## AMERICAN BORN JAPS WANT VOTE

**SACRAMENTO HEALTH OFFICER  
SAYS NIPPONESE PARENTS  
ARE MOST PROMPT OF ALL IN  
FILING BIRTH CERTIFICATES**

SACRAMENTO, April 30.—The  
concern of Japanese parents that the  
citizenship of their American born  
child shall not be subject to attack  
in the future is evidenced in the fact  
that they do not delay a day in filing  
their birth certificates with the proper  
authorities, according to Dr. W. K.  
Lindsay, city health officer of Sacra-  
mento.

"Other foreigners are more or less  
late in this regard," said Dr. Lindsay  
today, "but not the Japanese. They  
do not have to be encouraged or re-  
minded of this safeguard, but appear  
at this office within a few hours after  
the birth of children."

Dr. Lindsay further declared that  
the birth rate of Japanese was great-  
ly increasing, and materially outnum-  
bering that of any other alien race in  
this district.

## Marla Tom, Gypsy, 108 Years of Age

ATLANTA, Ga., April 30.—One  
hundred and eight years of life have  
weathered up from the pipe of Marla  
Tom, ancient of ancients among the  
gypsy tribes. If the pipe escapes  
breaking she can see no obstacle to in-  
definite life. She is engaged now upon  
smoking herself into as many years  
as the prophet lived. She gives  
Madame Nicotine full credit for her  
longevity, and advises all women who  
would be young when they are old to  
woo the subtle goddess of tobacco.

Marla Tom is 108 years old by the  
records of her tribe. She seems  
scarcely more than sixty, with her  
smooth face and quiet eyes. She is  
the ancient mother of the tribe, and  
an oracle to whom all give heed. She  
tells the fortunes of the young men  
and the maidens when the tribe  
pitches its tents to rest and trade  
horses. She will even consent to  
counsel outsiders if the itching of her  
palm is quieted with silver before she  
speaks her words of wisdom.

And after all the gist of her advice  
is to smoke a pipe. Her long life,  
she firmly believes, has come from  
the mellow briar that is constantly  
between her teeth. Her advice to  
girls who prefer long life to delicate  
complexion is to smoke. The pipe is  
the thing. No cigars or cigarettes  
for her. Keep a pipe constantly be-  
tween your lips, counsels Marla Tom,  
and your years may well be long in  
the land which has been given you.  
She intends to live as long as her  
pipe endures.

The camp to which Marla Tom be-  
long is no different from any other  
gypsy camp. It will spend an idle  
week or two in Georgia, swapping  
horror stories, telling wondrous fortunes  
and then set forth again, perhaps for  
the other side of the world. And the  
ancient woman will travel with the  
caravan, as sturdy on her legs as any  
girl, her pipe in her mouth, capable  
of a hard day's journey or a hard  
day's work, impervious to wind and  
weather, wrapped about in wisdom as  
by a mantle—with all the wisdom of  
all the ages in her young-old eyes.

"I have lived a long time," said  
Marla Tom, "so long that I have al-  
most forgotten the days of my youth.  
I have been in many lands and among  
strange peoples. I have seen genera-  
tions of men come and go. I was an  
old woman before any of these peo-  
ple who are with me had come into  
the world. I am old in years, but  
young in heart. Tobacco has been my  
solace since I was a little girl. I ex-  
pect to live as long as my pipe en-  
dures. I advise all women who would  
live long to smoke. There is more  
comfort in a pipe of tobacco than in  
beauty, which is sure to fade. I, too,  
was pretty when I was young, but I  
left my beauty behind me in the  
years."

wick, Calif., attending to business mat-  
ters.

Mr. and Mrs. Charles J. Swingle  
have gone to Yamhill county, where  
they will visit their daughter.

