was whirled about the shaft until his clothing was torn from his body, and he sustained injuries that resulted in his death.

As a result of his terrible experience, Dodson's back was broken, and one side was horribly mangled. The accident occurred about 7:30 this morning, and Doctors Truax and Taylor came up from Klamath Falls two

hours later. Dodson died shortly after their arrival.

Nobody saw the accident. Dodson, prior to his death, stated that he attempted to go under the shafting by stooping when his clothes caught. He stated that the company could not be held responsible for the accident.

The remains will be shipped to Klamath Falls for preparation by Coroner Whitlock. They will then be sent to Hornbrook for burial.

Dodson had been working at the lumber mill for two weeks. He is survived by a daughter and a son, both of whom live here.

May Sue District Attorney on Breach of Faith Charge

Sisson Attorney, Formerly Judge in California, Comes Here in Answer to Telegraphic Summons. Has Not Agreed to Take the Case as Yet

Holding that District Attorney John Irwin acted in bad faith with them while connected with an action appealed to the supreme court, Chas. Donart and B. S. Grimsby are said to be considering bringing suit against Irwin to recover for breach of faith. Should they succeed, it is said that they may bring further charges against the attorney, and seek his disbarment.

Judge Henry McGuinness, a well member of the California bar, and formerly on the bench in that state, arrived here Friday from Sisson. He frankly admits that he was summoned by telegraph to consider bringing action against Irwin. Further than that Judge McGuinness refused to discuss the matter.

"I have not been retained as yet," he said, "and for that reason I do

not think that I can talk about the action."

The matter is said to have originated in the suit of Rauch and Stewart against Donart for the possession of a building occupied by Donart as a pool room. The matter was appealed to the supreme court, and it is held that Irwin acted in bad faith with the complainants in regard to the appeal bond.