## MILKING AIDS AT THE FORT

**LIK DAIRY FIRM TO BE EQUIP-  
PED—COX RANCH WILL PRO-  
DUCE THREE THOUSAND TONS  
OF CLOVER HAY THIS YEAR**

(Special Correspondence)  
FORT KLAMATH, April 30.—Ev-  
erything is prosperous in Wood River  
Valley. John Cox has started to seed  
the thousand acres that he broke  
last year with the big power plows.  
Mr. Cox now has about 1,300 acres in  
cultivation, which he expects to seed  
to alsike clover by next year. The  
Cox ranch when well seeded will pro-  
duce about 3,000 tons of clover hay  
each year, in addition to the abun-  
dant of rich pasture.

George Lik is going into the dairy  
business quite extensively. He is in-  
stalling a milking machine to milk 65  
cows this season, and expects to in-  
crease his herd to 100 next year.  
Marion Looney, local agent for the  
Barrell-Lawrence-Kennedy milker, is  
installing the equipment for Mr. Lik.  
The equipment, together with other  
up-to-date barn equipments, is now  
at Chilcote, and the work of install-  
ing will commence at once, and in a  
few days the people of Wood River  
Valley will see the first milking ma-  
chine in Klamath county in opera-  
tion. In a dairy location the milking  
machine is next in importance to the  
creamery. This is among the first to  
be introduced in Klamath county, yet,  
before the season is over, they will be  
in general use.

A large quantity of sawlogs is be-  
ing driven down Wood River to the  
lake. In fact the river is so full of  
logs that navigation is temporarily  
suspended. As there is a large crew  
on the drive it is only a matter of a  
few days until the logs will be in the  
lake and the river clear again.

## ERICKSON KILLS BEAR WITH 'GAT'

**SUPERVISOR OF CRATER LAKE  
FORESTS ENCOUNTERS BEAR  
WHILE DOING TOPOGRAPHIC  
WORK IN WOODS**

ASHLAND, April 30.—Martin L.  
Erickson, supervisor of the Crater  
Lake national forest, has hung up a  
new record for bear killing in this  
section by dispatching a large bear  
with his "six-gun." He has the hide  
as a testimony of his prowess.

Recently Erickson was doing topo-  
graphy work in the neighborhood of  
the Mill Creek ranger station when  
his dog began to bark at a huge snag.  
The dog began to dig, and Erickson  
soon discovered brim at his winter  
nap.

When the dog's barking aroused  
the bear, he stuck his head out of  
the hole and Erickson killed the beast.

## SAGE TEA BEAUTIFULLY DARKENS THE HAIR WHEN FADED AND GRAY

Mixed With Sulphur, Makes the Hair  
Soft, Lustrous and Cures  
Dandruff

The use of Sage and Sulphur for  
restoring faded, gray hair to its nat-  
ural color dates back to grandmoth-  
er's time. She kept her hair beau-  
tifully darkened, glossy and abun-  
dant with a brew of Sage Tea and Sulphur.  
Whenever her hair fell out or turned  
that dull, faded or streaked ap-  
pearance this simple mixture was all-  
sufficient with wonderful effect.

But the brewing at home is out-  
dated and out of date. Nowadays she  
chemists do this better than our  
mothers. By asking at any drugstore for  
ready-to-use product, called "Wyn-  
ette Sage and Sulphur Hair Remedy,"  
she will get a large bottle for about

## New Assistant Sec'y of State

Former Governor John E. Osborne  
has been nominated for assistant sec-  
retary of state to succeed Huntington  
Wilson, who made that office during  
the Taft administration the most im-  
portant in the department under its  
head.

Governor Osborne was born in  
Westport, N. Y., fifty-three years ago.  
At the age of 16 he was apprenticed  
to a druggist in Vermont, and later  
was employed as a surgeon by the Union  
Pacific railroad. Later he engaged in  
raising sheep, and became the largest  
sheep owner in the state. He has been  
a member of the state legislature, a  
mayor of his city, a delegate to sev-  
eral national democratic conventions,  
governor of his state, and in 1899 was  
the free silver candidate for United  
States senator.

Tabular Cream Separator

You'd consider your wife lacked spunk, if  
she didn't kick at washing the ten feet of  
rotting discs, from a single common "bucket  
bowl" cream separator, when she might as well  
be washing the simple, light cleaned in-a-minute

The picture shows all there is to the light, simple, durable,
